— Maverick might just have the genetics to maximize your herd's profit potential. This New Standard son is a unique spread bull from CED to Yearling, from Maternal to Carcass. This homo polled bull ranks in the top 1-2% for all both the Maternal index and Terminal index.

— We have flushed 6 out of 7 consecutive cow generations in this bull's cow family, and a maternal sister is scheduled to be flushed this spring. That would make 7 consecutive. They trace back to a heifer we bought 35 years ago, from Dale Lacy in MO.

— Will see heavy use at SHF due to his performance and cow family.
 — Sells as Lot 1 in our March 22, 2025 sale.

— Lego is a performance curve bending combination bull. Calving Ease, Performance, Maternal and Carcass Merit. He puts all that into a deep ribbed, thick topped body with pigment, dark cherry red color and is homozygous.

— His dam has several other sons working in registered herds across the U.S., Canada, New Zealand and Australia.

— Lego will be used in the Sandhill and O'Reilly breeding programs. He was one of the highlights of the 2024 Sandhill Farms bull sale.

56	1.40	1.40	94	0.054	0.70	0.67	520	645	195

- Homozygous Polled, 100% eye pigmentation, short marked, dark red.
- With 360 progeny ratioing 95 for birth weight, 207@101 WWR, 34@101 YWR, 22@107 IMF, 22@102 RE, he is truly becoming the "gold standard" for slam-dunk calving ease without sacrificing growth, phenotype, structural soundness or carcass merit. His maternal trait projections are also at the very top of the breed.

- Monument was the standout performer in his contemporary group, posting a 96 BWR, 119 WWR and 115 YWR. He is massively constructed, easy fleshing, athletic and nearly perfect footed.

- No animal in the Hereford population comes close to matching his unique combination of calving ease, growth, SCF, MCW, REA and Marbling.

- In addition, he ranks top 1-2% for all index values and has the distinction of ranking in the top 2% CW yet smallest 3% MCW.

- Owned with Four B Farm

- Homozygous Polled!
- Headstrong is a moderate statured, perfect footed, easy fleshing sire who delivers added pounds and muscle in an ultra-quiet, heavily pigmented package.
- His daughters in production are outstanding.
- His balance of CE, BW, WW, YW, SC, MARB AND REA is currently unmatched among Hereford sires.
- Headstrong's dam is one of the breed's most prolific herd sire producing females.
- Owned with Sandhill Farms

- Homozygous Polled, heavily pigmented, short marked, dark red.
- Dominion was the standout of his calf crop, earning an 83# BW, 118 WWR, 116 YWR, 118 RER, 6.1 FS, 36 cm SC.
- No animal in the breed comes close to matching his combination of CED, BW, WW, YW, SC, SCF, Udder EPDs, CW, REA and Marbling.
- His prototype dam is arguably the most ideal cow at Knoll Crest, with a nearly perfect udder.
- Early progeny reports are excellent for calving ease, pigment and calf vigor.

- Top 6% or better in the breed for 9 traits including: WW, YW, UDDR, TEAT, CW, REA, Marbling, BIIS and CHBS
- Gunsmoke is unmatched in his ability to combine phenomenal phenotype and incredible genotype. His dam, 90H, is the maternal powerhouse from the NJW program that demanded \$60,000 as a yearling heifer.
- His sire, Benton, is the carcass sire adding extra look, length, and pounds.
- It isn't often you can find a bull of this quality that brings BOTH carcass merit and maternal strength to the table.
- If you're looking to put BALANCE in your herd, look no further!
- The call reports have been impressive!

- Our choice for a go-to, balanced trait heifer bull.
- Calves come easy, are vigorous, quick to fill out and mature with extra look, style and fleshing ability. Sires equally good heifers and bulls.
- A Hereford 8 trait leader that offers extra calving ease, maternal value and udder quality.
- Dam is a big bodied, powerful brood cow who is a full sister to Historic 81E!
- 2-year-old daughters were exceptional – raising top end bulls their first year.
- Act. BW 74 lb. Used heavily at NJW on heifers and cows. Avg. BW on 3 NJW crops 82 lb.

HOMOZYGOUS POLLED! A HEREFORD 12 TRAIT LEADER

— A unique breeding tool that combines and is backed by the highest values for carcass traits, fertility and udder quality.
 — Very sound in his structure and make-up.
 — An incredible first calf crop here at NJW with heifers and bulls being of equal high quality! Sons are real beef bulls — stout, thick and efficient. Daughters have the look and makings of beautiful big bodied brood cows.
 — Act. BW on 2912 — 77 lb. Avg. BW on first crop of calves at NJW 79 lb. (includes ET and natural out of heifers and cows).
 — Entered in NRSP Program at Olsen Ranches.

