# HEREFORD EVE AT MILE HIGH

— THURSDAY, JANUARY 15, 2026 —

ORR WESTERN LOUNGE & COORS FAMILY TERRACE

4th Floor of the NEW Legacy Building at the National Western Stock Show

2 p.m. Cocktail Hour • 3 p.m. Sale

## AUCTIONEERS

Justin B. Stout ..... 913-645-5136  
Cody Lowderman ..... 309-313-2171

## SALE STAFF

Kane Aegerter, *Hereford World* ..... 402-641-8699  
Austin Brandt, *Hereford World* ..... 712-621-1829  
Aaron Freidt, *Hereford World* ..... 701-590-9597  
Emilee Holt, *Hereford World* ..... 208-965-3130  
Guy Peverley, *The Stock Exchange* ..... 785-456-4390  
Matt Caldwell, *Special Assignment* ..... 913-755-1105  
Kevin Murnin, *Western Livestock Journal* ..... 406-853-4638

## TERMS OF SALE

Cash or check payable directly at the close of the sale and prior to any shipping arrangements unless prior agreements have been made with the owner in advance. All lots sell under the standard Terms and Conditions set forth by the American Hereford Association. All guarantees are between buyer and seller only, the auctioneers/sale managers act only as agents.

Announcements at the sale by the owner or auctioneer take precedence over written material in the catalog.

## BID LIVE

CAN'T MAKE THE SALE? WATCH IT LIVE  
AND BID IN REAL TIME ON

## DELIVERY

The buyer is responsible for all shipping costs unless other arrangements are made between the buyer and seller. Delivery is not part of the sale agreements.

## PERFORMANCE INFORMATION:

All EPDs are current according to the official AHA record as of November 10, 2025 and are subject to change.

*Dear Hereford Breeders and Enthusiasts,*

*It is with great excitement to welcome you to the 2026 edition of the Hereford Eve at Mile High Sale. One of the biggest changes you'll notice is the new location and date for this event, as we have moved this sale back to the National Western where it first began 10 years ago. With the new "Hill" facility completed, we thought it the perfect time to host this sale on the grounds of the National Western.*

*We would especially like to thank the outstanding breeders and consignors that have dug deep into their respective arsenals to put together a power packed sale offering. Year in and year out, this sale has proven to be the platform to present the freshest and hottest genetics within the Hereford breed as there have been multiple success stories from purchases right through this event. With the fast paced ever changing world we live in, the importance of utilizing the most elite, dominant, proven, and top tier genetics is more imperative than ever before. We strongly feel you will find just that kind of quality and opportunities while flipping through this catalog, with genetics that are sure to add value to your program and bottom line. We thank those who have supported and purchased from this sale and invite everyone to attend for what is sure to be an exciting event. We would like for you to study your operation's needs and future goals and highly encourage your inspection and attendance Thursday afternoon. Thank you in advance for your consideration, as always, if we can be of any assistance, please do not hesitate to contact us.*

**Respectfully,**

Cody Lowderman

Justin B. Stout

AMERICAN HEREFORD ASSOCIATION

## RIGHT TO FLUSH HERD

- The right to flush your pick of the Barnes Herefords herd ... a unique opportunity that we have not offered in several years.
- We have an impressive donor battery full of young donors from the heart of our program as well as several we have purchased this year, but we are holding nothing back. We invite you to come go through the herd and pick your absolute favorite.
- We have focused on cattle with exceptional growth, desirable udders, strong feet and legs, efficient, and easy on the eyes that also command attention when you study them on paper.
- Selling one (1) IVF flush. Seller guarantees six (6) transferrable embryos and two (2) pregnancies. Anything over 12 embryos will be split between buyer and seller.
- If buyer chooses to use our new popular RMB 8G 1904 BULLSEYE 188K ET we will provide 1 straw of semen.

