

TEGTMEIER POLLED HEREFORDS

66th Annual Total Performance Bull and Female Production Sale

Saturday February 28, 2026 • 1 p.m.

at the farm near Burchard, Nebraska

TEGTMEIER POLLED HEREFORDS

Welcome from Tegtmeier Polled Herefords!

It is again our privilege to welcome you to our 66th year of having the Tegtmeier Polled Hereford Production Sale. We greatly appreciate your time and interest in looking over our cattle and our breeding program.

Our father, Clarence Tegtmeier, started this herd nearly 80 years ago. His goal was to supply the commercial cowman with good bulls and heifers to increase their profitability. That goal has not changed, and we are proud to be involved with this great breed for as long as we have.

Increasing your profitability is reached by supplying you with bulls and females that are moderate birth with efficient growth and strong maternal traits with an emphasis on milk flow, udder quality and better carcass traits. We have worked hard in supplying you cattle with a balance of traits that excel in all areas, not just a single trait selection. To breed cattle that have all these traits in one, plus to have eye appeal with the nonmeasured trait such as sound feet and legs, structural soundness, fertility and longevity, makes this very challenging for us as well as for you in your selection process. The cattle business is data driven and we encourage you to use all the provided information in your selection process.

Most, if not all, of the cattle selling will have GE-EPDs (Genetic Enhanced EPDs). GE-EPDs provide the latest technology available to genetically test an animal to obtain the highest accuracy possible in their EPDs. We spent the money and time for the testing to give you, the buyers, the highest level of confidence in a bull's or heifer's ability to transmit their breeding performance. You will also notice many of the bulls designated with the Certified Hereford Beef® Logo. This signifies that the bull is in the top 50% of the breed for producing feeder cattle that will excel in the economically relevant traits of gain, feed efficiency and carcass merit, when mated to Angus cows.

We are seeing wonderful, unbelievable times in the beef cattle business! It looks like we are in a favorable position for years to come!

We hope you can be with us on Sale Day, however, if you cannot attend in person, we sure hope you will join us online, or feel free to stop by any time to view the cattle. As always, you are welcome to call if you have any questions. Live bidding is available on the internet with LiveAuctions.TV. You'll find more details on the sales term page included in this catalog. And don't forget to join us on Friday, Feb. 27th, to view the animals that will be sold. There will be food and beverages available. We look forward to seeing each of you.

*Sincerely,
Russ Tegtmeier

Sale Terms and Conditions

1. Terms — Cash or Check. Each animal to be sold to the highest bidder. The auctioneer shall settle any dispute as to bids.
2. All cattle are to be paid for by the purchaser during or immediately after the sale unless other arrangements have been made prior to the sale.
3. Each animal will be the purchaser's risk immediately after the animal is sold. They will be fed and cared for free of charge for a reasonable length of time after the sale but at the purchaser's risk.
4. All cattle will be sold in compliance with the health laws of the state of Nebraska.
5. Breeding Guarantee — All bulls and females are guaranteed to be breeders if given proper care. Heifers pronounced safe in calf by the veterinarian shall be considered breeders without any further guarantee. Any animal failing to breed within five months may be returned to the seller if in as good condition as when sold. The seller reserves the right to try said animal for five months. If the animal proves to be a breeder, the owner gets the bull at his expense. If it fails to be a breeder, an exchange will be made or his money returned.
6. All persons who attend the sale do so at their own risk. Owner assumes no liability, legal or otherwise, for any accidents which may occur.
7. Bids may be sent to any of the sale staff.
8. Please be assured if you buy cattle we will take care of them for a reasonable length of time, especially where long distance travel is involved.
9. Owner reserves the right to make additions or withdraw any cataloged entries if they fail to meet our standards at sale time.
10. Announcements at the sale ring concerning the cattle will take precedence over statements in the catalog.

Bull Breeding Guarantee:

The bulls in this sale are guaranteed breeders. Semen evaluations, health reports, and all claims must be submitted in writing to seller within six months of the sale date at buyer's expense from a veterinarian. Seller shall have the privilege of trying the bull after return before any adjustments are made. Guarantee is void if evidence of improper management in caring for the animal or the bull's inability to breed is due to sickness or injury incurred after bull is sold.

- Valdor is our newest addition to our herd bull lineup. He is dark cherry red and loaded with eye appeal. Stout in design, big bodied, structurally correct and balanced from the side. He offers excellent growth, milk and marbling in legendary proportions. His full sister is Spearhead B413 Hadley G16, one of the very top Hereford cows in North America. Valdor's first sons and daughters sell this year.

- Garfield sires extremely eye appealing progeny with a lot of eye pigmentation and thick, dark colored, extra bone, sound feet and legs on his sons and daughters. Garfield has a powerful family history — a flush mate brother to the \$100,000 Genesis and the 2020 NWSS Champion Pen of Three Heifers. The pick of Garfield's flush mate sisters sold for 1/3 interest for \$50,000. In his own right, he's a stylish, dark red, fully pigmented bull with flawless structure, great feet and legs. Looking for performance: Top 5% for WW, YW and MG. Looking for fertility: Top 10% SC. Looking for maternal: Top 15% for MM and MCE. Looking for carcass: Top 20% CW, REA, MARB and CHB. He is the TOTAL PERFORMANCE package!
- Owned with Loewen Herefords, Waukomis, Okla.; and 4B Herefords, Hennessey, Okla.

