ANNOUNCEMENTS

Announcements at the sale ring by the owners or auctioneer concerning the cattle will take precedence over printed material.

EPDS

The EPDs in the catalog were current as of 8/23/24. Up-to-date EPDs may be viewed online any time at www.hereford.org.

AI CERTIFICATES

AI certificates will not be furnished by the seller on females carrying the service of non-owned AI sires.

SALE VIDEOS & PHOTOS

All sale videos and pictures can be viewed at www.badgersouthernselect.com Additional show pictures and donor information is available at www.wildcatcattle.com.

GUARANTEE

All cattle sell under the Sale Terms and Conditions recommended by the American Hereford Association. See www.hereford.org. All cattle in this sale are guaranteed in accordance with the rules and regulations of the American Hereford Association. Any female which is stated to be pregnancy checked safe in calf is guaranteed to be pregnant at the time of this sale. All females safe in calf or with a calf at side are thereby considered breeders with no further guarantee. All females who have been serviced but not checked safe in calf carry no guarantee of this breeding. If any open heifer fails to breed, the seller must be notified by Oct. 1, 2025. Otherwise, the animal is no longer guaranteed. Females cannot be guaranteed if they are subjected to estrus synchronization or super-ovulation treatment. We understand that when something goes wrong that both the buyer and the seller have losses. We will make every attempt within reason to stand behind our cattle.

HEALTH

All females will be OCV unless otherwise noted. Per Wisconsin rule, ATCP 10.21, Animal Disease Control, all animals sold at this auction are not guaranteed of future Johnes disease test status. Herds that are on whole herd Johnes classification programs will disclose their test status. No animals that have ever tested positive for Johnes will be sold. All cattle selling, except states that require Tuberculosis test, will have interstate health papers required for shipping into other sections of the United States. For cattle selling to states requiring a TB test, these cattle will be tested immediately following the sale and arrangements can be made for shipping upon test results.

TERMS OF SALE

Cash or check unless prior arrangements are made. No cattle will be released until paid in full. The auctioneer will settle any disputes as to bids and such decision will be final. Cattle will not be transferred until paid in full. Buyers should give clerks correct name, address and breeder number for transfer of sale animals. Each animal becomes the purchaser's risk as soon as sold. Announcements made sale day by the owners or the auctioneer will take precedence over statements printed in the sale catalog. All consignors would like to retain the right to two collections of either, conventional embryo flush or IVF aspiration, on all females sold in the sale. This would be at the expense of the seller and convenience of the buyer.

ACCIDENTS/ILLNESS

The sale management, the consignors and the owner of the grounds will not be responsible in any case for the condition of the grounds, the behavior of the animals or illness and disclaim any liability in the event of personal accident, sickness or property loss.

LODGING

Darlington Inn (closest)608-776-8830
201 Christensen Dr, Darlington, WI 53530
We have a small block of rooms available, rate \$110/night. Please ask for Wildcat Cattle Company when making your reservations.

Quality Inn.....608-987-4747
1345 Business Park Rd, Mineral Point, WI 53565

Quality Inn & Suites608-762-6900
103 W Mound View Ave, Belmont, WI 53510

If you are having trouble finding rooms, please contact Kim Jones. 608-482-2274.

For those of you wishing to make it into a family vacation, we are 45 minutes from historic Galena, IL and 1 hour and 45 min from Wisconsin Dells which has numerous water parks and entertainment centers.

AIR TRANSPORTATION

Dane County Regional Airport, Madison, WI
70 miles from sale location

General Mitchell International Airport, Milwaukee, WI
134 miles from sale location

O'Hare International Airport, Chicago, IL
145 miles from sale location

Lunch will be served on sale day.

Cattle will be available for viewing on Saturday, Oct. 5 from 2-6 PM

Cattle for the sale will be presented on a video screen. All the cattle will be present and displayed in pens adjacent to the sale ring.

TRUCKING

We will be happy to assist you with trucking arrangements.

