# THE FALL CLASSIC

2024

NOV. 19

AT THE RANCH 1 1/4 MILE EAST OF ODIN - KS

On behalf of B&D Herefords & Angus, I want to take this opportunity to invite you to our Fall Classic Production Sale. Paired with our Spring Season Opener Sale, this Fall offering has grown to include a great set of strong aged bulls that're ready for immediate turnout.

To begin with, I want to thank each and everyone who reached out to me, Michelle & anyone in the family after my quadruple bypass earlier this Spring. It is truly humbling to see the outpouring of support, and how truly special our close-knit industry is.

The bulls have done really well this summer, even as we've started another dry spell. Late spring & early summer rain provided an excellent forage base for the entire cowherd.

Even with some of the recent volatility in the markets, we are still in a tremendous cycle for the commercial cow-calf producer. All signs point to calf prices staying elevated, and as many of our customers have realized, "pounds pay the bills." Selecting genetics that will maximize profitability at either weaning or yearling time has allowed our bull customers to experience some of their best times yet.

Where we at B&D Herefords & Angus truly pride ourselves is on the maternal side. While the steer calves sired by this bull offering will put you on the top end when you market them, where these bulls set themselves apart is siring replacement daughters. The U.S. cowherd inventory remains at historic lows, and we are starting to see the cowman keep daughters back to build herd numbers. Pay close attention to the data on the bulls selling. We keep a close watch on the maternal production on each one of these dams, and most of these bulls come from cows & cow-families that are strong producers at weaning time. This highly heritable maternal production ensures that the daughters from both our Angus & Hereford bulls will sire females with longevity & strong maternal traits.

As we do in our Fall Classic, we are selling the 5-year-old Fall calving Hereford cows. We don't sift off the top end of these, and are offering many females that are excellent producers, and raise some of our top bulls and females every year. Most all of these will have a calf at side by sale day.

As always, the bulls & cows will sell on video, and we will be live on DVAuction for sale day. We welcome visitors to the ranch anytime to view this set of genetics, and if at anytime you have questions, please don't hesitate to reach out to us.

We'll see you on the 19th!!

## TERMS

Terms of the sale are cash. Cattle are at buyer's risk as soon as sold, but will be taken care of for a reasonable time.

## HEALTH

All cattle will sell with official health certificates and will be tested for TB, PI and Bangs. All cattle are guaranteed breeders. Heifers have been calfhood vaccinated. Bulls are semen and Trich tested.

## GUARANTEE

All bulls are guaranteed to be breeders. Bulls selling for \$5,000 or more are guaranteed against breeding injury for the first breeding season, which is defined as the 90-day period following the first turnout of the bulls. If a replacement bull is available, he will be provided or if the buyer prefers, credit will be given toward a bull at the following year's sale, less salvage value of the injured bull. Notification must be given to B&D Herefords & Angus, LLC prior to selling the injured bull.

## DELIVERY

Volume purchases of \$15,000 or more on bulls are delivered free anywhere in the continental U.S. No delivery will be over \$350 per bull to anywhere in the lower 48.

## ACCOMMODATIONS

There are several hotels available in Russell, Kan.

## PERFORMANCE

Complete whole herd and AHIR performance records are available on the cattle. Present weight and scrotal measurements will be available sale day.

## LIVESTOCK MORTALITY INSURANCE

A representative from American Livestock Insurance Company will be available to assist you with mortality insurance for your purchases.

## THIS YEAR WE WILL NOT BE RUNNING THE ANIMALS THROUGH THE RING.

We will have televisions and videos running.  
The animals will be on display at the sale site.

**DVAuction**  
Broadcasting Real-Time Auctions

### Buying online is as easy as 1, 2, 3...

1. Create an account at [www.dvauction.com](http://www.dvauction.com) under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction — a DV representative will notify you once you have been approved.
3. Tune in for the sale and make your purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. High speed internet is required for successful bidding — be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

**Proxy Bidding** — If you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing and fill in your maximum bids. We'll handle the rest!

### Having troubles?

During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at 402-474-5557.

• To start the Hereford calves are two brothers out of a big time donor cow from Holden Herefords. These two brothers offer big time calving ease along with high growth & maternal. We think enough of Lot 1 that we used him on heifers this Spring.

Left: Ellingson Unchartered, the high-selling Badlands son in our 2023 sale to U2 Ranch.

Badlands is one of the most exciting Angus sires to have come around in many years. His balanced-trait package gives him the correct tools to make a meaningful impact in the cattle industry.

Badlands has proven to be a reliable calving-ease sire after large proofs in both the commercial and purebred sectors. His sons have added base width and volume, structurally sound packages and authentic breed character.

His Pathfinder dam continues to reach uncharted heights of success. As an outlier for combined maternal and performance excellence, she now has numerous sons being utilized via A.I.

Badlands will continue to play a major role in our breeding program for years to come. He is owned with Katus X7 Ranch and B&D Angus and Herefords.

**Take advantage of hybrid vigor by capitalizing on Hereford genetics.**

The Maternal Advantage program generates females with added longevity, more docility, increased fertility and more profit per year.

Can be utilized by producers using Hereford bulls on British-based cows or Brahman-based cows in their breeding program.

Producers utilizing the program will have access to a sire EPD summary, added market exposure, replacement selection tools, genetic improvement tools and access to AHA resources, marketing and staff.

## Qualifications

- Producers must verify that eligible females are sired by registered Hereford bulls with transferred ownership.
- Participating bull batteries must rank in the top 50% of the breed for Baldy Maternal Index (BMI\$) if used on British-based cows or the top 50% of the breed for Brahman Influence Index (BII\$) if used on Brahman-based cows.

# MAKE YOUR CATTLE STAND OUT

You've made a significant investment in your genetics, but does the market recognize that? Stand out by differentiating our cattle with AngusLink<sup>SM</sup> programs: the Genetic Merit Scorecard<sup>SM</sup> and AngusVerified<sup>SM</sup>.

ANGUSLINK<sup>SM</sup>  
**GENETIC  
MERIT  
SCORECARD<sup>SM</sup>**

The Genetic Merit Scorecard gives buyers the confidence they need to pay more for your quality calves.

**ANGUS  
VERIFIED<sup>SM</sup>**

AngusVerified validates your calves are sired by registered Angus bulls and make your cattle stand apart from other black hides on sale day.

Users of AngusLink programs earn **\$13-15/CWT PREMIUMS** on average. Give us a call, and learn how to claim your competitive edge with AngusLink value-added programs.
