PARTNERS IN PERFORMANCE 2024

Jim D. Bellis Family 17th Production Sale

Saturday, October 12, 2024 • 1:00 p.m. • JD Bellis Family Farm, Aurora, Mo

Sale Location

Between Springfield and Joplin off I-44, take Exit 49 south on 174. Then take Hwy K towards Aurora, 7 miles to County Road 2170. House and farm are first on the left.

19264 Lawrence 2170, Aurora, Mo 65605

Sale Day Phones

Kevin Johansen - 573-289-1061

Jonathan Bellis - 417-440-1300

Jamie Johansen - 573-645-6317

Terms

Cash or check unless prior arrangements are made with owners.

Liability

Each animal will be at the purchaser's risk immediately after the animal is sold. Insurance can be obtained by contacting the sales clerk. Persons who attend the sale do so at their own risk. Owners assume no liability, legal or otherwise, for any accident which may occur.

Registrations/Transfers

Certificates of registration will be transferred to the buyer by the seller. No AI certificates will be provided on sires not owned by the Bellis family.

Health

Herd health is under the supervision of Dr. Ryan Jones, Aurora Animal Clinic. Health papers will be available for cattle to be shipped interstate.

EPDs

Printed EPD values are the latest and most up-to-date available from the American Hereford Association at press time. We have taken great care to make sure that the EPD data is correct, but sale day updates will be made if a mistake has occurred.

Trucking

At the buyer's request, we will help make arrangements for delivery of the cattle after the sale. Leave detailed information with the sale clerk. We recommend that you insure your purchases prior to trucking.

Insurance

Insurance can be obtained by contacting the sale clerk.

Announcements

All announcements at the sale by the owner, sale staff, or auctioneer concerning the cattle will take precedence over statements in the sale catalog. We reserve the right to withdraw any sale lot not meeting our specifications prior to sale time.

Accommodations/Airport

Springfield, MO. is served by several major airlines. The sale is located about 30 miles from the Springfield Branson National Airport. There are countless hotels in the Springfield area.

Sale Staff

Justin Stout - Auctioneer 913-645-5136

Kevin Johansen* 573-289-1061

Joe Rickabaugh* AHA 785-633-3188

Matt Caldwell* 913-755-1105

**Kevin, Joe and Matt can take phone bids on sale day.*

Acknowledgments

Catalog design & layout by Honey Creek Media.

Sale cattle video & photos by Dusk to Dawn Marketing.

Schedule of Events

Friday, October 11

1:00 p.m. Cattle viewing begins

Saturday, October 12

9:00 a.m. Cattle viewing begins

11:00 a.m. Lunch

1:00 p.m. Sale

Complete EPDs are listed for each animal in the sale. For ease of understanding the data, an EPD graph is listed for most cattle. The line in the middle of the graph represents Hereford breed average. Anything to the right of the middle line is better than average. To the left of the line is lower than breed average. The percentile rank for each trait is at the bottom of each graph.

HEREFORDS
19264 Law 2170, Aurora, Mo 65605

Dear Friends,

Welcome to our 2024 sale. This year is significant for us, as it marks the first sale since we lost our dad, Jim Bellis, earlier this year. For over 30 years, he led this herd with an unwavering commitment to producing “No Excuse Herefords” and staying true to our philosophy of being “Partners in Performance.” We are proud to continue his legacy and offer you the fruits of his life’s work, and in many ways, this sale is a tribute to his vision and passion.

Throughout the years, Dad’s letters in the sale catalogs have served as a window into his heart and the values he built this operation on. From his earliest catalogs in the 90s, he emphasized the importance of providing you—the customer—with honest, reliable information. Performance records and EPDs were not just numbers; they were the foundation of our breeding program. Dad wrote, “Performance records and EPDs are of utmost importance to progressive cattlemen,” and we still believe that today. We’ve continued to focus on genetic integrity and accuracy, and we use EPD data as the most meaningful tool for evaluating and improving the herd.

As Dad mentioned in his 2002 letter, “We’ve been using EPD data since it was first available nearly 20 years ago, and we believe it is the single most important tool for cattlemen to use when planning their herd’s genetic future.” Now, it has been over 40 years since EPD data was first available, and Dad’s belief in EPD performance continues to guide us through every mating and selection decision, and we remain committed to submitting accurate data with true contemporary groups. We know that pedigree integrity and Genetically Enhanced EPDs are vital to the future of the Hereford breed, and we continue to invest in that future.