### NOTABLE DONORS TO CONSIDER:

## RIGHT TO FLUSH HERD

- The right to flush your pick of the Brumley Farms cow herd ... without a doubt one of the most exciting opportunities we offer each year. We will hold nothing back! This is your opportunity to pick from the very heart of our program.
- This will not only include the cows already in the donor pen. We would love for you to come look through all our females, and choose from the donor pen, or choose from the best kept secrets at Brumley Farms.
- We have built a herd that focuses and stands on structural integrity, udder quality, mothering ability, and longevity. We do not focus on "just another pretty face" we focus on raising females that can raise show heifers that become real cows.
- Do not miss this opportunity, call for details.
- Selling one (1) IVF Cycle. Seller guarantees six (6) embryos and two (2) pregnancies. Anything over 10 embryos will be split between buyer and seller.
- If you choose to flush your pick to the very popular bull, Stellpflug Gunsmoke 222 ET, Brumley Farms will waive the 10 unit minimum and allow you to purchase one unit of semen for the purchased flush.

- Homozygous Polled
- 2446 is has made a huge impact at DCF in a short amount of time. She is the dam of DCF 4M 2446 RED LABEL 88M ET the \$64,000 valued herd sire that recently sold in the 4th Annual Dry Creek Farms Production sale and a full sister to Red Label selling to 7 Oaks Plantation & Cattle Co. Here is your opportunity for her to do the same in your own respective program. Rose was the high selling female in the 2023 Walker Herefords "Foundations for the Future" Sale. She was flushed as a virgin heifer and bred right up the first time we bred her as well as gaining 45 days her second go around.
- 2446 is one of the biggest bodied females on the farm and is equipped with a striking look on the profile. She is a forefront in our donor program, and we are extremely excited about her future. The buyer may choose either IVF or Conventional flush. All cost associated with the flush will be the responsibility of the buyer. The buyer will be guaranteed a minimum of six transferable embryos with at least two resulting pregnancies. If more than six embryos are produced, the buyer will receive all the embryos in the flush.
- Owned by Dry Creek Farms, Pell City, AL

- IVF CYCLE
- One of the youngest, freshest donors walking in Thedford is this great daughter of The Profit, Eve 3320L. This heifer started strong, as the Reserve Division Heifer at the 2024 JNHE. She has started her donor career with a bang as a daughter sired by Great Plan sold for \$30,000 this past fall in Hoffman's sale. Want to see more proof of the potential of this flush? Venture to the yards during NWSS and look at the ET brothers that make up the Hoffman pen, all sired by Great Plan. This is a can't miss opportunity to get in on the most progressive genetics in the breed today.
  - Selling one IVF cycle with a guarantee of six embryos.

- For their first entry in this event, Lindskov's LT Ranch is bringing their best! Blair 3005 was their pick out of this past Fall's Female Sale at Colyer Herefords for \$70,000 for half interest. This female is a sight to see, and her bull call by Reign Maker has made the trip to the National Western.
- Blair 3005 offers breed leading EPD values and with all the pigment and color you could ask for. She goes back to a powerful maternal line of cattle as her grandmother was one of Colyer's top 88X donors, 2052.
- Selling one flush with a guarantee of six embryos.

- Here is a tremendous opportunity to purchase a flush on 4295, who was the high selling bred heifer at Stellpflug's female sale this past summer. Backed by some of the most dominant power cows within her pedigree and built with incredible phenotype and eye appeal. Progressive genetic predictors support this young matron and offers unlimited mating possibilities.
- Guaranteeing six (6) transferable embryos with no cap!

- We were lucky enough to be the high bidder at \$30,000 on this great female this past fall. This Homozygous Polled full sister to Lincoln and Mercedes proved herself as a great producer for the Atkins/Delaney program. Elite phenotypically, & with a tremendous number profile, she's already produced a high selling son last year and a daughter sold last January in the National Western Hereford Sale. Look for another daughter in the Atkins/Delaney pen in the Yards this year.
- She flushes extremely well, and with her proven revenue potential is a can't miss. Selling one flush with a guarantee of 6 embryos and no cap!

