Moderate framed Mohican Dow Jones 65J daughter with a ton of depth and dimension. A full brother was a top seller in our spring bull offering. 42's dam has done a great job here. A real solid EPD profile here in addition to being well put together; just a very good calf.

The 1st offspring we have offered out of our Benton 35K bull, whose first calf crop is very impressive. The Benton bloodline progeny have been very well received across the country. 7M's dam is the result of combining two of our most proven blood lines through the years. Just a real solid prospect here.

A nicely balanced daughter of the Guardian 1015 bull here whose dam, the D05 cow, goes back to some very influential Colyer breed icons as well. L48 traces back to our old 337U bull who produced some outstanding females.

3016 is bred similar to L48 as she traces back to Colateral 337U as well. One does have to admire these Guardian daughters for their style and make-up. 3016 is short marked with good pigment. These two heifers will be breeding tools for sure.

M18 boasts an exceptional background in his pedigree; Mohican Dow Jones 65J out of a C GKB Guardian 1015's full sister. M18 is phenotypically very correct, is short marked with great pigment and his EPD profile is outstanding. Just an outstanding prospect here. M18 is horned.

Although this sale primarily features the female side of our operation, we feel that these two bull calves have such intriguing pedigrees and are of such quality, we felt they should be in this year's offering. One of the first C Arlo 2135 offspring to sell, and he is very uniquely bred. M20's dam being a direct daughter of the Beth 1L cow and Pyramid 16W just adds more "wow" to Arlo's exceptional background. The 835 cow has proven herself as well; her offspring have been at the top of their contemporary groups. Another great prospect offered here. M20 is horned.

## Lot 36 Four (4) IVF Embryos

This mating is about as fresh as it gets. Sired by the highly acclaimed and high selling bull in this year's NWSS sale in Denver and out of C 8037 Genesis Gal 1049 ET, who is a full sister to C GKB Guardian 1015 ET. This mating definitely combines appeal with power and carcass merit. Offering four (4) embryos.

## Lot 37 Four (4) IVF Embryos

This mating by the popular Arlo bull and out of G46, brings a highly maternal background from both sire and dam, as Digby 20C daughters are making great cows and the maternal influence behind Arlo needs no further explanation.

Our selection from the 2023 Atkins/Delaney bull offering, he has sure grabbed the attention of all visitors. This Benton son is deep set with good length, is very well muscled, and is also dark red with pigment. His calves have come easily here, with above average growth and eye appeal. 35K also posts stellar carcass EPDs. He has been greatly appreciated by all who have seen him. We are very excited about the future of 35K's offspring. Exportable semen available. Owned with Atkins Delaney Herefords.