We welcome everyone to the 10th Badger Southern Select Sale! Hard to believe we have been at this for ten years, but we feel blessed for all our customers and people that believe in our program. We welcome Kegley Farms and McDonald Farms with some diverse genetics to meet everyone's needs.

Remember, we are offering all of our best show prospects with nothing held back!

- **ELITE SHOW HEIFERS** – More donor dams! Elite Sires! All our best Jan-March IVF calves are being offered! 24 to choose from! This includes a Reserve Division winner from this year's Junior National Hereford Expo!
- **BRED HEIFERS & COWS** – Many of these heifers are bred AI to proven calving-ease bulls. MANY FEMALES are carrying HEIFER PREGNANCIES for a quick return on your investment.

These are the same genetics that have helped us win Premier Exhibitor at Junior National, Louisville and Kansas City!

We encourage all our customers to bring their heifer to Junior National Hereford Expo next summer! It is our favorite time of the year, and our crew will be there to get your animal clipped and fit so you can hit the ring at 12 o'clock. But even more than that, we are a phone call away to help and support with information and knowledge from breeding to nutrition and veterinary care. We want to help you succeed and fall in love with our great Hereford breed!

We are tucked in the southwest corner of the state, just 20 miles north of the Illinois border, 45 minutes from Dubuque, and an hour west of Madison. While we hope you will be able to join us in person, if you will be more comfortable bidding online, it is available at www.LiveAuctions.TV. Be sure to sign up for an account prior to sale day. Or if you are worried about a bad internet connection, feel confident in our sale staff who will handle your bids with integrity. All lots have been pictured and videos will be available closer to sale time at badgersouthernselect.com. Watch our Facebook page for updates.

We invite you to join us on October 6th or stop by any time before! #DreamsStartHere

Lot 1 has always been a special spot in our sale. This year's lot 1, Votive, does not disappoint. From the moment she was born she has made her presence felt by her head and neck carriage, displaying the grace and elegance of a true show animal. Combining that with the power and punch the Patience cow family provides; she is truly the next generation for us at the farm and one that can show on any stage in the country. Last year's Lot 1 won divisions at OKC, KC as well as being named third overall at the Junior National B&O show, and we think this one has the same potential. A full sister has already been competitive for Kinnick Paulsen being named 4th overall at the Iowa Beef Expo and we think this one has the same look. Don't let her slip through your fingers.

For those of you that follow our program, you know that we aren't afraid to push the envelope and try some young bulls. We have followed Red Kingdom for quite a while, and after seeing his calves at T/R and GKB we decided to take the plunge, and boy, we were not disappointed! This Red Kingdom daughter makes us drool with her potential. Long and extended down her spine, with the chiseled neck and jaw that gets you noticed in the show ring. Exquisite in design, yet still powerful, we just can't wait to see this one in the show ring next year!

2024 JNHE - THIRD OVERALL B&O FEMALE, DIVISION 8 CHAMPION, RESERVE DIVISION 13, OWNED FEMALE

2023 AMERICAN ROYAL - RESERVE JUNIOR CALF CHAMPION

2024 CATTLEMEN'S CONGRESS JR SHOW - JUNIOR CALF CHAMPION

2024 WISCONSIN STATE FAIR - RESERVE SUPREME B&O, THIRD OVERALL OPEN SHOW

WILDCAT L MAY *Mardi Gras* 34 ET

Every year we pick a special and unique heifer to be "Lot 1" We could write a book about all the successes past Lot 1's have had, but last year's Lot 1, Mardi Gras, may take the cake! Mardi was as decorated as any show heifer we have ever sold. Division or Reserve Division in each national show, she competed on the biggest stages, KC, OKC and JNHE. She did not disappoint and made more fans along the way to being named third overall B&O at JNHE. Most recently she was named Champion Heifer at the WI State Fair including being Third Overall in the Open Show and Reserve Overall B&O in the Junior Show. Our special thanks to our friends and partners, the Bob and Brock May families for their belief in us and our program! We are also so thankful they allowed us to show her, since Lauren May has aged out of the junior program. A lot of memories were made and we can't wait to see what she produces for the May's in their donor program.