## Lot 9 FOUR (4) IVF EMBRYOS

• Here is the mating that produced JDH AH Old Fashioned 25M, the high selling Hereford bull at the 2025 National Western Stock Show. How could you ask for a more proven mating and what more can we say about 19Z. At almost 14 years of age, she continues to be a prolific producer of sticky embryos. Her sons and daughters are working as herd bulls and donor females in several states. As you look through the pedigrees of high selling cattle across the country you will find 19Z in many places. She is homozygous polled and this mating to Arlo is proven to work! Over a dozen 19Z sons and daughters have sold through National Hereford sales in Denver and OKC and averaged over \$22,000. Embryos located at Trans Ova Genetics, Sioux Center Iowa. Guarantee one 60-day pregnancy. If the buyer does not get one pregnancy, then one other embryo from this donor (if available) or a comparable donor will be provided.

## Lot 10 THREE (3) IVF EMBRYOS

• This mating is from of one of our exciting young donors owned with our friends at Hoffman Ranch. The mother of these embryos is a maternal sister to the reigning Reserve National Champion Polled Female at the JNHE. One of her first daughters to sell commanded a price of \$30,000 at the Hoffman Ranch female sale this fall. This cow family also produced the top selling heifer in that same sale at \$70,000. Proud is one of the exciting young sires of the breed consistently producing high quality offspring. Here is an exciting mating with great potential. Embryos located at Trans Ova Genetics, Sioux Center Iowa. Guarantee one 60-day pregnancy. If the buyer does not get one pregnancy, then one other embryo from this donor (if available) or a comparable donor will be provided.

• These embryos are owned with Mike and Mavis Craig, Tea, S.D.

## Lot 11A FOUR (4)

\* A special opportunity to tap into some proven, yet outcross genetics by the 707 cow! She offers incredible udder quality and fleshing ability with several top end progeny working throughout the U.S. in some of the most progressive programs. The sires mated with 707 represent multi trait leaders that read with exceptional predictions for all traits. Added value, on front end genetics, Charlie believes the females will be mouthwatering and next great herd bull may very well result from these matings. Buy with confidence!  
 \* Selling a package of 4 Non sexed embryos to each sire. Guaranteeing a pregnancy on each package if work is done by a certified tech.

## Lot 12 THREE (3)

- Great opportunity to acquire embryos on the high marbling Cooper cow, 850F! She topped the Cooper sale a few years ago when she was purchased by Hoffman Ranch, Churchill Cattle Co., and Buford Ranch. From there she has gone on to produce outstanding progeny that have been high sellers in both Cooper and Hoffman sales. Three years ago, a daughter sold for \$23,000 in the World Class Sale for Churchill.
- Her production numbers back up her EPDs, posting progeny ratios of 3@108 for WW, 4@101 for YW, 17@102 for REA and 17@106 for IMF. Mating her to the \$50,000 Beran pick in 2025 at Holden's sale will yield progeny that is the perfect combination of tried-and-true maternal L1 excellence matched with elite carcass numbers designed for today's beef business.
- Selling three embryos with a guarantee of one pregnancy if implanted by a certified embryologist.

## Lot 13 FOUR (4)

- 7098 was the talk of the breed leading up to the historic Churchill dispersal. With her untimely passing, this is one of the very last chances to acquire embryos out of her. There are so many high points to touch on when discussing the legacy of the 7098 female. Perhaps one of the top points is she is the lone female in breed history to place a son in each of the major bull studs. This mating to Monument keeps her legacy of producing outstanding numbered progeny.
- Selling four embryos with a guarantee of one pregnancy if implanted by a certified embryologist.

## Lot 14 FOUR (4)

- 3277L was my choice in the World Class Dispersal and her combination of EPD profile and phenotype, it's easy to understand why. Her dam is now in production and being flushed at GKB, and her natural calf commanded \$18,000 in the dispersal.
- The projected numbers on this mating will be exceptional, herd sire or cow prospects... either way. Several traits will be in the top 10% of the breed or better. 3277L has off the charts numbers for BMI and she has a PERFECT udder and markings.
- Selling four (4) embryos with a guarantee of one pregnancy if implanted by a certified embryologist.

