# MG/4M SPRING BULL AND FEMALE SALE

## Friends and Fellow Cattlemen,

I would like to start this letter with tremendous appreciation for everyone who has purchased from our program. I ask the rest of you to become part of our cattle family!

Our Fall sale feels like it was just yesterday. Since then, the cattle market has gotten stronger with prices reaching all-time highs. Literature shows we have 2 to 3 years before a downward turn in the cycle.

This set of bulls is an example of what we are producing. Solid, stout, balanced EPDs, and structurally sound. Our offering includes Hereford, Angus, Red Angus and Ultrablack bulls. The Hereford offering include genetics that are tried and true, including Mandate, Trust, 719T, 7143E, 252F and 10Y. The Angus offering goes back to Net Worth and the Ultrablacks to Legacy.

The registered Hereford heifers are out of the backbone of our spring yearling heifers. They will truly be a great addition to anyone's program, ready to breed to the bull of your choice.

The F1 heifers are currently with a low-birth-weight Angus bull and are as solid of a set we have offered. The heavy bred/pairs are currently calving, calves are looking great and are out of a ¾ Brahman ¼ Angus bull that MG/4M raised.

We would love to have you join us on sale day. If we can help you in anyway in the meantime, our gates are always open. I look forward to seeing you on February 22.