Swigart

A full sister to last years, Lot 1, Mardi Gras, pictured on the opposing page. Our biggest error last year was not working the donor dam Mystery harder as this is the only 2024-born calf out of her. Lucky for us it is a full sister to one of our most consistent flushes ever. This March calf was only four months old when weaned for our sale. She was green as a gourd at weaning and has just been getting better every day since then. Also be sure to check out several Mystery bred heifers at the end of the catalog. Martini reminds us a lot of her full sister, red necked, built so good at the ground making her super sound and ready for the long haul. I always say showing is a marathon, and I think in the right hands this one could be a lot of fun next summer.

CAITLIN COW FAMILY

2021 JNHE CHAMPION COW/CALF PAIR

MF 308N *Caitlin* 13C ET

Caitlin is the next great donor for our program and Scott McDonald in Michigan. Truly a beautiful cow. She has tremendous rib shape, an elegant neck and perfect shoulders, but what sets her apart in the truly elite category is her udder-quality. It is hard to find a Hereford cow with teats so small like a Holstein cow in dairy country. At 9 years old, she still has ideal teat size and shape.

We aren't the only ones who think she is fantastic! She has been named National Champion cow-calf at Kansas City, Louisville, and the 2021 Junior National. Her show career may have ended, but we think her offspring will carry that torch for her. She has produced a past Lot 1 heifer that sold for \$29,000 to the Carr Family in Texas and then went on to be named a Reserve Division Champion in Kansas City, two bulls that have been division winners at KC and NAILE, and heifer calves that were Jr Show Reserve Grand at Keystone and another that was Reserve Champion at the Iowa State Fair. Show ring, udders, transmitting her genetics, we would put her up against any cow in the breed! The guesswork is done, buy with confidence! Lot 4 is the only *Caitlin* calf in this year's sale, along with two bred heifers, lots 30 & 31.

Lot 4 is out of our awesome uddered JNHE Champion female Caitlin. Cocoa is one of the awesome Dignified calves we have had this summer. Dignified is an American Classic son for Nick Fitzsimons and Purple Reign that has excelled on all our donors. Cocoa was in strong running to be Lot 1 this year and boy does she look the part! When you talk about a calf that is super complete, sound and good structured, she checks all the boxes. Good haired with a beautiful rib cage, and great width and dimension, it is hard to poke a hole in her. She has a white right front leg that gets her noticed and she will be sure to leave an impression in the ring. We thought so much of this heifer we weaned her early and took her on the show road and she gathered lots of friends. Second in class to the division champion at JNHE and most recently was named the Reserve Grand Champion at the Wisconsin State Fair as well as being 5th Overall B&O Supreme Female. The guess work is done here – show, maternal, and has already won a banner. Cocoa is as close to a sure thing as you can get in the cattle business!

You will want to look this heifer up sale day! A true sale feature! Straight out of the Happ Mirage Cow family that has produced multiple National Champions for Hawk Livestock. Call Me is the type of calf we love to breed and show. Extended neck, beautiful front, amazing width and top shape, level and square hipped, with tremendous rib shape. Only an April, but as much potential as anything in the sale. A real favorite around here. Her sire, High Roller has been as hot as any bull of the breed, siring champions from coast to coast, and his females have been impressive as well. Check out the udder on our Lady Luck cow who we are offering a flush on in the sale, and you can see why I am so excited. Her dam, Callen, was Reserve Champion Female at Louisville for Lauren and is going to be a big part of our future. Sky is the limit on this one!

RED KINGDOM X CALLEN

Swigart

Lot 6 is another special Callen daughter. Callen, the dam, looks like she could still hit the showring today and is truly a standout in the pasture. Callen is a daughter of the Hawk donor Mirage, who is the dam of two Junior National Champions. Callen herself had a successful show career being named Reserve Grand Champion at the Louisville Jr Show as well as winning Reserve Division Champion at OKC. This heifer is sired by Red Kingdom who had been working so well for Trent Ray and GKB. A super complete female, moderate in size, yet perfectly proportioned and balanced. If you like them made well, punch your ticket!