## Lot 15A THREE (3) IVF EMBRYOS

- It's hard to get more proven production than this choice of matings. We don't have enough space in this catalog to talk about everything the "Mother of Herd Bulls", 45C, has done for the Hereford breed. The impact she's made in our program, as well as Atkins/Delaney, is massive. The choice on these two matings between one of the hottest performance bulls in the breed today in New Standard, or the proven performance behind Sherman will yield progeny with huge potential. The Sherman mating will yield full sibs to last year's high selling bull in Denver, Chisum.
- The New Standard mating has three and the Sherman mating has four embryos. Guarantee of one pregnancy per mating if implanted by a certified embryologist.

## Lot 15B FOUR (4) IVF EMBRYOS

- It's hard to get more proven production than this choice of matings. We don't have enough space in this catalog to talk about everything the "Mother of Herd Bulls", 45C, has done for the Hereford breed. The impact she's made in our program, as well as Atkins/Delaney, is massive. The choice on these two matings between one of the hottest performance bulls in the breed today in New Standard, or the proven performance behind Sherman will yield progeny with huge potential. The Sherman mating will yield full sibs to last year's high selling bull in Denver, Chisum.
- The New Standard mating has three and the Sherman mating has four embryos. Guarantee of one pregnancy per mating if implanted by a certified embryologist.

## Lot 15C FOUR (4) IVF EMBRYOS

- Oshoto was the talk of Denver in 2024 when he was a high selling bull at \$45,000 in the National Western Hereford Sale. From there, his semen has seen some of the highest demand of any in the Hereford breed. As was said in Denver, he is "Old School Cool"! Mating him to the great Mercedes female will yield progeny with some of the most unique phenotype anywhere to be found.
- Selling 4 IVF embryos with a guarantee of one pregnancy if implanted by a certified embryologist.

## Lot 16A FOUR (4)

- What an appealing mating with breed giant Churchill Sherman who has made a splash across the country the last several months as big as any bull in recent memory and NJW Rita 79L, our selection of the 2023 Ward calf crop. 79L is a smooth made, feminine, and perfect udder and teat as you could ask for in a female. We believe this combination of those attributes mixed with Shermans power and carcass values have a chance to be a slam dunk.
- Selling four embryos with a guarantee of one pregnancy if implanted by a certified embryologist.

## Lot 16B FOUR (4) IVF EMBRYOS

- Truly, the head of the spear when it comes to our donor battery at Chapman Land & Cattle. NJW Rita 24H has been the best female investment our operation has made thus far, truly one of those cows that it seems like she can't miss. The amount of body, pigment, and flexible EPD'S this female possesses makes her a jack of all trades type of breeding piece. I cannot say enough about the impact she has had and will have in our cowherd today and moving forward into the future. The sire of this mating is one of my favorite phenotypical bulls I have ever been able to see. It's always fun when you are searching for a particular type of sire and you come across an individual knowing immediately that is what we have been looking for. TH Union 528M has the color, pigment, disposition, and extreme power that we needed for our next herd bull. These genetics have the chance to make a premier breeding piece bull or female.
- Selling four IVF embryos with a guarantee of one pregnancy if implanted by a certified embryologist.

## Lot 17A FOUR (4) IVF EMBRYOS

- This young donor from Colyer is one of the most exciting young females to come from Bruneau, ID. She is a full sister to the one and only Arlo, part of the 2023 NWSS Champion Pen of Bulls. From there he sold for \$165,000 for half interest to Hoffman Ranch & Buck Cattle Co. 2138 herself was a past high seller for \$195,000 for half interest in the 2022 Colyer Fall Female Sale.
- 2138's dam is one of the most prolific cows in the Hereford breed, 1311. She is responsible for over \$1,500,000 in progeny sales and the dam of some of the top herd bulls in the country such as Double Your Miles, Special Edition, among several others.
- These four sires represent the most progressive bulls you'll find in the breed today. All four offer near unmatched EPD performance to go along with exceptional phenotype. Whichever mating you choose, your revenue potential is unlimited.
- Selling choice between the four matings with a guarantee of one pregnancy per mating if implanted by a certified embryologist.

