- We acquired Ms Hutton as a young heifer calf and decided to offer her as a good, spring bred heifer in this sale. This heifer has a great disposition and as an added bonus is halter broke.
- Bred AI on 6/23/24 to NJW 73S 38W Ridge 103C ET, then pasture exposed to DWF D46 Karat Victor C4 K26 (Reg. #44490250).
- Victor K26 is one of our new herd bulls out of the Dogwood Farms program in LaCenter, Ky., which would produce an outcross mating on this heifer. AI or naturally bred, this heifer is destined to have a nice calf and yield a great return on investment with longevity and consistency in mind.
- Pictures and videos of our SFF consignments will be available on our Facebook page and at smithfamilyfarmky.com.
- Consigned by Smith Family Farm, Brandenburg, Ky.
