LiveAuctions.TV

HERE'S HOW IT WORKS

Go to www.LiveAuctions.tv. Please note that you do NOT need an account to watch the auction, but you do need to register an account and request a buyer number if you wish to bid. If you have not created a new account since September 1st, 2020 you will need to click "Register" in the top right corner of the homepage and create a new account. Once you have completed the form on this registration page and hit the "Register" button you will receive an e-mail with a place to click on to verify you have entered a valid e-mail address. Once you have completed this registration process, find the auction you are interested in on the homepage and click on it (sales are listed in chronological order). You should then see a box that says Login. Now that you have an account with LiveAuctions just type in your E-mail Address and Password. You will now see a hyperlink at the top that says "Request a Buyer Number". The first time you request your first buyer number on LiveAuctions it will send you a text message with a verification code in it. Type the code from the text message into the area requiring it and you will then see your name along with a buyer number listed at the top of the webpage where the live video is and you will be able to bid. You will only have to complete this two-step verification process one time. After that you will be able to immediately request a buyer number on any auction without verification through an e-mail or text message again.

LiveAuctions no longer requires an app. If you wish to view/register/bid on a smartphone just type LiveAuctions.tv in whatever web browser you use. The registration process is the same as it is on a desktop computer, but the website is built mobile friendly. Click on the three lines in the top right corner to access the menus.

Bidders who are successful in making purchases will be contacted by the ranch after the auction to settle payment and discover your shipping plans.

If you need help registering to bid or to view the auction please call Technical Support at (682) 816-4900 or e-mail us at TechSupport@LiveAuctions.tv.

- The true wildcard of all of these half-brothers in the sale offering without a doubt. Out of the heavily used Validated B413 Bull we knew that if there was any Cow in our lineup to add some meat and power it was without a doubt Lana 76E. To have an extreme carcass profile like this Bull has, he still has a very good amount of high-quality phenotype to go with it.
- Dark cherry red, an ideal amount of pigment, plus extreme marketability. We think this guy stacks up with any validated son that has ever been on the market.

- Leading off our offering of NJW Manifest 87G sons is 2543. Probably as intriguing as any bull in the offering for those looking for high CED and low BW. It's truly rare that you see a nearly 12 CED Sub 1.0 birthweight bull still with the growth, physical presence, and power that this guy possesses. A standout from day one I would expect nothing less from this Bull other than to get better as he ages.

- Another son at NJW Manifest 87G. We have been extremely pleased with our Manifest calves this far, and are extremely excited as well to start calving out the first daughters this year. This bull is a great example of what Manifest brings to the table, low birth weight with lots of growth and tons of meat. Sound and great footed with excellent testicle size.
- Should be heifer acceptable. Ranks on the top:
 - 5% - SC, Udder 10% - CE, Teat
- Pigment: RE - 40 LE - 60
- Will be DB tested by sale day.

HUTH CLC WF Deluxe K016 - Sire of Lot 27B

RHF 38W Lady Yetta 8144F ET - Dam of Lot 27B

- What an exciting opportunity here! A chance to get in with two of our best cow families with one purchase. An extremely good 5-year-old recip who is carrying a calf sired by a new and popular Deluxe K016 and one of our top donor 8144F. Not to mention the stout, red eyed, Pinstripe heifer calf at side that is out of our beautiful Durbin Creek Ranch donor 9205.
- This is a package that you will not regret.
- Born on 11/2/2023 BW - 65 lbs
- Will be DB tested by sale day.

CLC 9365 Entice 8418 67J ET

- A power house of a female. With so much depth of body and sheer force. This Entice daughter has only gotten better with time. A full sister sold to Curry Herefords in last years sale. Whether it be making show heifers, replacement females, or commercial bulls, we think this female can do it all.
- Bred AI on 6/8/2023 to Bar JZ On Demand (Reg. #44355795), then pasture exposed from 6/15 to 7/27/2023 to NJW 14F 168C Tuff 7H (Reg. #44169614).

WF 955W Dominette T137 1612 ET - Dam of Lot 40

- A donor prospect here that doesn't need to be overlooked. 2406 is the last natural calf out of our THM 3009 donor who we lost last year but in her time at the farm she was nothing but a money maker. This heifer has extreme potential sired by NJW Circleboss 157C. She will have shots of 88X, X51, and 76S in her pedigree. This one is as close as it gets to a safe bet.

- Calving date to determine sire.
- Maternal sister to Lot 14.

- Very intriguing female. Our daughters out of the 1612 donor have all been peas in a pod and high performing females. With all the great cow families in this girls pedigree a gorgeous udder and top-notch production should be in her future.

PICK OF THE 2024 CHAPMAN LAND & CATTLE SPRING CALF CROP

- This is the first time we have opened our doors for an opportunity such as this one. We think this is a great chance to tap into some leading genetics that are combination of all the main fundamentals of the Hereford breed as well as extreme phenotype, genotype, and marketability. Whether it be your next donor cow or top-notch herd sire we are excited to see what the selection brings to someone else's operation in the future. Below are just some of the few females whose offspring will be offered within this selection. For more information, please reach out.

- Our newest herd sire who is a true multipurpose tool that can improve a herd in more ways than one! When former AHA fieldman Noah Benedict called us about this bull we knew this was the kind we had been searching for. K016 is dark red, heavily pigmented, soft made, with excellent rib shape; not to mention being homo polled and an extreme EPD spread ranking in the top 1% in ten areas, as well as top 3% in another three. It's hard to find a bull with this kind of phenotype, color, genotype, and carcass it is truly a DELUXE PACKAGE!

- We have been absolutely thrilled to say the least with our Steadfast calves thus far. Such a unique blend of immortal Cow families from the NJW program with excellent genotype, and a tremendous amount of look, style, as well as power and brute. Look for Steadfast to continue to make his mark within the Hereford breed across the country for years to come.