## Lot 17B FOUR (4) IVF EMBRYOS

- This young donor from Colyer is one of the most exciting young females to come from Bruneau, ID. She is a full sister to the one and only Arlo, part of the 2023 NWSS Champion Pen of Bulls. From there he sold for \$165,000 for half interest to Hoffman Ranch & Buck Cattle Co. 2138 herself was a past high seller for \$195,000 for half interest in the 2022 Colyer Fall Female Sale.
- 2138's dam is one of the most prolific cows in the Hereford breed, 1311. She is responsible for over \$1,500,000 in progeny sales and the dam of some of the top herd bulls in the country such as Double Your Miles, Special Edition, among several others.
- These four sires represent the most progressive bulls you'll find in the breed today. All four offer near unmatched EPD performance to go along with exceptional phenotype. Whichever mating you choose, your revenue potential is unlimited.
- Selling choice between the four matings with a guarantee of one pregnancy per mating if implanted by a certified embryologist.

## Lot 18 THREE (3) IVF EMBRYOS

• **HOMOZYGOUS POLLED.** Wow, what a mating, combining two superstars out of the Delaney / Atkins program. 34J was the \$30,000 high selling female in Genetic Opportunity Sale this fall. She is a full sister to breed greats Lincoln and Mercedes. She combines outstanding presence and phenotype with elite Genotype. On paper she offers calving ease with elite growth, top 1% BMI and top 10% Carcass. 12 traits in the top 10% of the breed. The goggle eyed homozygous polled RED HOT 43M bull is one of the most exciting young sires to come along in recent times. He sold in our 2025 Bulls and Breds Sale and is owned with GKB Cattle and Copeland and Sons.

## Lot 19A FOUR (4) IVF EMBRYOS

• 125L was the \$30,000 valued selection out of our 2023 Genetic Opportunity Sale going to Ollerich Brothers. She has absolutely kicked it out of the park as a donor. Her first two daughters to sell averaged over \$10,000 in our 2025 Genetic Opportunity Female Sale. Her son, JDH AH GUNSLINGER 40N ET will be our entry in the 2026 National Western Hereford Sale and he looks awesome! On paper, she puts together an elite set of figures. She is the only animal in the database with her combination of BW, YW, BMI, CHB. Both sires listed on these matings will have an immense impact on our program going forward.

• Old Fashioned is a goggle eyed homozygous polled powerhouse. He was the high selling bull in the 2025 National Western Hereford Sale at \$48,000 going to the "Old Fashioned Group". He is massive bodied, dense made with perfect feet; we cannot wait to see this first set of calves this spring.

• Red Hot is one of the most exciting young sires to come along in recent times. He commanded nearly \$60,000 in sales and is owned by Delaney Herefords, Copeland & Sons and GKB Cattle.

• Sandhill has been one of the more popular and intriguing bulls within the breed in recent memory. With an amazing EPD profile with no holes in it, this mating will yield progeny that check every box.

## Lot 19C FOUR (4) IVF EMBRYOS

- 125L was the \$30,000 valued selection out of our 2023 Genetic Opportunity Sale going to Ollerich Brothers. She has absolutely kicked it out of the park as a donor. Her first two daughters to sell averaged over \$10,000 in our 2025 Genetic Opportunity Female Sale. Her son, JDH AH GUNSLINGER 40N ET will be our entry in the 2026 National Western Hereford Sale and he looks awesome! On paper, she puts together an elite set of figures. She is the only animal in the database with her combination of BW, YW, BMI, CHB. Both sires listed on these matings will have an immense impact on our program going forward.
- Old Fashioned is a goggle eyed homozygous polled powerhouse. He was the high selling bull in the 2025 National Western Hereford Sale at \$48,000 going to the "Old Fashioned Group". He is massive bodied, dense made with perfect feet; we cannot wait to see this first set of calves this spring.
- Red Hot is one of the most exciting young sires to come along in recent times. He commanded nearly \$60,000 in sales and is owned by Delaney Herefords, Copeland & Sons and GKB Cattle.
- Sandhill has been one of the more popular and intriguing bulls within the breed in recent memory. With an amazing EPD profile with no holes in it, this mating will yield progeny that check every box.