In addition to focusing on performance, Dad was always proud of our cow families. In 1992, he wrote about the decision to focus on milk production when the breed struggled with cows that couldn’t raise a good calf. He wrote, “It was a time when National Champions were leaving daughters that milked very poorly. To us, that was totally unacceptable.” We took on the challenge to raise Herefords that excel in maternal traits, with strong udders, good fertility, and the ability to perform on fescue pasture. We hold to these principles today and are proud to say the females in this offering reflect that standard.

In 2014, when Dad’s battle with clear-cell sarcoma was discovered, despite the challenges, his love for the cattle never wavered. Over the ten years of battling cancer, Dad’s capability had peaks and valleys, yet his faith and positivity saw him through those difficult times, and it’s that same strength we carry with us now as we continue his work. Dad was laid to rest in March of this year.

In Dad’s final catalog letter last year, he spoke of the blessing of having the second and third generations involved daily in managing the herd. “What has made the most difference is that the second and third generations of this operation are involved daily in management,” he said. That’s still true today. Our family’s unwavering commitment allows us to continue offering cattle that meet the high standards Dad set decades ago, reassuring you of the quality you can expect from us.

As we present this offering, we do so with full hearts, knowing how much Dad valued each and every customer who walked through the sale ring. “Few things made him happier than creating matings that would help others grow their herds of ‘No Excuse Herefords!’ We are deeply grateful for your continued trust in our program, and we look forward to seeing how these cattle can help you achieve your breeding goals.

We hope you join us on October 12th as we honor Dad’s legacy. Please don’t hesitate to reach out if we can assist in any way as you prepare for the sale.

With deepest gratitude,

The Bellis Family

• Junior exhibitors need to pay attention to this attractive, red necked RV Valor 9444G daughter. Her young mother is a EFBEEF BR Validated B413 daughter that is a moderate and efficient female for us. M007 has the ability to be very competitive in the show ring. She has great rib shape, big hip, big boned, super sound and a nice hair coat.

• This late February heifer calf could provide some purple ribbons next summer. M007 is entered in the American Royal in Kansas City at the end of October.

• Multiple traits in the 10%: CE, BW, SCF, MCW, UDDR, TEAT, CW, REA, MARB, BMI, BII, CHB

[Lot 7] JDB B413 A325 LADY VAL H117

- This female is what you look for in a young cow. Goggle eyed, dark red, big boned, big hipped.
- She sells safe in calf to our young sire, JDB G595 C595 Resolve K214, a solid KCF Bennett Resolve G595 son with an impressive EPD profile. The calf was sexed as a bull calf. With her being a EFBEFF BR Validated B413 daughter, this combination could pay for your investment with the bull calf she is carrying.
- Multiple traits top 10%: MCE, REA, MARB, CHB

125	1.30	1.30	82	-0.007	0.46	0.14	304	392	122

• This female has been a favorite of ours because of the progeny she has produced. She is a daughter of a Trust cow (A009) that has produced some of our best bulls for our customers. G921 is very feminine, dark red necked with eye appeal. You can see what she can do once you look at her KCF Bennett C776 G507 daughter selling as lot 10A.

• She sells safe to C Barracuda 0114, AI date 6/15/24. Pasture exposed to KCF Bennett C776 G507 7/1-8/1/24.
 • Multiple Traits top 10%: WW, YW, MG, FAT

84	1.40	1.30	59	0.043	0.51	0.31	338	428	113

- L304 has been the other favorite out of the fall heifer pen. Her mother is one of the best mature, Boomer Domino X46 daughters still producing each year. You've seen her in our sale ads. Big hipped, big bodied and front end that ties nicely in the top of her shoulder. Just like her paternal sister, L303, she has taken a growth spurt. But she has tons of potential.

• L303, a daughter of Churchill Kingdom 128J ET out of a JDB 7176 John Wayne X027 daughter. The John Wayne females were some of the best producing cows in the herd. L303 is dark red in color, long spined and deep sided. In the last three months, L303 has taken a growth spurt. When her body catches up with her skeletal growth, you will be happy with this individual.

• One of Kevin's favorites in the sale. It was hard to offer her up but you get the choice between her and paternal sister L307. L305 has the combination of old and new pedigrees to make a really cool female prospect. She could be developed into a front pasture female. Long bodied, big hipped and big footed. She is more production made, so might not make the show ring. Take extra time studying her.
 • Multiple Traits top 10%: CE, BW, MCE, MCW, UDDR, TEAT, MARB