- Homozygous Polled
- GOLD RUSH is our high-selling Hereford bull. He's earned this position with a long list of useful traits.
 - He dominated the most recent Hereford National Reference Sire Program at Olson Ranch.
 - Few sires of any breed improve EPDs as they add progeny data, GOLD RUSH is one of them. In the past year he has improved for CED, BW, WW, SCF, CW, REA, Marb, BMI, BII and CHB.
 - He is dark red, goggle-eyed, moderately sized, big footed and super sound. What's not to like?
- From Candy Meadow Farm, TN

— Homozygous Polled
 — Short marked and goggle eyed
 — Calving Ease in the top 5% of the breed with an ultra-low BW of 70 lb.
 — Impressive birth to yearling spread
 — Stout, sound footed and free moving
 — His thick square rump structure, depth of rib and mass of body are impressive.
 — This bulls EPDs and phenotype make him an attractive choice for purebred and commercial breeders.

 UPS MISS DIAMOND 1353 (1353) 42181624

— L35 is a Benton 8G son out of an Endure daughter that was purchased from Upstream Ranch.
 — L35 is as flawless in his design and as complete as any bull that you will find, big footed, thick and lots of middle.
 — This bull is impressive from every angle and will add the look that Hereford breeders desire.

— Wind River 347 is a power bull that is a highly versatile breeding tool. Maternal e?iciency, excellent growth at weaning and yearling along with high carcass values and profit indexes are stacked into 347's pedigree.

— His phenotype is impeccable. Wind River is built right from the ground up. Big foot, deep massive rib cage and has a powerful square hip.

— He has the breed character and masculinity that CRR demands from our herd bulls.

— Natural calf backed by a powerful and highly functional cow family — generations of Dams of Distinction.

— Use Wind River to build a maternal base and produce high quality sought after sons.

— Lead o? bull in CRR's Grand Champion Pen, Denver 2024.

— Wind River was the heaviest used sire at CRR in 2024.

— HOMOZYGOUS POLLED

— Pedigree, look and performance, this bull has it all!

— Sired by the now deceased Lincoln, and out of the prominent Upstream bred donor cow, UPS Miss Final Test 9103, owned by Landgren Ranch. His pedigree is packed with bulls and females that have made permanent marks on the Hereford breed.

— 3029 was added to Friedt Herefords' bull battery to advance our polled program. He is a very complete bull that will add phenotype and genotype to any herd. Deep bodied, up headed, he has length and capacity, is wide both over his top, as well as, on the ground, AND he's got a big ole hind end.

— Take a second to examine his EPD profile and you will notice big spread from 1.7 BW to 72 WW and 112 YW, add to that his exceptional carcass traits, we feel this bull is everything today's industry needs.

 — Recommended for use on heifers
 — Superior elite genetics. We strive to produce cattle with elite phenotype, genotype and EPD profiles like we have here. We were mindful of making this mating to raise bulls like Full Circle to be able to o7er outcross genetics to the purebred breeder. Heavily used in the /W program as he gives such a diverse pedigree to us in a unique phenotypic aspect.
 — Full Circle 3511 is enrolled in the NRSP program at Olsen Ranches in Nebraska.
 — Ranks in the top 10% for 10 traits and all three indexes

— Homozygous Polled
 — Recommended for use on heifers
 — We all search the U.S. for bulls like 3110, that put it all together from a phenotype, genotype and EPD standpoint. 3110 is a high growth bull that comes along with a moderate BW, along with added maternal traits and elite added carcass being a 198 on CHBS. When you study this standout from a phenotype aspect, he is big boned, wide based with worlds of middle and spring of rib. This stout featured son of Merit is out of the popular AI sire and CHBS sire for Tennessee River Music and Waggoner Cattle Co. 9244 the dam of 3110 is the most recent lot 1 in the /W FFTF Sale commanding \$13,500 to Morris Cattle Co. in Texas. 9244 is one of the most famed donors raised here in the last several years. Many maternal sibs are currently working in herds across the nation.
 — Ranks in the top 10% for 8 traits and all three indexes

[Lot 46] WLKR JH INCENTIVE 799E 0423 ET

— We can't say enough about what Incentive has done for our program. 0423 stamps his progeny boosting genomics in the right direction along with adding pigment and quality to his o?spring. 0423 is a long, deep sided son of Endure. His dam, 799E, has been one of our all-time great producing donor cows. If you're looking to add performance, pigment and prestige to your herd this is the one to latch on to. The calves sired by Incentive have been highly sought after in our past sales.

— A daughter pictured was a top seller in our 2023 sale to GKBCattle, TX.

— 0423 is in the top 1% of the Hereford population for REA and CW.

— Top 1% for all three indexes.