LADY LUCK IVF ASPIRATION

Swigart

Lady Luck, or LuLu as she is affectionately known around here, has had quite the summer! Undefeated in the cow-calf division until being named Reserve Junior National Champion Cow-Calf pair. She truly has a unique story. Her pedigree reads like a "Who's Who" in the Hereford breed; High Roller, Whomaker, Diana and yet there is more than just her lineage. From a young age we knew Lady Luck was truly unique. Red necked and goggle eyes, she has always been a looker. Combining this with her power, massive body depth, and soundness powered her to reserve division wins at NAILE as well as a division win at OKC in the junior show as a heifer.

When Lady Luck calved in her story became even better, A beautiful udder with nice sized teats along with her first heifer calf out of Convoy. She won her class at Junior National as a pair last year and the first calf went to Karsyn Kleeman in MO and she has looked fantastic. When Lady Luck calved in a second time with a truly impressive Red Kingdom bull calf, we knew we couldn't leave her home this summer which started her impressive run.

Not only does this cow have the big three – Pedigree, Phenotype and Maternal traits – she is proving herself as a dam and transmitting her genetics. Her Red Kingdom bull was a division winner at Junior National and wait until you feast your eyes on her 3 Marksman calves selling as lots 8, 9A, & 9B. They are sale features! We don't sell IVF Aspirations on our donors very often, so take advantage of these cutting-edge genetics. Terms of IVF Aspiration will be available on sale day or upon request.

MARKSMAN X LADY LUCK

Swgart

Lots 8, 9A, 9B – We chose Marksman as the first bull to flush Lady Luck to and boy these do not disappoint. They have been three of my favorites all summer and each visitor seems to gravitate to a different one. I have raved about the dam who we are selling the flush on and these calves are sired by the hottest bull in the breed. Marksman semen has been hard to get and had been selling for \$750 per straw. I don't think you can find stronger pedigrees or phenotype anywhere!

I have been drooling over this heifer every time I saw her in the pasture all summer! She is made so good at the ground, has a massive rib cage, along with perfect structure. She is so balanced in her design, combined with the bells and whistles of a red neck and the goggle eyes! Truly unique and elite!

Lot 9A – This heifer was on the short list for early weaning for Junior National and was another favorite! Truly beautiful in her design, long and extended in her neck with a perfect shoulder. Another red necked beauty. A little greener in her design but we think she may end up in being the best yearling.

Lot 9B – This heifer has had a lot of fans and has been on visitor's short lists for the top cut. Like the other two sisters she is super correct in her leg set, so smooth in her makeup, and carries the beautiful Marksmen profile. She had a little more chrome on her than the two sisters, but still carries that great eye pigment.

All three of these calves are great! We think they have the structure and makeup to excel in the showing, and the maternal power behind them to be future donors. You be the judge of which one you want to put your program on the map!

KOOL PROFIT X VICTRA

Swigart

We invited our good friend Scott McDonald to consign to the sale. Scott has been amassing some unique genetic pieces in Michigan that complement what we are doing here at the farm. Were we excited when this one jumped off the trailer! Just an April baby, sired by the 2024 OKC Reserve Champion bull Kool Profit. This will be one of the earliest Kool Profit's to sell in the country and if they all look this good, watch out world! Lot 10 has style and look to burn! Not only is she a head-turner but has some rib shape and dimension demanded by the judges today. Backed by a young Smokestack cow from the well-known Topp program, there is a lot to like in this heifer!