## Lot 20 FIVE (5) IVF EMBRYOS

- 21347 really jumped out at us when we selected her for \$40,000 as our pick of Genoa's heifer pen at the 2024 National Western Hereford Sale. This Homozygous Polled Kingdom daughter is extremely attractive with extra depth of body and dark red. When you look at her on paper, her EPD profile offers breed leading performance for maternal prowess and just shy of 600 for \$BMI! She comes from maybe the greatest donor ever to walk at Genoa, 5047, that has produced top sellers for them each year.
- Mating her to the Infinity bull from Shaw should yield progeny that are trait leaders across the board in their EPD profile, as well as possessing a pedigree that is stacked with maternal greatness.
- Selling 5 embryos with a guarantee of 2 pregnancies if implanted by a certified embryologist.

## Lot 21A FOUR (4) IVF EMBRYOS

- One of the very top maternal herds anywhere in this breed lies in Lake Andes, SD. For the first time, Boyd has brought frozen genetics to this event to allow you to tap into these outstanding maternal batteries. The first of these matings comes from the top selling bred heifer in the K&B dispersal, 158J. An MDF stylish daughter of Small Town Kid, she comes from a highly productive dam, and herself has posted progeny ratios of 107 for WW, 110 for YW, 103 for REA and 128 for IMF! This New Standard mating will offer a tremendous number package.
- The second donor featured offers a choice of two of the top Genesis sons, Generator & KSU Land Grant. Boyd has just weaned two full sibs to Generator and they were among his top performers. This 7850 daughter offers another well balanced EPD profile. Either choice of these two sires will yield extremely maternal, high performing calves.
- Selling choice between matings with four embryos per mating. Guarantee of one pregnancy if implanted by a certified embryologist.

## Lot 22 FOUR (4) SEXED

- What an eye-catching potential show prospect mating this is. Maternal giant CSC 008 is long, big bodied, and extremely big hipped all still with adequate extension in her front 1/3. BK Kool Profit has the makings to be one of the most impactful bulls in the show ring moving forward in the future. Stay ahead of the curve with this mating.
- Selling four sexed female IVF embryos with a guarantee of one pregnancy if implanted by a certified embryologist.

## Lot 23A THREE (3) SEXED

- Here is an incredible opportunity to acquire genetics from one of our cornerstone females at Hopkins Ranch. Lizzy 101D is a former show heifer of the year and consistently stamps her calves with elite look and style. Multiple high selling females from our previous sales were daughters or granddaughters of Lizzy 101D that have gone on to be many time champions. Rustic on Lizzy is a mating we love and produced the popular horned division champion for the Hoffman Family at JNHE. Tomahawk is a sire we're using this year and expect to work extraordinarily well.
- Selling choice, 3 (3) sexed IVF embryos with a guarantee of 1 60-day pregnancy if implanted by a certified embryologist.

## Lot 24A FOUR (4) IVF EMBRYOS

• 283H is a maternal sister to Endure and the 79Z daughter that has taken her mother's place here at NJW! Her sons and daughters are always equally as good and at the forefront of the crop. Her 2024 calves were 2025 sale features and top selling bulls, Colonel 117M, 109M, 130M and heifers 121M, 155M and 173M. Her bred heifers this fall are our top and "The Pick of our 2025 Heifers" was out of 283H and a littermate to what looks to be our 2026 bull sale features!

• We mated 283H to Deluxe K016 after seeing the incredible job he is doing around the country and think he brings in a line of high-end traits and a strong, reliable pedigree of good cattle!

• 283H flushes well and her embryos have stuck well. We planted 13 of these eggs last spring getting 10 out of 13 pregnancies.

• Selling four (4) IVF embryos with a guarantee of one pregnancy if implanted by a certified embryologist. Embryos located at Trans Ova, Washington.

