Dear Friends,

It is with great pleasure we invite you to join us on November 16, 2024 for our Fall Bull & Female Sale. This sale offering has some of our top genetics, backed with proven sires and donors, that has helped us project to our quality cow herd at this present time.

We continue to improve the genetics of our herd to match with the demands of our industry. We have also implemented genomic testing, to ensure their EPD's are as accurate as possible. We breed for a more balanced profile, keeping a desired phenotype in mind. These cattle will surely achieve the goals for your operation

We have made some new breeding decisions on our Angus cattle, holding only the top end to grow our registered side. We are breeding the rest of the Angus cattle to a Brangus, therefore making Ultra Black calves. We will have some bulls in our February 15th sale.

We are also offering some of our top females, registered Hereford heifers, bred heifers and pairs. Our F1's need no introduction. We are very proud of these cattle and cannot wait to watch them prove their selves in your program. The entire sale offering has been born and raised here on the farm.

We are truly grateful and humbled by all of our customers, past and present, who have supported us. Our gates are always open, please let us know if we can help you in any way. We look forward to seeing you on the 16th!

Ron, Shaunna, Rylie & Stran Melancon

The Ron & Shaunna Melancon Family

**TERMS & CONDITIONS**

1. **TERMS:** Cash or check. Each animal to be sold to the highest bidder. All cattle are to be paid for immediately after the sale and will not be released until settlement has been made. Each animal will be at the purchaser's risk immediately after the animal is sold. Load out will take place following the sale.
2. **REGISTRATION CERTIFICATES** of the animals will be transferred to the buyer at the seller's expense. Each buyer must be sure to give the clerk his proper name and address for making transfers.
3. **EPDS:** The EPDs included were current as of October 7, 2024. The most current information can be viewed on [www.hereford.org](http://www.hereford.org).
4. **ORDER BIDS:** Order bids may be handled by the owners or any of the sale staff. Please feel free to call.
5. **GUARANTEE:**
  - Bulls – All Bulls have passed a breeding soundness exam (BSE) and all are virgin bulls. Bulls over 18 months will be trich tested negative as required for health papers. Non-virgin bulls will be noted.
  - Limited warranty: if a bull needs to be replaced, a bull will be substituted or a credit purchase price less salvage value of the bull will be applied toward a future purchase in our sales.
  - Bulls must be managed in a sound management program, vaccinated, wormed as needed and also run in a good pasture for a breeding season of a 60 to 120 days with appropriate number of females for age of bull. Rest and Recovery between seasons and must maintain a body condition score of 5 to meet our guarantee.
6. **LIABILITY:** All persons who attend the sale do so at their own risk and the owners and sale manager assume no liability, legal or otherwise, for any accidents that may occur.
7. **ANNOUNCEMENTS:** Announcements made sale day by owners or staff and supplement sheets sale day will take precedence over sale catalog.

- 398 is a powerful, horned 9364 son who is easy keeping. He is stout and short marked.
- This guy would cross great on English or American cattle to make great replacement heifers.
- He excels in all the maternal traits, being in the top 1% SCF, 2% UDDER, 1% TEAT, 1% BMI & BI.
- His dam has averaged a progeny ratio of 2 @ 101 for YW.

- 3108 ranks in the top 6% CE, 8% UDDER and is heifer safe.
- This red eyed, red to the ground 2079 son is built to withstand many breeding seasons and help your herd capitalize on maternal traits.
- 2079 sired multiple high selling bulls in our 2024 spring sale, including the high seller to JC Reproduction, Livonia, Louisiana; and LAN Farms, Jackson, Mississippi.

- 3139 is freckle faced, stands on a big foot and is impressive. A lot like his full brother 3138, but for us pushes the envelope in every regard.
- This 173D son will make a statement in a registered herd across the board, emphasizing those carcass values.
- He ranks in the top 12% WW, 5% YW, 8% SCF, 3% BMI & BI and 1% CHB.
- His full sister, 3146, sells as Lot 131.
- We are retaining 1/2 interest, 1/2 possession of 3139. Details to be completed with buyer.

- 3187 not only catches your eye for his phenotype, but he is also heifer safe. He has big time maternal indexes as well as carcass.
- Don't miss his BW to YW spread, which is what you want when selling pounds of beef.
- His dam, purchased from the TRM program, has made her way to our donor pen. We are looking forward to more progeny out of her.
- 3187 ranks in the top 5% CE, 9% BW, 2% WW, 5% YW, 6% SC, 13% SCF, 1% UDDER & TEAT, 5% BMI, 3% BIIS and 2% CHB.
- His dam averaged a progeny ratio of 4@ 105.5 for WW.

- What an opportunity here! Not every day do we give the chance to flush our very best and fresh genetics.
- 799E was made famous at our good friends Walker Herefords in Tennessee, where she raised many high sellers. 799E raised the high selling female in the 2023 /W sale commanding \$14,000 selling to Dry Creek Farms in Alabama, as well as the high selling bull this year selling for \$12,000.
- This donor female doesn't miss. Flush her to the bull of your choice and raise your next donor or big-time herd bull.

### Terms of Flush

- Seller guarantees six (6) frozen embryos. If more than six, they all belong to the buyer.
- If less than six, the selling price will be pro-rated back accordingly.
- One-half payment is due sale day and the balance due upon confirmation of embryos.
- Buyer must furnish all semen and certificates.
- Buyer pays all costs related to flush.
- Buyer has the option for IVF or Conventional flush.
- Contact us for more information.

- This mating should excite anyone. 799E is our no miss donor that does it all.
- These embryos are sired by Churchill Equity the Homozygous Polled, big spread, calving ease son of Merit.
- Equity's dam 023H commanded \$65,000 at the most recent Churchill Cattle Company production sale.
- We believe this mating is a home run.
- Guarantee one (1) 60-day Pregnancy if put in by certified embryologist.

- This very stout 4013 daughter has all the attributes to make the perfect donor. She has proven herself to move our program forward.
- She ratioed a 105 for WW and has an average progeny ratio of 3 @ 104 for WW.
- 173D can be credited for adding growth, power & milk to the Hereford breed with his progeny ratios of 102 WW & YW, and his daughters milking ratio of 101.5.
- Paternal siblings of 173D are bull 3138 & 3139 and Lot 131.
- Guarantee one (1) 60-day Pregnancy if put in by certified embryologist.