Swigart

This is one of two heifers we have shown this summer, and boy did she do great! She has already hung her first banner as she was named Reserve Division 1 B&O Heifer at the Grand Island Junior National! Her sire is the American Classic son Dignified, who is now deceased and whose semen is in short supply. The Dignified calves have been some standouts for us. Out of a past Lot 1, Poetry, who we own with Maddie Smith in Texas. Poetry went on to win divisions at two national shows in KC and Fort Worth. This is Poetry's first set of ET calves, and they surely have that spark! Lot 11 is remarkable that she is so big footed, yet ultra feminine through her front, with a beautiful angle to her shoulder down through her front knee. Combined with a beautiful rib shape and super hair, this one could be a lot of fun next summer. Super tame and mellow, she would be great even for the youngest showman!

LOT 11 - RESERVE CHAMPION DIVISION 1 JNHE BRED-AND-OWNED FEMALE

Lot 12 - If you are looking for a smoking good horned heifer this one is it! Sired by Copper Candi, the 2022 Reserve Horned Bull at Denver from the great Fawcett program. Her dam was a Contender, was probably one of the best breeding sons of 2296 after he was named Reserve Horned Bull at Denver for the renowned Jensen herd. I have seen a resurgence of Contenders competing in the showing, and I think it is because they have such ideal leg and pastern set. Lot 12 has this phenomenal leg structure and struts around the pasture like an athlete. She combined this with the power and bone of the Patience cow family, is great headed and long as a freight train from tip to tail. If you are looking for some extras, she has a brown spot on the show side muzzle which will get you noticed in the ring. Her future is unlimited!

Lot 13 - Another really nice February Horned heifer who reminds me a lot of her full sister, Lot 12 in that she has such squishy feet and pasterns! Built for the long haul, it takes great feet and legs to stay sound as a big bred at next summer's shows. Just a super sound, real complete female who has gotten better every day since weaning. To top it off she has a power-packed pedigree with some breed greats including Denver Reserve Champion Copper Candi, Junior National Champion Female Candi, Copper, Reserve National Champion Contender, past Lot 1 Poetry, and her dam of champions, Patience! Not a hole in it. Lot 13 is like a big old overcoat that will keep you warm with her depth of pedigree and great structured phenotype.

Lot 14 is the result of an embryo purchase from the great Barber Ranch Program. The dam, Belle 4082 is a truly beautiful uddered cow and the dam of the 2019 Denver Supreme Champion Hereford Bull, Belle Air. Lot 14's sire is the super popular Genesis. This heifer combines a showring look with 7 EPD's in the top 5% of the breed - some of the best genetics in the breed combined with a great phenotype. Long necked, graceful, straight in her lines with a super top rib shape, we think she is a real beauty.

OPEN HEIFERS

Lot 16 – The Topp Hereford program has been synonymous with quality females, balanced genetics and performance testing. McDonald Farm has purchased some elite genetics from the Topp program and the early results are fantastic. Lot 16 is a result of Topp genetics, 3 generations deep! Sired by Imprint and out of a Smokestack dam! Lot 16 looks like a great cow in the making, cherry-red, soggy-made and packed with performance. Don't pass her up if you are looking for a maternal package.

Lot 15 – Another super nice heifer from McDonald Farm. Sired by Arlo, one of the most unique new bulls in the breed owned by Colyer, Hoffman and Buck, hard-to-find, cutting-edge maternal and carcass genetics. The dam, Modest 19J, is a new Marksman donor out of Sapphire from the Hawk program, who excelled in the showing as a heifer. You will love the bone, soundness and body in this female. Dark cherry red, conservatively marked and gog-gle eyed, she comes with a lot of bells and whistles people are looking for in modern Herefords.

Lots 17A & 17B – Patience is a donor that has put us on the map as she works with so many different bulls. She is the dam of 13 division or reserve division winners at national shows. Red Kingdom is another sire that has really clicked with her. Different visitors tend to have different favorites between the two. Lot 17A is super deep bodied and cowier with performance to burn. Lot 17B came in a little greener package and is the longer necked, more elegant version who I think will make a really good yearling. Pick your kind and take her home and you won't be disappointed.