## Lot 24B FOUR (4) IVF EMBRYOS

- One of the most stunning 2-year-olds I think we have raised — an own daughter of 79Z and half-sister to Endure, Mighty, Heavy Duty, Forward, Revolve and Bourban, to name a few. She is soft, deep, big hipped and easy doing with a wonderful udder and top shelf EPDs. 278L is sired by our go-to heifer bull, 10H, who is out of a full sister to Historic, so loads of maternal value. At this time, we are planning to take 278L and her Deluxe bull calf to Denver.
- New Standard, a Herford 13-Trait Leader, has worked so well here. I couldn't wait to flush 278L to him! The result of this mating will carry incredible maternal and carcass.
- Exportable to Canada, Argentina and Brazil
- Selling four (4) IVF embryos with a guarantee of one pregnancy if implanted by a certified embryologist. Embryos located at Trans Ova, Washington.

## Lot 25A FOUR (4) IVF EMBRYOS

- Pina is sired by "High Roller" and out of the famous "Wildcat Patience". Pina was a Bred & Owned Division Champion at JNHE in Louisville, Division winner at the Indiana State Preview Show, Division winner at the Indiana State Fair. A full sister to Pina Colada was recently named the Reserve Champion Junior Heifer Calf at the 2025 Kansas City Royal Junior Show. Pina has turned into a tremendous donor and combines some of the most sought after genetics in the show ring.
- Offering 4 conventional IVF embryos sired by Marksman and 4 reverse sort sexed heifer IVF embryos sired by Red River.

## Lot 25B FOUR (4) SEXED

• Pina is sired by "High Roller" and out of the famous "Wildcat Patience". Pina was a Bred & Owned Division Champion at JNHE in Louisville, Division winner at the Indiana State Preview Show, Division winner at the Indiana State Fair. A full sister to Pina Colada was recently named the Reserve Champion Junior Heifer Calf at the 2025 Kansas City Royal Junior Show. Pina has turned into a tremendous donor and combines some of the most sought after genetics in the show ring.  
 • Offering 4 conventional IVF embryos sired by Marksman and 4 reverse sort sexed heifer IVF embryos sired by Red River.

## Lot 27A FOUR (4) IVF EMBRYOS

• If you want to add some true carcass genetics to your herd, here's your chance. We have featured embryos from 333 in almost every Hereford Eve Sale. Tall Grass has impressive numbers and mated with the Carcass Queen is a sure-fire herd improver. Don't miss this chance to get 333 genetics in your program. Guarantee 1 pregnancy if implanted by a certified embryologist.

• For the second mating, G3 was a feature donor in our past sale going to Jonas Moya in NM. Her offspring have always created quite a stir around the ranch and in the sale ring. Red Cloud is one of the most popular bulls in the Hereford breed. Here's your chance to add pigment, power and performance with the offspring of these embryos. Guarantee 1 pregnancy if implanted by a certified embryologist.

## Lot 28A FOUR (4) FEMALE SEXED

- Lady Luck is a rising star in the Wildcat donor pen, combining proven pedigree, standout phenotype, and elite maternal power. Her pedigree reads like a Hereford "Who's Who," featuring High Roller, Whomaker, and Diana. In person she's equally exceptional—red-necked, goggle-eyed, deep-bodied, and structurally correct. As a heifer she was Reserve Division at NAILE and Division Champion at OKC, and in 2024 she was named Reserve Champion Cow-Calf Pair at Junior National.
- GKB saw her potential, purchasing her first flush at the 2024 Badger Southern Select Sale. Her early calves sold for \$33,000, \$17,500, and \$13,000 — proof of her transmitting ability.
- This offering includes matings to two of the breed's most exciting sires—Brandston, the reigning OKC Supreme Champion Bull, and Red Kingdom, whose offspring continue to excel. A full sibling bull to the Red Kingdom embryos was Division Champion at Junior Nationals and sold for \$30,000 at the Iowa Beef Expo.
- Selling choice of four (4) sexed female IVF embryos with a guarantee of one (1) pregnancy if implanted by a certified embryologist.

