

OCTOBER 12, 2026

12:30 P.M. AT THE RANCH

ANNUAL PRODUCTION SALE

923 HILLSIDE AVE., CANADIAN, TX 79014
806-323-2906 • LEE@INDIANMOUNDRANCH.COM
WWW.INDIANMOUNDRANCH.COM

Dear Friends,

I want to invite you to our Annual Production Sale on October 12, 2026. We work every day to produce the best Herefords anywhere and have a great set of cattle for you to choose from.

The first five months of the year we had virtually no moisture and by April were out of hay and unsure what the future had in store. With no wheat to graze we made the tough decision to take the bulls to the Sand Hill Livestock feedyard. The bulls stayed in the lot on a starter ration for about 70 days and then we took them back to the ranch when the grass greened up. The bulls did not get fat and went right back to our grass and cube program. This is a great set of bulls from top to bottom and we are excited for you to see them.

The fall calving cows have great pedigrees and are very attractive and functional. The cows we sold in recent years are really working in their new homes! This is a top group from top to bottom with several donor quality cows.

Please come and see us anytime, we love to show our cows and program. If you have any questions about the sale cattle please give me a call.

Sincerely,
Lee Haygood

Haygood Family

Join the sale, **FROM ANYWHERE.**

Life doesn't always line up with sale day.

If you can't attend in person, LiveAg makes it easy to bid online. Whether you're across the county or across the country, you can participate in real time with confidence.

REGISTER BEFORE SALE DAY:

- 1.** Visit bid.live-ag.com (scan the code below)
- 2.** Create an account or log in
- 3.** Register to bid before sale day by requesting a buyer number for this sale

SPECIAL GUESTS

Wade Perks Texas Hereford Assn., President
Joe Dan Ledbetter American Hereford Assn., Board Member
Cindy Pribil American Hereford Assn., Board Member
Jack Ward American Hereford Association, Executive V.P.

ABSENTEE BIDS

If you would like to place a bid on any animal but cannot attend the sale we would be pleased to accept a phone bid. Contact Lee Haygood and he will refer you to a representative of your choice or handle the bid himself to buy the animal at the lowest possible price. To bid online, the sale will be broadcasted on LiveAuctions.tv.

HEALTH

Individual health papers will be furnished for each animal. All females selling are officially calfhood vaccinated for Brucellosis. Vet responsible for herd health is Ben Ed Hillhouse, DVM. All bulls have passed a breeding soundness exam.

TRUCKING

We will help coordinate loads with a reliable trucker. We will take care of the cattle for a reasonable time while trucking plans are being arranged.

ONLINE AUCTION AND VIDEOS

Online Bidding Platform

For more information on LiveAg see inside front cover.

The Indian Mound Ranch Bull Selection Categories

There is so much data to sort through when making your bull selections, we have built five categories to make your job easier. Below you will see each category and the explanation of how bulls qualify. Some bulls excel in multiple categories, but you can make sure they check the boxes that you need in your herd.

IMR EASY CALVER: The bulls in this category should be easy calving for cows and light enough birthweight to use on heifers.

- CE EPD (Calving Ease Direct) must be a minimum of double the breed average.
- BW EPD (Birth Weight) must be below breed average.

IMR LOW INPUT SPECIALIST: The bulls in this category have an above average DMI EPD (Dry Matter Intake), meaning they should be more efficient and have a lower daily consumption of feed to gain a pound when compared to the average of the Hereford breed. The MCW EPD (Mature Cow Weight) on these bulls is at or below the breed average and that coupled with below breed average YW EPD (Yearling Weight) means that the daughters of these bulls should be smaller mature size and weight compared to the breed average.

- CE EPD (Calving Ease Direct) must be above breed average.
- YW EPD (Yearling Weight) must be below breed average.
- DMI (Dry Matter Intake) must be at or below breed average.
- MM EPD (Maternal Milk) must be at or below breed average.
- MCW (Mature Cow Weight) must be below breed average.

IMR HIGH GROWTH: The bulls in this category should produce calves with larger weaning and yearling weights than the breed average.

- WW EPD (Weaning Weight) must be above breed average.
- YW EPD (Yearling Weight) must be above breed average.

IMR CARCASS MAKER: These bulls have a combination of traits that predict higher carcass value.

- CW EPD (Carcass Weight) must be above breed average.
- REA EPD (Ribeye Area) must be above breed average.
- MARB EPD (Marbling) must be above breed average.
- CHB\$ (Certified Hereford Beef Index) must be above breed average.

IMR COWHERD BUILDER: This category should identify bulls that will produce daughters with higher fertility, more longevity, tighter udders, and smaller teat size.

- SCF EPD (Sustained Cow Fertility) must be above breed average.
- UDDR EPD (Udder Suspension) must be above breed average.
- TEAT EPD (Teat Size) must be above breed average.
- BMI (\$) (Baldy Maternal Index) must be above breed average.

- This highly maternal pedigree combines two of my favorite cows 1014Y on the top and 2006Z on the bottom. 710E combined with Sensation took our udders and production to another level!
- Her first calf is a really exciting daughter of 3249L that is in our replacement heifers.
- Bred A.I. on 12/4/2025 to CL 1 Domino 4103M, then pasture exposed to CL 1 Domino 4186M 1ET from 12/13/2025 to 1/25/2026. Ultrasound indicated that she was bred by A.I.

- Heterozygous Polled
- Unique mix of breed leading Horned and Polled genetics! Her sire HH Advance 0270H has proven to be a superb heifer bull, but we have found him to be much more. The 0270H daughters look great with excellent udders and there is plenty of growth. The dam is a daughter of our BR Relevant D67 6201 8826 bull who really did a nice job for us and left a nice set of daughters.
- The IMR H086 Fireball 4036M calves are our favorites this summer with power, muscle and pigment.
- 2026 Udder Score: 8, Teat Score: 9
- Heifer Calf, Birth Date: 9/6/26, Sired by IMR H086 Fireball 4036M

- This is the pedigree that we are building our future on here at Indian Mound Ranch. The 710 daughters are one of the greatest groups we have ever had with the best udders in our history. Now that we are getting more 8099F daughters in production they are just as good and have the added depth and rib from their sire. We are actively working to get 8099F and 710E crossed to double down on two great bulls!
- You can see the femininity in this angular and attractive female.
- Bred A.I. on 12/4/2025 to CL 1 Domino 4103M, then pasture exposed to CL 1 Domino 4186M 1ET from 12/13/2025 to 1/25/2026. Ultrasound indicated that she was bred by the service sire, 4186M.

- Heterozygous Polled
- Every decision that we make is based on the cow side of the pedigree and this heifer is a great example of maternal strength. We bought the NJW 10E Long Range 169J bull for two reasons, first his outstanding phenotype and muscular design, and second because we were getting maternal leaders Sensation and 8Y in the pedigree. The 169J daughters have great udders and are proving to be very strong producers.
- We had our first Fireball calves this spring and we love them! This should be an exciting calf.
- 2026 Udder Score: 9, Teat Score: 9
- Bull Calf, Birth Date: 9/4/26, Sired by IMR H086 Fireball 4036M