Suegart

Maker's Mark is a multiple trait-leading, low birth weight, maternal sire owned by the great programs of GKB, Copeland & Green. Merging these genetics with the power of Patience has intrigued me for a while. While we only had one offspring from this mating, we sure like her. She is a super sharp profiling heifer, with a long neck, smooth shoulder blending into a nice rib cage. Like a good liquor, she just keeps getting better with age!

DIGNIFIED X PATIENCE

Lot 19

Swigart

Lot 19 – She's a freaky gir!! If you like them giraffe necked and huge middled, you need to check her out! She combines this with Patience known power and three-dimensional width. Out of the recently deceased Dignified whose calves have been getting lots of attention. I really hope this heifer finds a great home that loves to Jackpot, because she will look incredible this winter!

Lot 20

Lot 20 – Another really nice Dignified daughter and a full sister to lot 19. It's easy to get lost with the depth and quality of the cattle in this sale but don't pass on lot 20. To me it matters more how they are made than how big they are. This one fits the bill as she comes to you in a moderate size. She has a really nice design, made good at the ground, and all the parts fit together in a well-balanced package. She is built for the long haul. Keep her fresh and mobile and she can look really good next summer.

PATIENCE COW FAMILY

Lot 21

Lot 21 – I don't think any mating has made more elite ones for us than the Redemption out of Patience, Lot 21 is a full sister to a past Lot 1, Wildcat Poise 8221 ET, who sold for \$22,000 and was named a division champion at Junior National as well as the American Royal! Most recently another full sister, Wildcat Polished 219 ET, won her class at JNHE as a big senior yearling and was a Reserve Division winner at the 2023 Junior National. I am still not quite sure why we didn't take lot 21 out and show her this summer as she is our kind! Truly a powerhouse, extra stout and big hiped, with an awesome rib cage. If you like big, heavy constructed females, look her up.

Lot 22 – If you are looking for something a little different in a less competitive division, check out this December Horned female who we think will be a great Fall Calf and Senior Yearling. Moderate in size, but very complete in structure, it is hard to find fault with her. The eye-catching looks of Copper Candi combined with the power of Patience makes for an intriguing opportunity.

Kegley's dug deep into the herd to bring a really nice young cow who is a sale feature. She is a granddaughter of the Star Lake Olivia cow, who was one of the most influential cows of the breed. She is sired by Kegley's Warhead bull, son of the KF Candy cow, who was a past Iowa State Fair Champion Cow. Lot 23 is a really good structured, moderate framed, and deep bellied, the kind of cow that is going to wean a big heavy calf every year! To top it off she is halter broke and easy to handle. Look her up sale day!

Lot 24B

Swigart

Lots 24A, 24B & 25 – Lots 24A, 24B and 25 are all full sisters sired by Big Country out of Wildcat Mystery. We loved the power and mass in Big Country when we saw him named Horned Champion at OKC. An outcross for us, we found him so intriguing and he has not disappointed. Their dam Mystery, was a past Lot 1 for us who has turned into a fantastic donor. She is the dam of Mardi Gras, featured on page 4, who was the Third Overall B&O heifer at JNHE. Power in the blood with these three!

- Lot 24A – A really sharp looking female. Very smooth made with a killer profile, sound on the move. She also is dark cherry red with some eye pigment to boot! Confirmed heifer pregnancy!
- Lot 24B – Another red necked, goggle-eyed beauty. Super stout and rugged. We thought this one had show potential, and even broke her!

MYSTERY COW FAMILY

Lot 25

Lot 25 – Rugged, big and broody. Another dark heifer with good pigment. Bred to heifer sexed semen.

Lot 26

Lot 26 – This heifer is a favorite of mine, and I still wonder why we never showed her. A daughter sired by Marksman and out of Mystery, the dam of Mardi Gras who did so well for us in the showing this past summer. Lot 26 is a super profile, cool-looking moderate female with good running gear. She has the look of one that could raise a special show heifer down the road. And she might do that with her first calf as she is carrying a heifer pregnancy! Bred to Fresh Prince, a bull that took OKC by storm in 2021, selling for over \$100K in the national sale. We loved his look, design and cow family and he is proven to be a multi-trait leader, low BW bull.

