# HEREFORD NIGHT IN OKC ▪ 1/10/2025

Dear Hereford Breeders,

Welcome to the National Hereford Sale — Herford Night in OKC. We look forward to returning to Oklahoma City, Okla., in 2025. Last year's offering and sale was outstanding. The Hereford Night in OKC has become one of the feature sales for the entire event — quite a tribute to the consignors and quality of Herefords selling in Oklahoma City.

The Hereford Night in OKC sale will once again offer elite Hereford genetics — bulls, females and herd picks. This sale in the past has brought forward bulls that have left a lasting impact on the Hereford breed. The 2025 sale will feature bull lots, several of which includes at least half possession or more; a benefit for breeders wanting a great pasture sire for their operations. Females selected from this sale have found their way to donor pens for breeders across the nation. Herd picks offer a unique opportunity for breeders to select proven genetics from leading Hereford operations.

The opportunity to select additional lots for this sale from the pen and open show will be available again this year. These additions to past national sales have added excitement and another valuable aspect for Hereford breeders to consider.

**Consignors and their Hereford genetics make this sale successful. Quality runs deep in this national offering. We thank the consignors of past sales and the consignors for this year's event.**

Returning this year to the Cattlemen's Congress is a Commercial Cattlemen's CHB Luncheon that will be held during the Hereford bull and female pen show on Thursday, Jan. 9. Again this year, the steak sandwich feed will start at 11:00 a.m. commercial cattlemen from throughout the Midwest will be invited to both the pen show and CHB steak feed.

Don't forget to attend the Hereford Eve in OKC sale on the evening before the National Hereford Sale. Hereford Eve in OKC is slated for Thursday, Jan. 9, at 7:30 p.m., at the Embassy Suites Oklahoma City Northwest. This sale annually offers some of the best frozen genetics the breed has to offer.

We invite you to attend the 2025 National Hereford sale in Oklahoma City. If you can't make it to Oklahoma City, the sale will be broadcast on LiveAuctions.TV and offers you the opportunity to bid via the internet. Feel free to contact us with any questions or for additional information.

All the best,

*Joe Rickabaugh*

Hampton Cornelius . . . . . LaSalle, Colo.	Grant McKay . . . . . Marysville, Kan.
Jerry Delaney . . . . . Lake Benton, Minn.	Danny Fawcett . . . . . Ree Heights, S.D.

## SALE MANAGEMENT:

Sponsored by the American Hereford Association

Joe Rickabaugh

11500 NW Ambassador Dr., Suite 410, Kansas City, MO 64153

Office: 816-218-2280 • Cell: 785-633-3188 • jrick@hereford.org

## HOTEL IN OKC:

Embassy Suites, Oklahoma City – Northwest . . . . . 405-842-6633

**TERMS and CONDITIONS:** The terms of the sale are cash or check payable at the close of the sale and prior to load out unless previous arrangements have been made with the owner or sale manager. Animals will be sold to the highest bidder with the auctioneer settling any disputes. Announcements at the sale by the owner, sale manager or auctioneer will take precedence over statements in the catalog. Each animal becomes the buyer’s risk as soon as sold, but will be cared for by the seller until load out or for a reasonable period of time. All transactions will be in U.S. dollars.

**GUARANTEE:** All cattle will sell under the suggested sale terms and conditions of the American Hereford Association.

**HEALTH:** Health of the consignments is excellent. Individual health papers will be furnished for shipment in the United States. All animals become the property of the purchaser at the time of sale and we strongly recommend that you insure your purchases. Bulls over one year of age have been fertility tested and will guarantee semen to freeze. Bulls have been trich tested.

**INSURANCE:** Insurance will be available the evening of the sale.

**DELIVERY:** Delivery costs and arrangements of sale animals are the responsibility of the purchaser. Sale personnel, consignors, exhibitors and various reputable trucking firms will be on hand to assist with transportation arrangements.

