Sale Vet:

Canton Vet Service, Dr. David Hudson

Terms: Make settlement for the cattle sale day. Animals will be sold to the highest bidder with the auctioneer settling all disputes. All sales are final and cattle are the buyer's property as soon as they are sold. Be sure to let the Keosauqua Sale staff know your arrangements for pick-up and trucking when you make settlement.

On behalf of our family, we want to invite and welcome everyone to the 2025 edition of our Hereford production sale. This year's sale has an outstanding group of fall born yearling bulls. There are sire groups by On Demand, Bentley 454B, Valley 124J, Perfecto 84F, and Perfecto 7J. This group has balanced EPDs, very sound feet and legs, and are marked like you want to see a Hereford bull marked! Check out the catalog, videos or get to the sale, it will be worth your time!

The bred heifers are very similar to what we try to offer every year. They are mated to top Hereford sires with calving ease, strong EPDs and just quality sound made kind! We will be offering them in pairs sale day, and the buyers will have choice or you can take the pair. Dr. Hudson does the ultrasound and re-preg on the herd. He has fetal sexed most of the offering and determined AI safe pregnancies. They have been completely vaccinated, wormed, poured, and have their first scour shot. We market the remainder of our 70 bulls private treaty throughout the year.

We are in a very strong market in the beef business. We are feeling the consumer's demand for quality beef and the results of our U.S. cow herds shrinking numbers. This market is set to hold pace and strengthen as we move into the next five years. Producers are not retaining enough heifers to keep pace with cow slaughter. It's a great time to be in the cattle business, be sure to be a part of it!

The grandkids are growing up fast. Layne is in first grade. Hattie and Ellie attend pre-school four days a week. Clara attends daycare a couple days a week and gets to hang out at the sale barn the other days. (Even though she learns more around here than at daycare!) Lucy and Maverick spend time trucking, choring or hanging out at the sale barn. We have a great time together and are so thankful to have them all close!

The 5G commercial bred female sale will be at 5 p.m. the same evening. This is an outstanding offering of black and black-white face first and second calf heifers.

Hope to see everyone here December 3rd!

Herd Health: All cattle have been fully vaccinated. They were ultra-sounded for pregnancy in July to confirm AI breeding by Dr. Hudson. They have been reexamined prior to sale date to confirm all females are still pregnant. All cattle have been wormed with Safe Guard and poured with Clean Up II. The health of the herd is excellent.

Sale Barn Café will be open.

Lot videos available by November 20th.

Please visit www.liveauctions.tv to create an account and request a buyer number.

Contact Mariah Miller at 712-294-4731 or Tech Support at 817-725-8595.