WILDCAT PARFAIT 3778 ET - 2024 IOWA BEEF EXPO
SUPREME ROW CHAMPION FEMALE - FULL SISTER TO LOTS 27A&B

Lot 27B

Swigart

Lots 27A & 27B – Lot 27A & B are full sisters to the Iowa Beef Expo High Selling Hereford Heifer and the Supreme Champion Female Overall Breeds. They are sired by Big Country, a bull that has intrigued us since he was named Horned Champion at OKC. This mating has really clicked and it is important to note they are an outcross to the 2296 bloodlines. Both are daughters of our foundation donor, Patience.

- Lot 27A – is Evan's favorite bred heifer. You can see why as she is big ribbed and stout, yet well-balanced in an easy fleshing package. There is a lot to like in this female!
- Lot 27B – Similar in design to 27A. Lot 27B is very flexible and moves well. Really smooth shouldered blending into a nice ribcage.

PATIENCE COW FAMILY

Lot 28

Lot 28 – Sired by the immortal Whomaker, whose hard-to-get semen trades for over \$1,000 a unit. This was the only heifer pregnancy we had on the IVF flush. She is one-of-a-kind out of elite genetics. What impressed me the most about this heifer is her extreme length of body, but still stout and big-hipped. She has a distinctive brown spot on her head for those that like some uniqueness in their coloring pattern.

Lot 29 – A full sister to the Wildcat Piranha heifer that sold to the McArthur family and ended up being the Reserve Champion heifer in the Michigan SHOWS series. Liberty has been a bull that has worked really well for us on many different cows, and he blends well with Patience. Lot 29 is a big framed, pigmented female that remind us a lot of her dam.

Lot 30 – This is a stout-hipped, big-footed, large-framed female. Sired by the Reserve Grand Champion Bull from Iowa State Fair, Convoy, from Pat Wall & the Valley Creek Ranch program. Convoy intrigues us an outcross bull with calving ease, great numbers and look. He has worked well on Patience. Bred a little old school to the calving-ease EPD star, Perfecto, could make this first calf pretty exciting.

CAITLIN COW FAMILY

Lot 32 – This heifer has been a favorite since she came home from the cooperator. A popular full sister sold last year for \$21,000. This one is cut from the same cloth, but just smaller in her makeup. Redemption has always worked so well for us and we were fortunate to purchase some semen before his untimely death. He has done so much good for our program, including siring a reserve division champ for us at the Madison junior national. To top it off, she is out of our super-uddered Caitlin cow. Lot 32 will be a smaller cow, but is super deep bellied, with ideal feet and leg structure. Has a heifer pregnancy to the popular easy calving Majestic.

Lot 31 – The maternal potential is high in Lot 31. Sired by Fresh Prince, who is making a name for himself in our breed with his great calving ease and nice udders. This mating to Caitlin might take the udder quality to the next level. Lot 31 is sound, good looking, cherry red, goggle-eyed with nice rib depth and shape. Emily Schulz bought a full sister to this female last year, and said lot 31 is a spitting image of her. That full sister was a fantastic first calf heifer with a level udder and nice small teats, and we think this one could turn out the same.

BRED HEIFERS

Lot 33 – Just a June, the youngest bred heifer in the sale. Her dam was a past WI state fair champion for us that has turned into a heavy milking nice udder cow. Bred to our Iowa State Fair Champion Crackerjack son, Garde.

Lot 34 – Out of a really good Crackerjack daughter from the DelHawk program. Bred to Fresh Prince heifer sexed semen.

Lots 33 and 34 are both sired by our herd bull, *Casino!* He is a High Roller out of *Caitlin* that was at her side when they won the Cow-Calf Division at JNHE. He went on to become a division winner at the American Royal. Following an injury, he stayed on the farm and covered a few cows. We think the maternal strength is high in his daughters as the High Rollers have been great cows and *Caitlin* has a nearly ideal udder. Both of these heifers are made so nice; straight lined, well-balanced and good structured.