— Homozygous Polled!
 — The COMPLETE PACKAGE! Genotype, phenotype, short marked, eye pigmentation and a face full of freckles.
 — The genetic potential 323L holds is at the forefront of the Hereford breed and proves itself throughout his genomics and pedigree.
 — Maternal grandam is the dam of EFBeef CEO and has proven to be a breed leader in growth and carcass traits.
 — The unique advantage with 323L is you get the whole package without sacrificing anything! We feel this is the kind of bull phenotypically that will produce angular and long fronted females with excellent udder quality.
 — Currently enrolled in NRSP at Olsen Ranches. ?Ranks Top 1% in WW, YW, CW, REA, MARB and CHB.

— Smooth Polled
 — BW: 78 lbs, Adj. SC: 37 cm
 — Sustain caught our attention as just a young, 60-day-old calf while touring the pastures of Innisfail Farms. 27L has since developed into a phenotypically superior bull and tested exceptionally well on feed-e?iciency C-Lock bunks. E?iciency has recently become a key focus within the Hereford breed and will continue to be highly prioritized within modern-day beef production. Stay ahead of the game!
 — This bull is soggy-made and dense, with an athletic design built to thrive on grass. We love 27L's foot shape, square testicles, and masculine features. Naturally raised by an attractive Leader daughter who traces back to the immortal T723 female. Sustain is precisely what we look for to make commercially-minded bulls, easy-keepin' maternal females, and feeders that'll convert forage to pounds. We are confident Sustain excels in traits that truly affect profit-minded producers' bottom line.

— One of the most talked about bulls in OKC this year where he was Reserve Champion Polled Hereford Bull.
 — His dam, BK Distinctive Points 641D ET, needs no introduction as she has stamped out numerous national champions for Buck Cattle Co.
 — Not to mention she is a direct daughter of the great HAPP Kool Aid Points cow.
 — He is elite in his look and presence and will demand the attention of many when hitting the ring as well as when selecting sires for AI.
 — This young sire's skeleton and build is phenomenal when wanting to make elite functional females and powerful herd bulls.
 — Don't be missing out and let Kool Profit work for you!

— Fresh Prince has become the go-to sire for heifers!
 — Calving ease and maternal traits are proving true in his first two calving seasons and yet he still gives them phenotype that works in the ring!
 — Fresh Prince has proven in his first two calf crops the ability to sire extremely easy calving progeny across the country, the added quality he stamps into them adds value.
 — Bar Star sold three heifer calf daughters to average \$16K as well as high sellers for McDonald Farms in the 2022 Breeders Cup sale and others across the country.
 — He's a rare combination bull with a balanced genetic script that includes top 10% MARB and CHBS with the phenotype to produce big time herd bulls and show heifers at the same time.
 — Recently, his first progeny was selected for a divisional champion in the bull show at the 2023 NWSS as well as a class winning heifer calf at the Fort Worth Stock Show.
 — There's no reason to second guess your decision to breed with Fresh Prince this coming breeding season when you're adding value to your calf crop.

The most anticipated Hereford bull in the yards at the National Western Stock Show in Denver
 Top 1% of the breed for 5 traits including: WW, YW, CW, REA & CHB
 Chisum is unrivaled in his potential to combine astonishing phenotype and incredible genotype, dark red, red eyed, and red to the ground! His dam, 45C, a maternal powerhouse & the mother of herd bulls, demanded \$87,500 when the hammer dropped. His sire, Sherman, a high seller for Churchill at \$160,000 has been used in volume all across the nation!
 It isn't often you get the meat, muscle, length & the look along with the right EPDs on paper!

126	1.20	1.20	94	0.064	1.02	0.13	413	508	143

— Fireball is one of the most talked about calves to be campaigned this spring. With a commanding presence, exceptional structure, and the performance to back it up, he's garnered well-deserved attention in every ring he's entered. Curve-bending genetics paired with his striking phenotype is hard to create and he has all the cosmetics to go along with it.
 — He's goggled-eyed, dark red, red to the ground, and measured a 37 cm scrotal at just 10 months of age.
 — He led off the Reserve National Champion Pen of 3 in Oklahoma City, was Reserve Spring Calf at OKC and Fort Worth, and Champion Spring Calf in Denver. But Fireball is not just a show bull. He was created with the beef industry in mind. If you're serious about the cattle business, this is the bull that can do it in all facets.

Chaos is one of the most numbered up bulls in the country. This bull could change the breed. He has 10 EPDs in the top 10%, 11 EPDs in the Top 12% and 7 EPDs in the top 5%. His numbers speak for themselves. He's got a lot of hip, body, thickness, and eye appeal. It's hard to see but he is 100% pigmented in one eye and about 90% in the other. Then you add in that he's out of one of the top cows in the country and you can see why he's so exciting!

