Reg.: 44045505 | Calved: 03/30/2019 | Tattoo: 9090 | Polled

• What a beautiful female to start our inaugural Rockin' in the South offering. When it comes to ideal udder and teat quality, as well as superb balance and femininity, 9090 exhibits it all. It'll be hard to find a donor who can produce replacement females, big stout bulls, and competitive animals in the show ring like she has done. A proven track record and excellent flush history are just other compliments to this donor female.

- 10 % TEAT, CW; 4% REA
- Averages 16 grade one embryos a flush.
- Pasture exposed from 1/15/24 to 4/3/24 to NJW Manifest 87G. Safe in calf.

• A super deep bodied powerhouse of a cow, 618G is a female that certainly deserves attention. A direct daughter of the popular R Leader bull she has truly been a progressive tool during her time at CLC. 618G has been a tremendous flusher and has been flushed by three different operations in her short lifetime averaging 14 embryos per flush. She is one that you absolutely would want to make more of. A son of her's is operating as a herd sire for Hereford operations run by Stan East and Stan Webster in Tennessee.

• 1% CW  
 • Pasture exposed from 1/10/24 to 4/3/24 to NJW Manifest 87G. Safe in calf.

• Don't overlook this 87G daughter just because she is selling by her lonesome. We are retaining her mother, but really wanted to have a great representation of our herd sire within this sale so we dug a little deeper and decided to offer up this young brute of a heifer calf. With quality udders, great pigment, and tons of rib for her at such a young age she is one I think, is easy to be attracted by.

• Our newest herd sire who is a true multipurpose tool that can improve a herd in more ways than one! When former AHA fieldman Noah Benedict called us about this bull we knew this was the kind we had been searching for. K016 is dark red, heavily pigmented, soft made, with excellent rib shape; not to mention being homo polled and an extreme EPD spread ranking in the top 1% in ten areas, as well as the top 3% in another three. It's hard to find a bull with this kind of phenotype, color, genotype, and carcass it is truly a DELUXE PACKAGE!

- Homozygous Polled.
- We are excited to welcome and own this unique herd sire with our newest partners, Whispering Winds Farm, we look forward to a prosperous and exciting partnership together.
- Selling five (5) packages of five (5) units of semen.
- Please inquire if interested in large packages.
