TERMS AND CONDITIONS

Terms and Conditions:

Good check only. Each animal is to be sold to the highest bidder. The auctioneer shall settle any dispute as to bids. All cattle are to be paid for by the purchasers during or immediately after the sale and will not be released until settlement has been made. In the case of online buyers, arrangements are to be made with the Sale Manager immediately following the sale. Each animal will be at the purchaser's risk immediately after the animal is sold. Insurance may be purchased at the time of sale.

Announcements at the sale ring by the manager or auctioneer shall take precedence over statements in the sale catalog. The owner is responsible for any statements or announcements regarding his consignments in the sale.

Health certificates will be delivered to the purchaser at time of settlement.

Registration certificates will be transferred through the AHA to the buyer at the seller's expense by the Sale Manager. Buyers should advise the clerk of the WHA of proper names and addresses in making transfer. All certificates will not be furnished by the seller on females carrying the service of non-owned AI sires.

Breeding Guarantee:

All bulls and females are guaranteed to be breeders if given proper care. Heifers pronounced safe in calf by the veterinarian shall be considered breeders without any further guarantee. All bulls over the age of 12 months will be semen

tested. A copy of the semen test will accompany the health papers. All claims for adjustments must be in writing within six months of sale. Any animal returned to the seller because it does not comply with the guarantee will be at the buyer's cost of transportation. Animals of breeding age that fail to breed after a six-month trial may be returned to the seller's farm if in good condition. The seller reserves the right to try said animals for six months and if it proves to be a breeder, return it to the farm of the buyer. If the animal proves to be a non-breeder, the purchase price will be refunded or another animal will be furnished at the buyer's request.

The WHA is only acting as an Agent for the sale and is not responsible for any disputes between the buyer and seller.

Liability:

All persons who attend the sale do so at their own risk. Neither the management nor the WHA assume liability, legal or otherwise, for accidents which may occur.

EPDs:

All EPDs reflected in the catalog are current as of Jan. 5, 2024.

Note on Bangs Vaccination: Bangs Vaccination is no longer required for most states in the US. However, a few many require blood testing if not vaccinated to enter the state. If that is the case, the female will need to return to the seller to be tested and trucking will need to be worked out between the buyer and seller. All females are denoted Bangs vaccinated (OCV) or not in the footnotes. Updates will be available sale day.

Please check the Wisconsin Hereford Association's website at wisconsinherefords.org for updates as they become available.

The Wisconsin Hereford consignors are offering a Heifer Grant Program. One \$500 grant will be awarded to WJHA members to use towards a purchase of a Hereford female in the WHA Spring Sale. A second \$500 grant is available from the WHA.

Please contact Kelly Oleson 608-547-8101 for rules and application.

- We are proud to donate MGM 730 Special Leader 28K ET to the WJHA.
- She is a daughter of MGM Boomete 730 — the best cow ever bred by Gordon Merry. She generated more revenue than any other cow at MGM. When Ben Brancel first saw her, he called her "Special." This is how special became incorporated in her progeny's name.
- This homozygous polled cow has the signature udder from 730. Three ET calves from 730 sold very well in the Folkman dispersal. She is donated in memory of Gordon Merry.
- She is bred to Birdwell Vanguard 5022 9337 on 11/6/24. Vanguard has sired the high selling bulls in the last two WJHA sales as well as 10 other sales in 5 states. Vanguard is one of the top 5 carcass sires at the Olson Ranch National Reference Sire Program. His progeny were No. 1 in REA, DMI, and BF. 50% graded prime and the rest graded upper 3s choice. In addition, Vanguard is a trait leader for BW, SCF, MM, MCE, UDDR, TEAT as well as REA and MARB. We are retaining the first calf from 28K.
- The EPDs on this calf should have 7 traits in the top 10% including BW, SC, UDDR, REA, MARB, BIL, and CHB. WW and BMI should be in the top 20%.
- What a great cow for a young person to start/add to their herd!

• We are excited to offer this late March "High Roller" female.

• Corbin asked if we would consider consigning this heifer to the State Sale especially with her breeding on both the top and bottom sides.

• Mallory is red to the ground and is fully goggled eyed. She is soft in her make up and comes with a sweet temperament.

• Her dam is the 2018 model and has a picture perfect udder. Stop and see for yourself on sale day or come to the farm to take a look at both her and her dam. Don't miss this opportunity! Mallory is polled and OCV.

- A special young July heifer is a sweet as her name. Sweetie already has depth of body, spring of rib and catches your eye.
 - This fully pigmented, cherry red heifer will make an impressive show prospect for a young person. After her show career she will be an excellent cow.
 - Her grandam goes back to our Mettler cow from South Dakota who always produces excellent females. Her 2296 dam has a beautiful udder. She will not disappoint and will be a fun prospect. She is horned, bangs vaccinated and delayed blindness free.

- This Historic son is an outstanding herd bull prospect you don't want to miss! The trait leader Historic is the sire of the \$75,000 Distinct bull that sold in the recent Huth dispersal sale. 403 has an awesome set of EPDs and would be great to use on heifers as well as your cows. He is thick, pigmented, and structurally excellent. Check him out you won't be disappointed.

 - The bull will add a show-ring look and post 5 traits in the top 10 % and 6 in the top 5% of the breed.

- If you want a herd sire that brings calving ease and udder quality into your herd, then peanut is your stud. His dam came to our farm from Larson Herefords and has put a great calf on the ground every year. We have sold many herd sires out of this family and have heard all the great things about the calves the breeders get.
 - Don't miss your chance at this great Blueprint son!