**EPDS:** The EPDs reported in this catalog are reflective as of Nov. 5, 2024.

**ABSTENTEE BIDS:** Absentee bids by persons unable to attend the sale may be placed by phone or mail with the sale management, AHA field managers or any of the sale staff.

**PAYMENT:** Payment for each lot in the 2025 Hereford Night in OKC sale is to be immediately after the sale. The buyers who choose to be billed need to make payment as soon as possible after the sale. Interest will be accrued on unpaid balances starting on February 15, 2025, at the rate of 1.5% per month, 18% annually.

## CHOICE OF TWO SPRING PAIRS

This year we decided to bring our biggest and best offering to the National Hereford Sale. We are offering the selection of two spring pairs. The modifications to this pick will allow more efficient evaluation and selection before the cow herd leaves ranch headquarters for summer breeding pastures and help get these females right to work in your herd. Don't miss this opportunity to find a unique breeding piece from the number one Dam's of Distinction herd!

Featured progeny will include over 75 calves from each of these sires: Churchill W4 Sherman 2157K ET, H Timeless 2336 ET, NJW 79Z 029H Vista 147L ET and UPS Ranger 20060 ET. Heifers were bred AI to RV Valor 9444G ET, Pyramid Daybreak 9165 and R Identity 6112. Sires of the older, proven females include: R Revolution 4510, SHF York 19H Y02, Gerber Anodyne 001A, R Leader 6964, R Bonanza 4164, Endure and Churchill A1 ET. Sires of the younger females include: RV Valor 9444G ET, RST 167Y Trust 8132, Pyramid Daybreak 9165, AH JDH 34X Victor 33Z 2E ET and Whitehawk R Governor 413H.

TERMS: Lot 1A will offer the 2, 3 and 4-year-old cows. Lot 1B will offer the cows ages 5 and up. Winning bidder will have the option to pick Lot 1A, 1B, or both for twice the money. Approximately 850 spring calving cows to be evaluated. Calving window is primarily late February through April. Selection to be made before June 1, 2025. We retain the right to one flush for females and 1/3 interest on all bull calves selected with their dam.

- Homozygous polled
- As we pursue excellence in all traits of beef production, we believe Pursuit checks the right boxes to elevate our program as well as many others. He combines flawless phenotype and genotype to the highest degree.
- His dam, grandam and great-grandam are beautiful uddered, highly productive females that are easy fleshing, feminine and good footed.
- Pursuit will see heavy use in our program.
- Selling 1/2 interest and 1/2 possession with the option to double. If the option to double is exercised, Boyd Beef Cattle retains in herd use of semen and certificates.

- What a mating – this heifer is a maternal sib to EXR Generator 0333 ET – AI sire raised by Express Ranches and owned by ABS. He is making his mark across the country in many herds. Go to the top side of the pedigree and H The Profit 8426 ET continues to extend his reign in making stout, deep and easy fleshing cattle. Quite a combination of pedigrees for this offering in the Nation Hereford Sale.

EXR GENERATOR 0333 ET

Maternal Brother to Lot 7

## PICK OF THE HERD FLUSH

Chapman Land & Cattle is a program built around the strong fundamentals of the Hereford breed with correct, sound, and a functional easy keeping type of cattle. With an offering made up of multiple high-quality females to choose from with upward trending EPDs, as well as tremendous phenotype, and genetics to back them. We look forward to working with the prosperous breeder that makes this purchase. Selling the right to one IVF or conventional flush of on the female of your choice with a guarantee of six (6) transferable embryos with no cap.

1/3 of the proceeds will go to the Hereford Research Foundation.

• Mercedes 027L is an exciting granddaughter of the highly sought after Mercedes 11E. 027L's dam, 228G, is a full sister to Makers Mark and packs a punch with every mating we throw at her. This Bolder daughter is no exception being goggle-eyed, short marked and stout featured. Stacking the Mercedes lineage with Cody and Shawna Chabot's 701 donor has rolled out the carpet for an incredibly efficient, gorgeous female.

