THE EHLKE ADVANTAGE

ACCURACY

We believe the only good kind of data is accurate data! When it comes to utilizing EPDs and performance data in our herd we recognize these resources as tools that work side by side with phenotype selection. We realize the importance of accurate records and how that information plays a role in building a successful, predictable cow herd.

1ST GENERATION

Our family is proud to be first generation ranchers and have enjoyed watching our kids grow up in the cattle business. We are excited to have the second generation involved on the ranch as we continue to grow. **Starting from humble beginnings has challenged us to work hard and expect more from our cow herd — every cow has to earn her keep!**

OUTCROSS

When searching for new genetics to add to our herd **we know the importance of powerful, outcross genetics that will perform with predictability.** If you're looking for an outcross or something different to add to your herd, we look forward to the opportunity to get to know your operation and help create your success!

On behalf of everyone here at Ehlke Herefords, we invite you to our annual Montana Made Sale and close out steak dinner on September 20th. Our Sale Offering this year has fewer lots than in past sales due to a private treaty sale earlier this year. Despite a few less numbers, we are confident that this offering measures up. Special thanks to those of you who have purchased in past sales, we appreciate your confidence and support. We are seeing a lot of change to the "Hereford landscape" here in Montana; we look forward to exciting changes and new faces in the industry. Please feel free to contact us with any question you may have and we hope to see you on September 20th.

TERMS AND CONDITIONS

Bidder/User Registration and Responsibility: Buyers (a.k.a. users)
must register to participate. Establishing a user account or bidding
or buying at this auction/sale acknowledges bidders consent to
the terms and conditions as outlined below. Bidders will be solely
responsible for any and all actions taken with their bidding account
including all purchase amounts, freight, and any costs associated with
collecting same.

Cattle will sell under the standard terms and conditions
recommended by the American Hereford Association. Invoices will be
sent via Smart Auctions immediately following the close of the sale,
payment is due per their terms, or can be made at the ranch for those
in attendance.

Terms of all sales will be cash unless arrangements are made between
purchaser and seller prior to sale. Individual health papers will be
furnished with each animal permitting shipment to any state.

Certificates of registration are all in order and will be transferred
to the new owner when payment is made. All sale cattle have DNA
tested to be free of any known genetic diseases or defects recognized,
parentage has been verified and EPDs genomically enhanced. EPDs
are current as of catalog print date.

The animal becomes the property of the purchaser as soon as sold
but it shall be the responsibility of the seller to see that animals are
properly cared for until delivered to the purchaser.

Any death or injury after the animal is sold is at the buyer's risk.
Buyers are encouraged to insure their purchases. Livestock mortality
insurance can be purchased from Devin Murnin 406-696-1502.

Another very maternal prospect here, 4022's natural dam is still in production at 14 years of age; her offspring have always been at the top end of their contemporary group. 4022 is a real solid prospect.

A KSU Land Grant 153 daughter here out of a Colateral 337U daughter. M68 is well balanced both in the flesh and on paper and deserves serious appraisal. A really good genetic tool here.

A low birthweight, high growth daughter out of Mohican Down Jones, who's progeny continue to impress all who have seen them. 15M's dam is a solid producer sired by 332A, a bull that was used highly here. A very nice genetic package.

An exciting prospect here. One of the first Oshoto sons to be offered; his dam is one of a kind direct daughter of Beth 1L, sired by Pyramid 16W. 5006 is very well pigmented, short marked, and is really well put together. 5006's full sisters are outstanding. A real solid genetic prospect here.

A super long spined son of C ARLO 2135 ET and our Y37 donor cow, who is doing a great job of raising her natural calf this year at 14 years of age. Y37 has been a maternal stand out here and this mating to Arlo adds another super maternal aspect to 5007 ET's pedigree. 5007 will sire the front pasture kind!

We are pleased to offer two matings each out of our donor females C8037 Genesis Gal 1049 ET, a full sister to Guardian, and ILR 16W Lady Beth 835 ET, a one of a kind, direct daughter of Beth 1L. All progeny out of these two donors have to date, been flat out excellent and these matings should obviously continue that pattern.

H121 is a home bred and raised bull that we retained and have used for the maternal aspect he brings to bear. H121 is a grandson of the Beth 1L cow and having the Braxton influence only adds to H121's maternal influence.

We couldn't be more pleased to be a partner on 65J. Down Jones posts extreme growth and carcass numbers all while having a strong maternal background. The 65J sons here have been among the first to leave our bull offering and his daughters have been visitor favorites.
Owned with Clifford Farms and Steve Wolff.

L45 was the pasture sire on the bred heifers in this year's offering. A very well balanced, nicely muscled A250 son out of one of our very best Digby 20C daughters. L45 is home bred and raised and was retained to bring an outcross influence into our program. He was a favorite of everyone who went through our bull pens this spring.