## Lot 28B FOUR (4) FEMALE SEXED

- Lady Luck is a rising star in the Wildcat donor pen, combining proven pedigree, standout phenotype, and elite maternal power. Her pedigree reads like a Hereford "Who's Who," featuring High Roller, Whomaker, and Diana. In person she's equally exceptional—red-necked, goggle-eyed, deep-bodied, and structurally correct. As a heifer she was Reserve Division at NAILE and Division Champion at OKC, and in 2024 she was named Reserve Champion Cow-Calf Pair at Junior National.
- GKB saw her potential, purchasing her first flush at the 2024 Badger Southern Select Sale. Her early calves sold for \$33,000, \$17,500, and \$13,000 — proof of her transmitting ability.
- This offering includes matings to two of the breed's most exciting sires—Brandston, the reigning OKC Supreme Champion Bull, and Red Kingdom, whose offspring continue to excel. A full sibling bull to the Red Kingdom embryos was Division Champion at Junior Nationals and sold for \$30,000 at the Iowa Beef Expo.
- Selling choice of four (4) sexed female IVF embryos with a guarantee of one (1) pregnancy if implanted by a certified embryologist.

- Chisum 456M was one of the talks from the 2025 NWSS when he sold for \$31,000 for half interest to Canada. Coming from the immortal 45C cow on the bottom side, he brings power & performance along with a curve bending set of EPDs. This is some of the first semen on him to sell in the U.S. Pictured here as a yearling, visit the Cane Creek website for an updated video on him.
- Selling 10 total groups of semen, 5 conventional & 5 sexed female.

106	1.60	1.60	91	0.085	0.49	0.19	497	590	148

- Homozygous Polled
- Red Label is an impressive individual that we are extremely excited about and will be using extensively in our program. He offers exquisite phenotype with added bone, body and power. For today's marketplace, he offers all the extra amenities when it comes to color, markings and pigmentation, as he is dark red with big red hooded eyes on both sides. Super correct in his structure with excellent feet and legs, 88M can add value to any program and will sire both bulls and females that will have added value and command top dollar. This herd sire is the outcross herd sire everyone has been looking for.
- 88M offers a very balanced EPD profile that combines moderate birth, performance, carcass merit and maternal strength. He ranks in the top 1% for both Teat and Udder EPDs; top 6% for CW, BMI and BII; top 7% for SCF; top 12% for YW; top 14% for CHB; and top 15% for SC. His donor dam was purchased as an open heifer for \$14,000 from our good friend Eric Walker in his annual Foundations for the Future Sale. She was flushed as a virgin heifer and bred right up the first time we bred her. 2446 is one of the biggest bodied females on the farm and is equipped with a striking look on the profile. She is a forefront in our donor program, and we are extremely excited about her future.
- Semen will only be sold at auction in 2026. Selling in 5 Straw Packages.

• Stinger has created a lot of stir in the country as may people are looking at him as the next sire of the "Great One". He has become one of the cornerstone herd sires at both Buck Cattle Co & Hoffman Ranch. He consistently stamps his offspring with an outstanding combination of power, substance and body, all wrapped in a structurally sound & correct package. His calves are not only impressive in terms of eye appeal and muscling, but they also exhibit flexibility, balance, and correctness that make them exceptional both in the show ring & pasture. Most recently in their fall sales, Hoffman sold a daughter for \$17,000 and another daughter sold for \$17,500 at Buck's.

• Selling semen in groups of five units.

115	1.40	1.50	103	0.035	0.71	0.31	481	580	184

• A true calving ease, heifer safe sire combining eye appeal, power and flexibility. Tohono is setting a new standard for balanced performance and phenotype. Out of a first calf heifer, he's already leading the breed in multiple EPD categories — proof that quality runs deep.

• Top 1% for MM & MG, Top 2% for CW & CHB and top 4-9% for WW, YW, TEAT, UDDR, BMI and BII.

• Balanced, phenotypically powerful and backed by breed leading data, Tohono represents the kind of Hereford genetics we are proud to stand behind. Just this past October, Tohono stood as the Grand Champion Bull at the NILE in Billings.

• Never offered to the public, selling three (3) packages of five (5) units of semen. You don't want to miss out on this opportunity!