- Checkout our Green Cattle Co. Facebook page to view her video closer to sale time.
- Bred AI in November to Huth CLC WF Deluxe K016. Breeding date and pregnancy status will be available prior to sale.
- Seller retains right to two flushes with a minimum of 12 total embryos at buyer's convenience and seller's expense.

# Innisfail Farm

## 15

## PICK OF BULL PEN

Churchill Broadway 858F was a logical choice to utilize as an outcross sire once the data rolled out from the National Reference Sire Program. He charts 541 BR@100, 452 WR@100.7, 237 YR@101.3, and 135 IMF@106.5. 16 progeny harvest data points, and 21 DMI data points prop up his indicators of feedlot profitability. Currently, he has 83 daughters raising 113 calves for a NR of 100.2. The real-world production data has legitimized his top 1% indices.

The mothers of these bulls are two standouts of the "Kate" cow family. Both descend from the great T723 cow that brought you 4013 and Trademark. They are cattle that have performed extremely well in the southeast. 920 and 723E are moderate in their stature, huge bodied, great uddered, and have the build that lasts. When you trace their maternal lineage another generation back, it would be hard to find more impactful females than 4014 and 7111 on our program. They are the kind of mother cow that has been the backbone of Innisfail Farm for over 50 years.

If you share in our vision of making Hereford cattle with huge profit potential for all sectors of the beef cattle industry, then a herd sire of this caliber is highly impactful. Their eye appeal, biological type, and genomic indicators blend ideally. All four bulls went through an on-farm feed intake trial on our C-Locks, contact one of us to discuss the data!

Innisfail Farm retains 1/3 semen interest on all bulls.

- BB 9444 Dauntless 109M is the result of the Rausch Pick of Females that we purchased at the Hereford Night in OKC in 2023. His smooth neck and shoulder, soft foot and soundness, combined with massive body make him an exceptionally complete package. His growth is evident as he is in the top 5% of the breed in EPDs in WW, YW, Carcass Weight and REA along with a CHB in the top 10%. His completeness, genetics and EPDs are a profound combination that will make for an exciting future herd sire in the Hereford breed.

- BB 1015 Macey 202M ET will catch your eye with her dark, cherry red color and pigmentation on both eyes. She is long-bodied, super square made, and has a big foot and leg. Her EPDs are impressive as she is in the top 5% in seven of the main traits. Some of those include WW, YW, UDDR, BMI and BIS. She is out of one of our lead donors on the farm, EXR Oksana 7138 ET that has generated some of the most productive females in our program.

These two herd sire prospects are sired by the popular BK Red River H18. He is out of HAPP Kool Aid Points, which has produced 10 National Champions, and he is sired by H The Profit which has produced multiple champions, herd sires, and elite donors. Their dam, SULL Serendipity 5352C, was selected as the 2017 National Western Grand Champion Female. She is sired by the great ECR Who Maker and out of the immortal Sullivan Farms donor Serendipity. These bulls are loaded with power, substance, and quality.

• My Sweetheart is a very elite individual with a stunning look combined with power, balance, and flawless structure. She is sired by the popular young sire BK Red River; he is the combination of two past National Champions. His sire, The Profit, and his dam, HAPP Kool Aid Points 1218, have both produced multiple National Champions. Her dam, Sweet Annie, was the Grand Champion Polled Female at the 2015 JNHE and she has been an anchor donor for Buck Cattle Company producing numerous champions, premier donors, and top sellers. My Sweetheart is a major league show prospect!

# Durbin Creek Ranch

## PICK OF 2024 HEIFER CALVES

Quite an opportunity to select from the heart of the Durbin Creek Ranch herd. Buyer has the privilege to select their pick of the open yearling heifers. There are 75 open yearling heifers.

Sires of this yearling group: SHF Houston D287 H086 (P44123641), Hills-Galore 44Z Resolute 128D (P43866386), NJW 78P 88X Cowboss 199B ET (P43483216), UPS Endure 8128 (P43921729), EF MF Longest Yard 19Z 228J ET (P44225190) and TDP 4013 211H (P44218028).

