• Super cow prospect by the popular SHF Houston D287 H086 that has the bells and whistles to wear a show halter for a young person. This dark-red heifer calf's dam was bred by our good friends the Landrums and traces back to time tested K-State 308 donor for the Matheny family in Kentucky. Balanced, stout, and plum good in her phenotype with a cow family and EPD profile to make this fall baby a future front pasture cow.

• Cosmetically appealing & easy fleshing describe this brood matron in the making. She descends from a favorite cow family at J&L that has produced Best of the Buckeye champions and cow/calf winners. Her Ellis Farms bred sire adds top end carcass EPD's and calving ease.
• AI serviced on 12/4/23 to Genex's Churchill Red Thunder 133J. Blood tested safe in calf.

• Nasha is a very deep bodied dark cherry red cow prospect out of a good uddered cow that is sure to catch your eye. She ranks near the top of the breed for CE, BW, SC, SCF, MM, Udder & Teat EPD's. Her carcass scan data was pretty impressive last spring as well, she scanned a 10" REA at just under 10 mos. old.
• She sells bred to our low birth weight, homozygous polled 4013 son out of our NJW Dew cow that is out of a sister to Select Sires NJW Durango 44U bull.
• Pasture exposed from 7/10 to 9/10/2023, to LBK 4013 Domino 16K. Believe to be due on 4/28/24.

• Clemson is an absolute meat wagon. He is moderate framed with a great disposition. He is from one of my most consistent cows that breeds back every time, the first time. He is short marked but does have white on his feet and neck. His mother has a great looking udder with small teat's. I have liked this bull since he hit the ground!

• Here is an opportunity to acquire embryos out of some of the cornerstone females that built the Glenview Farms herd. THM 078 Wynter 4183 was one of our very favorite Mead donors. Dale Stith and Mohican Farms can tell you how productive the Wynter 4183 cow and her daughters are. The Stonewood Yopla 2Y donor we purchased from River Valley Polled Herefords in Ontario and was one of the best About Time daughters in the breed. 2Y had the perfect combination of showing style and maternal traits. Miss Adair 29B is a Trust daughter out of the famed KSU Miss 6052F 308 cow that consistently worked so well for Matheny Herefords in KY. The sires of these matings need no introduction. • This Birdwell Vanguard 5022 9337 son has a superb pedigree based on both sire and dam. The sire is backed by Validated, Tested and Sensation. The dam has Cuda, Trust and York in her lineage. Leroy Brown was bred to produce trouble free, highly productive and efficient offspring. He has 15 of 20 performance expectation measures in the top quartile and five in the single digits. We were fortunate to get two brothers to Leroy. One goes to Iowa Expo and the other stays in our herd. This thick, long bodied, well pigmented bull should be an asset to many breeding programs.

• Lexi is a Red Baron daughter backed by at least 3 generations of leading genetics on the sire and dam sides. Her mother, a first calf heifer, had a trouble-free birth and weaned a calf comparable to that from mature cows. Expected performance measures are 13 of 20 in the top quartile and 9 of these in single digits. Her maternal characteristics make for a good addition to any herd. She might even make a donor. Well pigmented, feminine appearance make this girls one of the best of our spring calves.

• L14 PBH Lucy is another Red Baron daughter with a similar background to Lexi. The mother is also a first calf heifer from the Perfecto line but she has a Homeland grandmother rather than York. Her EPD performance mirrors that of her half sister but has 8 rather than 9 in the single digits. Her mother was in a champion pen of 3 at Oklahoma City. A really close call as to which of the half sisters is the better.

• This February heifer has been a favorite since she was born. We believe she is showy enough to be in the ring but has what it takes to go the long haul. Her Dam and Grandam have continued to be assets in our herd. She is out of our herd sire, KH JLCS 81E Precedence J6, whose Dam was the highest selling female at the 2023 J and L cattle sale. She comes with an impressive set of EPD's, being in the top 10% for CE, MM, Teat and Udder Score. She is kid friendly and was shown by a junior.

• We are excited about this March heifer calf out of one of our favorite Revolution X51 cows. Her Dam is one of our foundation cows who continues to get the job done year after year. Her sire, KH JLCS 81E Precedence J6, has consistently thrown heifers that are the must keep kind. If you are looking for a cow prospect with a solid set of EPD's we believe Laura has what it takes. She is kid friendly and Halter Broke.

• This soggy made deep flanked bull comes from a proven pedigree. His dam produced the 2020 Louisville Beef Expo Champion bull and Corbin is every bit as good as his brother was. With a great disposition he can either be shown or put to work servicing your herd. Don't miss your opportunity to purchase these proven genetics.

- GAF Violet 2K is the first Hereford calf born on our school farm. She's a moderate-framed, correct female with plenty of bone and muscle. Outstanding EPD numbers complete the package. Our breeding goal is making replacement females, and she fits that perfectly. Her mother was one of the first cows we bought for the farm and she's among our best, most productive cows.
- Violet sells open and would work in the show ring or your pastures.

- DCL Showtime Fury 2227 is a 2-year-old bull that has been one of our favorites since birth. Fury has enough body and muscle to go out in the pasture, breed cows, and never have his body score fall away. Fury's mother is one of the most powerhouse cows in our pasture. She is a gorgeous uddered female and always has enough milk to feed her calves and make them grow.

- DCL Revved Up Abraham 2228 is a 2-year-old bull that will stand out in the herd as he is deep cherry red. He is laid back and easy going. Abraham is one that you will be able to breed your heifers with and have no trouble calving according to his EPD's. With Abraham's extra substance, he brings added body and quarter. We expect him to sire productive long lasting replacement females.

• DCL Vanessa 2311 is a yearling heifer. Her past siblings are like fine wine. They have proven to get better with age. Vanessa is a moderate framed female, that is good in terms of her rib shape, width and dimension from behind. She is easy going and has a laid-back personality. She will make a good cow momma if she follows in her maternal footsteps.

• EML Zelda Is Custom Made J012 is a stylish, deep cherry red with eyeliner female. She is an easy keeper, moderate framed and travels out on a great set of feet. This female is hard for me to sell, but I need to bank some for college funds, so I am bringing my best. Zelda is a former show heifer and is easy to work with.

• She will calve by sale time to KT Small Town Kid 5051. Buy with confidence.

• THF Coral 5L's sire, Churchill Kingdom 128J ET, has produced an excellent set of calves for us. Coral's MGS, Gerber Bluechip 002B is a CHB Sire of Distinction. Coral's EPD traits provide great direct and maternal CE, udder and teat scores along with top 10% BMI and CHB values. She provides a good package of maternal characteristics that will improve performance in your herd also.
