1M is patterned just like his sire that caused quite a stir when he topped the NJW sale in 2022 at \$130,000. Our Character calves have been the most consistent sire group for us the last 2 years. They have been moderate sized at birth and calved easily with lots of vigor.

1M is out of a strong cow family that traces back twice on the dam side to Mead Cattle's great 5043 cow.

We have a maternal brother to 1M out breeding cows already or we would be keeping this one ourselves.

Halter broke and extremely docile.

He is a bull that has stood the test of time and is still a trait leader for CE, Milk and Carcass traits. 21M's dam has always done a good job raising a fat calf with no added inputs and we expect this girl will do the same. A very powerfully constructed cow from the Journagan Ranch/MSU program.
Cow power — super attractive freckle faced cow with loads of maternal traits.
Beautiful compact udder with small teats. She can flat raise and calf and is bred back the same way ... we love our "Rimrock" calves.
Pasture exposed from June 8 to Oct. 9, 2024 to NJW 119E 27C Rimrock. Observed bred June 12 and safe in calf.

She's sired by an Endure son used extensively in the Durbin Creek Ranch herd and her dam sells as lot 46. Check out her REA, CW, CHB and carcass EPDs. Stella 3218 is one that we are very proud of here at the farm. She has cow power written all over her!
Her explosive rib shape and maternal look reads future donor cow all the way through.
This is one we should be holding on to ourselves for the future.