Selection of the female needs to be completed by June 1, 2025

Females of this caliber represent the depth of Lot 20. Choosing from over 75 females in the Durbin Creek Program.

The quality is deep and this opportunity doesn't happen often. A great feature for the Hereford Night in OKC National Hereford Sale.

GROUP OF BRED HEIFERS

**Falling Timber Farm**  
Beef Genetics and Nutrition

For the first time, the Barnes and Marion Families are exhibiting a pen of heifers at Oklahoma City and offering choice of them to the public. All four of these females were raised by our very best first calvers. Their mothers are tremendous uddered, easy keepers, and productive young cows in our program. Two of them will be flushed spring of 2025. All four females are sired by TH 195B Oracle 19K, our pick and the high seller of the 2023 Topp Herefords' bull sale. Oracle has proven in his first calf crop to be a tremendous calving ease option and a producer of elite female prospects. We truly believe his impact will be felt for years to come in our operation. This set of Oracle daughters represent what we expect out of females that will stay in our program – low maintenance, stout, and backed by productive beautiful uddered dams. All genomics and genetic testing will be updated by sale day.

## PICK OF BULL PEN

Running P Cattle Co. is proud to offer Pick of the Pen Bulls in OKC. This premier pen features two sons of Rubble and two sons of Thomas County.

From the beginning, our goal has been to produce elite phenotypes combined with EPDs at the forefront of the breed. These bulls are a testament to that vision. On average, they rank in the top 10% of the breed in 12 EPD categories, including the top 2% in 8 categories.

The dam and grandam of all 4 of these bulls, 7119, is the cornerstone of our herd and one of the breed's elite cows. Renowned for her impeccable udder quality, tremendous volume, mass, and structural integrity, 7119 has consistently proven herself with outstanding progeny year after year. She is the dam of Swagger, our yearling bull on display in our stall, and the 2024 National Champion Horned Hereford Bull, Rubble.

Rubble's first calf crop has exceeded our expectations, combining quality, performance, muscle, and maternal strength while maintaining real-world production values. The Thomas County sons are true beef bulls, bringing tremendous volume and substance to the table. They blend what I call two of the top cow families in the breed. This is a unique opportunity to select from a group of bulls that blend phenotype, performance, and proven genetics as seamlessly as you'll find.

## PICK OF THE TOPP HEREFORDS 2024 HEIFER CALVES

Quite an opportunity to select right off the top of the Topp Herefords Program. Successful bidder will have approximately 325 January-May 2024 born heifers to pick from. Over 20% of the pick will be ET heifers from some of the breed's leading donor matrons. Sires of the heifers include: TH Innovation 105H (P44138715), Churchill W4 Sherman 2157K ET (P44378036), Harvie Smoke Stack ET 195B (P43711169), as well as the exciting new Australian bull The Ranch Remington R028 (P44418045). An abundance of other front-end sire progeny also will be included in this choice lot. Selection to be made by April 30, 2025.

- Houston H086 has been an exciting cross for us to use on our cattle, consistently producing cattle that are functionally sound, stout and easy on the eyes while enhancing the EPDs of our females. 387L is proof of that – this combination female has the EPD profile and the added eye appeal to offer endless possibilities. She is the easy keeping kind that will make show heifers or herd sires with plenty of look and dimension adding profit to your breeding program. This heifer deserves more time in the show ring, bid with confidence and put more miles under her, or calve her out and put her in the donor pen.
- Will be bred AI to Churchill Equity 3316L ET, more information available sale day.

- Here's a female with a proven pedigree that's already proving her worth in production. 204K's dam is the first natural calf of the two time National Champion, Diana 01. This mating has produced many successful females. 204K is as stout and powerful as she is pretty. She's got a beautiful udder and is a good milker as evidenced by the big, stout bull calf at her side.
- This is an exciting Impact bull calf that has a ton of potential. He's built right and fully pigmented. Some of the first Impact sons have sold recently and demanded a lot of attention. Don't miss this opportunity to raise one of your own!
- Will be bred AI to HUTH CLC WF Deluxe K016.