- Mendel is a balanced trait bull that can be used in your heifer program and still gives you a top end calf at weaning! Acquired Full Possession on him a couple years ago before my heart surgery. Homozygous polled, impressive to look at and his EPD profile is mouthwatering! Top 10% in the breed in 15 traits. First daughters calved here last year, with nice udders and plenty of milk!
- Owned with Candy Meadow Farms, Lexington, Tenn.; and Loewen Herefords, Waukomis, Okla.

- High selling bull and Champion Bull at the 2023 Iowa Beef Expo.
- Momentum is the best son to date of the extremely popular Vanguard from MGM. He goes back to two great donor dams. Performance shines through his outstanding EPDs which have 10 traits in the top 10%. Actual BW 79 lbs. and a 205-day WW 709 lbs. to ratio 109. His 12-month adj. REA by ultrasound is 14.35. IMF is 4.63 which ratio as 105 and 103 respectively against Vanguard siblings. EPD carcass traits are all near top of the breed with REA 0.94 and MARB 0.74. His CHB index is \$218, putting all three of these traits in the top 1-2%. BMI\$ index is in the top 1%, with outstanding udders on both sides of the pedigree.
- Owned with MGM Polled Herefords, Hartford, Wis.; and Paul & Bette Slayton

Spring Yearling Bulls

These five yearling Hereford bulls were raised by their dams without any creep feed until December 6, 2025, when they were weaned. After weaning, they were fed with the rest of the calves until Christmas time when they were sorted off and fed separately. Their GE-EPDs, MB and DB test results, as well as the horned/pollled tests are coming prior to the sale.

- BW 82 lb.; Act. WW 718 lb.
- A very exciting bull to begin our offering. Sired by the top selling bull from our sale two years ago, the 102K bull purchased by Bill Kuehn, WRK Hereford Enterprises and out of a first calf heifer by 4013, from the Schular program. This guy puts it all together with combining eye appeal, structure quality and an EPD profile that backs it up. Calving ease, growth, milk and udder quality and top carcass traits with this prospect.

- BW 89 lb.; Act. WW 665 lb.
- Dark, short-marked son of Valdor out of a very productive X51 daughter. This bull will sire performance along with top producing daughters with good udders and will add carcass value to his offspring. Top REA, and Marbling EPDs. Maternal brother sells as Lot 28.

Fall Yearling Bulls

The fall yearling bulls are managed differently than the coming two-year-olds. They do receive some creep feed during the winter to help them develop depending on weather conditions. They were weaned at the end of April of this past year and fed for about a month, then turned onto grass for the summer. The yearling weights reflect these bulls being on grass until November 15.

- BW 83 lb.
- Another Todd son that should work well on heifers. His Kickstart dam has been a solid producer here.

Two-Year-Old Bulls

The two-year-old bulls were raised without creep feed and fed a high roughage ration from weaning to yearling. We feed for a moderate gain, and not for a maximum yearling weight or high carcass data. We think this is harmful to the bull's development and longevity. They were on pasture from May 1 to November 15, and have been since on a corn silage, hay and grain mix to sale time.

Commercial Red Angus Bulls

The following 6 bulls are coming two-year-old Red Angus that are sired by two ABS bulls — **Free Style** and **Energize**, plus an **Above and Beyond** sire who has been a top calving ease sire here that sires a lot of performance. All 6 of these bulls are out of top cows that are purebred but were not registered. These bulls sell with the same guarantee as the rest of the bulls. These bulls will sire those market-topping Red Baldies!

- Todd was one top selling bull in the 2023 sale going to Sandhill Farms, Haviland, Kan.
- A proven heifer safe bull that has a big spread from birth to yearling. His progeny combines exceptional phenotype with impressive EPD data.

CT TODD 130J

Bred Heifers

The bred heifers selling come from the heart of the cow herd here. This is without a doubt the best set of females we've offered for sale here. In the past sales, we've had females go on to make donor cows for their new owners, as well as individuals that turned in to be cornerstone type females in purebred herds and many commercial herds. There is no better investment than a bred female. You get a quicker return on investment, and these heifers will provide you longevity in your herd.

- Growth, good looking Command daughter from a nice Historic daughter. This heifer is feminine, well-marked and long bodied.

SPEARHEAD 22S CORPS COMMANDE14 — SIRE OF LOT 70

We were honored to have Executive Vice President Jack Ward in attendance at our sale this past year.

CLINT MAHONEY FROM TECUMSEH, NEBRASKA

“I have switched to all Tegtmeier Hereford bulls the last three years on my 225 commercial black angus herd. I now have 11 bulls from Russ, and am planning to get a few more to run all Hereford bulls on my black cows. My calves from the last three years since using Russ’s bulls have increased my weights 50lbs heavier than my previous 7-8 years. I’m happy with the docility of the bulls which has made my calves easier to work with, plus the overall look, makes them very easy to market as great replacement black baldy females, and good heavy steers. Russ is probably one of the easiest people to deal with when it comes to the cattle world, and he stands behind his cattle.”

— Clint Mahoney from Tecumseh, Nebraska

Tegtmeier Polled Herefords