[Lot 64] CSC 004 HOOTENANNY 206
 Reg.: 44364991 | Calved: 03/01/2022 | Tattoo: 206 | Polled

115	1.50	1.50	64	0.004	0.36	0.01	507	591	102

— He's long, he's attractive, he's got BIG SPREAD.
 — Hootenanny flawlessly combines calving ease, performance, and matrilineal power in an exceptionally eye appealing package. He's always had a look we love and we believe he will make females everyone will want a pasture full of and herd bulls that'll make your jaw drop.
 — Dam, CSC 004, is a powerful and eye catching, maternal sister to CSC 701 Boulder 901; who's done a phenomenal job for us and is quickly becoming a popular international Semex sire. Grandam, CSC 701, tops the charts in the Canadian Maternal Productivity Index; a measure of maternal traits that are important to profitability.
 — The top side of his pedigree contains more well-rounded maternal producers from the NJW program, BW 91H 100W Rita 79Z and NJW P606 72N Daydream 73S. It's a program and cow herd we know well, stretching back to the days of 72N herself, and genetics we use with confidence.
 — Combining the strength of the bottom side of his pedigree with the top side, gives him monster wealth of proven, steadfast maternal genetics and he packs a punch in the performance department too!
 — Hootenanny traces back to the same cow line as CSC 701 Oshoto 316 and CSC 701 Boulder 901.

— UNIQUE and UNMATCHED, 2116K is the only horned sire in the breed with his combination of CED, BW, YW, MARB and CHBS. He sold for \$100,000 in Holden's 2023 sale.
 — He ranks in the Top 2% of the breed on CED, BW, MCW and MARB. The Top 6% on CHBS, and the Top 15% on SC and MM EPDs.
 — He sires moderate framed, easy fleshing progeny with extra pigment, rib shape, muscle, and eye appeal. Calves are extremely vigorous at birth and very well made.
 — His dam is a very moderate framed cow with exceptional capacity and fleshing ability. She is a top donor in their program and has a huge future ahead of her at only 5 years of age.
 — Here is a bull that will sire progeny that will excel in the pasture, feedlot, and on the rail, and daughters that are functional, fertile, easy fleshing, and highly productive.

- Fly your program to new heights!
- Aviator is a rare calving-ease sire with growth and carcass merit as he's the only animal in the breed with his combination of BW, WW and CHB.
- Red eyed and 100% pigmented with a dark red, slick hide.
- Act. BW 69 lb., Adj. WW 730 lb. and Adj. YW 1,226 lb.
- Measured an actual ribeye of 17.2 at 388 days of age
- Don't overlook his maternal value with a top 4% BMI, top 2% BII and top 2% UDDR
- Backed by a powerful dam with a proven track record of producing herd bulls
- Free of all known defects

- HOMOZYGOUS POLLED!
- Pigmented and traditionally marked progeny with in demand color.
- Validated is iconic for angular, feminine, pretty uddered, problem free, productive daughters. The hallmark of a long term in-demand sire.
- He gives up nothing in any measured trait and blows the doors o? on the traits of extra commercial value.
- Validated continues to reinforce his results driven breed superiority by being one of the highly used most important sires of the breed.
- Validated is the most unique sire in the AHA database for the ability to improve yield grade on the rail and still make easier fleshing daughters.
- Owned with Ellis Farms and Genex.

- HOMOZYGOUS POLLED!
- Dam is the "super cow" 7098
- No other sire in the AHA database that can match his EPD combination.
- Bullnanza is a multipurpose sire that will advance you in the right direction for a wide variety of traits.
- Calving ease, maternal strength and CARCASS!

[LOT 83] CHURCHILL JACK FROST 458M ET

Reg.: 44567107 | Calved: 01/11/2024 | Tattoo: 458 | Polled

- Top 6% BW; Top 2% SCF; Top 3% MCE; Top 2% UDDER; Top 4% TEAT; Top 3% CWT; Top 1% REA; Top 1% MARB; Top 1% BMI\$; Top 1% BII; Top 1% CHB
 - He only has one flaw - his short ears due to extremely cold weather at birth, hence his name Jack Frost. Powerful, well balanced, attractive, easy fleshing, and great structured. His dam is the super cow, 7098. Jack Frost reminds us so much of his maternal brother, New Standard, but with even more eye appeal. His numbers indicate calving ease with incredible maternal values including udder quality. His carcass is as good as it gets with top 1% RE & Marb. Bulls this good are very rare!
- *Semen: \$100/Straw; \$100/Certificate. Call on special pricing for 20 or more straws. Canadian and sexed semen available.
Owned by: Spaeth Farms, Grand Meadows Farm, Churchill Cattle Co. & Ehlke Herefords
