**ROCKIN' IN THE SOUTH**  
 A MUSIC CITY WEEKEND

Fellow Hereford Breeders,

It is a pleasure to welcome you to the Nashville, Tennessee area for the third annual "Rockin' In The South" sale. We look forward to meeting those of you who will be joining us again or for the first time for this special day.

The "Rockin' In The South" benchmark is to only offer cattle of superior quality genetics, pedigree, and performance. Each program represented strives to present only their best and know the cattle must excel for the new owners to have continued success. All involved have put lots of time into the genetics, marketing, and care of their cattle. We appreciate each participant's hard work in making this a successful event.

This is an excellent investment opportunity for programs of all magnitudes. You have a rare and valuable chance to invest in young potential donor females with the kind of earning potential we are all seeking. This sale offers diverse genetics, phenotypes, and age groups. We are offering an exceptional set of show heifer prospects, proven donor dams, spring and fall calving pairs, bred heifers, and one select premium young herd sire. The cattle selling have GE-EPDs as we know we must use all tools available to document our cattle for the traits that are so important to our bottom line. Don't overlook the valuable embryo and semen packages that could easily produce your next herd sire or donor dam.

In addition to the sale this year, the offering will also be featuring the dispersal of the Chapman Land and Cattle mature cow herd, selling all females that are solely owned born before August 1, 2022. As we all know, we are experiencing historic and terrific times in the industry, and we felt that it was the wise move to share so many of these proven females with other breeders. We have tremendous confidence in our upcoming crops of two-year-olds, bred heifers, open heifers, and genetics to be born later this year. With our extensive ET program, this will not be a rebuild, but rather a reload.

We are excited to offer superior genetics sired by or mated to recognized proven and popular breed leading A.I. sires being used across North America.

We value each and every one of you as a customer regardless of the dollar amount spent or the number of cattle purchased. A purchase from a fellow breeder no matter the size of the operation comes with the aspiration that your purchase will be a successful high quality breeding piece for your program for years to come.

As always, we appreciate Ryan Chapman and his family for being our host and thank them for all the extra work involved to do so. Thank everyone once again for your interest and hope all will enjoy the hospitality and a fun filled weekend in the Music City area.

Respectfully,  
 John Thomas Woolfolk

- Dark cherry-red cow from our friends at Cottage Hill Farms. 1024 does a lot of things right- good uddered, excellent fleshing ability, and extreme fertility breeding AI every year since she was a heifer.
- Bred to TH Union 528M on 12/10/25 then pasture exposed to TH Union 528M from 1/5/26 through 3/6/26. Safe to the AI with a heifer calf.

Service Sire — TH 66G 2157K Union 528M ET

- This first of a few Red Man daughters in the offering. This female, though moderate in size, is quite hard to pick a hole in. With time and patience, the ceiling for this heifer is extremely high.
- Homozygous Polled

- 95H has been a female that seems unable to miss. A great flusher as well as a super-producer. Very feminine herself with excellent udder and teat quality yet still having the ability to raise tremendous herd-sire prospects. We feel strongly enough about this cow that we are walking a son of her currently, CLC 5J Mentality 40M, that is co-owned with 5J Cattle Co. This female has bred AI every time she has been serviced.
- Flushed 3 times for an average on 9 embryos.
- Pasture exposed to TH Union 528M from 1/5/26 through 3/6/26. Safe to the pasture exposure.
- Homozygous Polled

- Big barreled, clean Master Plan daughter. Great udder and teat to combine a lot of bone and stoutness. This freckle-faced female has been a great donor for us. As an open heifer, she had an actual carcass scan of 7.12 IMF. This female has bred AI every time she has been serviced.
- Flushed 3 times for an average of 7 embryos per flush.
- Pasture exposed to TH Union 528M from 2/10/26 through 3/6/26 then pasture exposed to CLC JTW K016 No Risk 83J 333M from 3/8/26 to 4/15/26. Safe in calf.

- An untraditional footnote. We won't say anything about the animal but the significance of his name. Named after the hit country song "McArthur" in times where family farms/ranches are so hard to keep together the name of this individual speaks volumes of what we think of him. Centuries of agriculture fall victim to parts of families wanting the "payday" for their heritage they decided wasn't their calling. I believe God selects those who tend to his land and animals intentionally. This Bull, like the song does the right things.

- One of the hardest lots to let go in the offering. 1050 has shined in our ET program as well as with her natural calves. This Deluxe female at side is a great example of what this sure-fire donor can produce. Look for her influence to last in years to come at CLC.
- Flushed 5 times to an average of 9 embryos.
- Retaining the right to one future flush at the buyers convince and seller's expense.

- We've always been drawn to the Innovation cattle in a whole and this was our pick of an incredible set of Innovation sons at the Topp Hereford 2024 bull sale.
- Long spined, stout featured and rugged.
- Both daughters and sons alike, out of this herd sire, have been outstanding and are progressing the breed.

- Right to IVF Flush of CSC Miss WYO 707.
- A special opportunity to tap into some genetics where all the guesswork has been done for you. 707 is a female that hides her age as well as anything we have ever seen. The udder and teat quality is that of a 9/9 and Chapman/Flat Creek donor Miss Wyoming 008 is tremendous examples of what she is capable of. This IVF flush is extra exciting to offer based on the success she has had in doing such, since 707 came to the southeast she has averaged 36 transferable grade 1 embryos per flush. The embryos out of this female that have sold in the last 6 months have commanded well north of a \$1,000 average.
- Sells with a guarantee of ten (10) embryos and four (4) pregnancies if put in by a certified embryologist in addition to no cap.
- Owned by Woolfolk Farms, Chapman Land & Cattle, P&J Farms and Day Ridge Farms

Daughter — 008

## HERE'S HOW IT WORKS

**LiveAuctions**.TV

Go to [www.LiveAuctions.tv](http://www.LiveAuctions.tv). Please note that you do NOT need an account to watch the auction, but you do need to register an account and request a buyer number if you wish to bid. If you have not created a new account since September 1st, 2020 you will need to click "Register" in the top right corner of the homepage and create a new account. Once you have completed the form on this registration page and hit the "Register" button you will receive an e-mail with a place to click on to verify you have entered a valid e-mail address. Once you have completed this registration process, find the auction you are interested in on the homepage and click on it (sales are listed in chronological order). You should then see a box that says Login. Now that you have an account with LiveAuctions just type in your E-mail Address and Password. You will now see a hyperlink at the top that says "Request a Buyer Number". The first time you request your first buyer number on LiveAuctions it will send you a text message with a verification code in it. Type the code from the text message into the area requiring it and you will then see your name along with a buyer number listed at the top of the webpage where the live video is and you will be able to bid. You will only have to complete this two-step verification process one time. After that you will be able to immediately request a buyer number on any auction without verification through an e-mail or text message again.

LiveAuctions no longer requires an app. If you wish to view/register/bid on a smartphone just type LiveAuctions.tv in whatever web browser you use. The registration process is the same as it is on a desktop computer, but the website is built mobile friendly. Click on the three lines in the top right corner to access the menus.

**Bidders who are successful in making purchases will be contacted by the ranch after the auction to settle payment and discover your shipping plans.**

**If you need help registering to bid or to view the auction please call Technical Support at (682) 816-4900 or e-mail us at [TechSupport@LiveAuctions.tv](mailto:TechSupport@LiveAuctions.tv).**
