137	1.40	1.50	96	0.034	0.97	0.13	468	562	156

- Recommended for use on heifers.
- Homozygous Polled
- We couldn't think of a better way to kick off the 2nd Annual Bull Sale than with an extremely high-quality set of full brothers sired by the popular AI sire Stellpflug Gunsmoke 222. We start with the one we feel truly puts it all together — combining elite eye appeal, structural quality, and an EPD profile that backs it up.
- This is a big-time herd sire prospect that genuinely checks all the boxes. His dam, 2702, is a young and rapidly rising donor in our program. We purchased this powerful female from GKB Cattle Co. in Texas as an open heifer, and she has done nothing but deliver.
- A full sister to 4308 was a feature in our 2025 Foundations for the Future Female Sale, commanding \$13,000 to Barnes Herefords in Georgia, proving the consistency and value in this mating.
- Ranks in the top 10% for 9 traits.

166	1.40	1.30	98	0.024	1.14	0.19	386	483	169

- This is one big-time power bull in the making and a flush-mate brother to Lot 1. This mating came packed full of muscle, substance, and performance — and 4306 represents the stout, big-bodied kind that will have stars beside him on sale day.
- If you like them bold in their build, loaded with red meat, and built for real-world profitability, this one deserves a serious look. For progressive cattlemen wanting to add a power-oriented sire to their bull battery, 4306 is your guy.
- A full sister to this flush was a feature in our 2025 Foundations for the Future Female Sale, commanding \$13,000 to Barnes Herefords in Georgia, reaffirming the value and consistency in this mating.
- Ranks in the top 10% for 7 traits.

158	1.50	1.50	96	0.024	0.83	0.10	399	482	163

- Homozygous Polled
- The good Gunsmoke sire group just keeps on coming, and the quality within this set is truly second to none. 4303 is an interesting herd bull prospect we think a great deal of — red-eyed, long-spined, good-footed, and wide-topped with the added muscle and shape you appreciate when you get in behind him. You can drive a lot of miles and not find one built like this.
- His dam, G3, is a heavy-producing Anodyne daughter that continues to make the good ones year after year, and 4303 follows right in her footsteps.
- Ranks in the top 10% for 8 traits.
- Selling 2/3 interest and full possession.

[Lot 4] WLKR DRF JH GUNSMOKE G3 4305ET

Reg.: 44639572 | Calved: 11/23/2024 | Tattoo: 4305 | Polled

CE	BW	WW	YW	DMI	SC	SCF	MM	M&G	MCE

135	1.40	1.50	85	0.004	0.75	0.21	345	433	159

- Homozygous Polled
- Another impressive individual from the Gunsmoke sire group, 4305 offers the kind of balance and correctness that stands out. This bull is super complete in his design — smooth shouldered, sound structured, and naturally easy moving, with the body shape and muscle expression that make him adaptable to a wide range of programs.
- He carries the look of a practical, long-lasting herd bull with extra quality from every angle. His dam continues to transmit performance and consistency, and 4305 follows that pattern well.
- Ranks in the top 10% for 6 traits.

98	1.50	1.50	90	0.084	0.69	0.40	531	633	161

- Homozygous Polled
- 4164 is a high-quality individual that expresses extra length of body, impressive stoutness from end to end, and added shape through his top and rear quarter. What sets this bull apart is the exceptional marbling he offers — ranking in the top 6% for IMF, a rare combination in a bull built this stout.
- Sound structured, big-footed, and correct at the ground, he is one of the true herd bull prospects in this offering. This Gunsmoke son is out of 9233, a powerful donor female that left her mark in Morrison before transitioning into the Morris Herefords program in Texas.
- Ranks in the top 10% for 10 traits.

110	1.30	1.30	86	0.014	0.68	0.44	518	621	173

- Homozygous Polled
- 4146 is the final Gunsmoke son in this offering, and he certainly isn't short on quality. These Gunsmoke cattle are consistent, practical, and built for the real world, and 4146 follows that pattern well. If you are looking to add pounds to your calf crop and strengthen your bottom line, this is the kind that does it.
- He is backed by a high-quality Final Test daughter that traces to the wellknown JWR cow family, bringing maternal strength and longevity to the table.
- Ranks in the top 10% for 7 traits.

When you talk about a scale-crusher, this is him. A real beef bull with the kind of power and substance you can add to any cow herd. Dark red and good from every angle, this son of Final Chapter speaks for himself. We love the doing ability, added foot size, and extra bone that 4692 expresses.

• Homozygous Polled
 • 4127 is one of the most unique herd bull prospects in the offering. Dark red, heavily pigmented, and built on a big, sturdy foot, he carries extra body, muscle shape, and overall mass. Then you study his EPD profile and it becomes even more impressive—combining big-time growth with elite maternal and carcass value. He ranks in the top 2% for IMF, the top 1% for WW, YW, MG, TEAT, UDDR, SBI, and SCHB.
 • Ranks in the top 10% for 12 traits.

[Lot 10] DCF 2446 CUDA BELLE 91M ET

Reg.: 44600835 | Calved: 10/08/2024 | Tattoo: 91M | scurred

128	1.40	1.40	92	0.094	0.53	0.24	430	530	154

- 91M is a big-boned, stout-hipped, huge-middled Cuda Belle son that carries extra pigment in a dark red package. He is yet another full brother to DCF 4M Red Label 88M ET, the high-selling bull in the Dry Creek Farms Annual Production Sale with a full valuation of \$64,000, selling to MG/4M Farms, Makers Cattle Company, and Triple J Farms. The quality and consistency of this flush were exceptional, and 91M is no exception.
- The dam of this mating is a past high seller in the Walker Herefords Foundations for the Future Female Sale, bringing donor-level quality and maternal power to the pedigree.
- Ranks in the top 10% for 5 traits.

- Homozygous Polled
- 4138 is a scale-crushing herd bull prospect sired by our walking herd bull, Explorer. If you're looking for a stout, power-oriented sire that will add pounds to your calf crop for many years, this one deserves your attention. He offers impressive length of body, added muscle, extra rib, and the kind of bone and structure that hold up in real-world conditions.
- 4138 is the natural calf out of 298K, a direct daughter of the Carcass Queen that entered our donor program this year. Study the growth, maternal value, and carcass merit this bull brings — he has the ability to move a program forward in multiple directions.
- Ranks in the top 10% for 11 traits.

- Homozygous Polled
- Recommended for use on heifers.
- A direct son of the AI sire Deluxe, 590 offers a combination of numbers and phenotype that is hard to match. He is loaded with growth, maternal strength, and carcass value, making him a versatile herd bull option for a wide range of programs.
- He ranks in the top 1% for WW, YW, SC, UDDR, and TEAT, highlighting his ability to transmit performance, fertility, and udder quality at the highest levels.
- Ranks in the top 10% for 10 traits.

97	1.40	1.50	91	0.064	0.66	0.35	574	676	170

• Recommended for use on heifers.
 • An age-advantage herd bull that has already proven himself on heifers and worked extremely well within the Dry Creek Farms program. Practical, reliable, and the kind you can turn out with confidence. Sired by Loewen Defiance, the same sire that produced the popular AI bull Loewen Sandhills, he brings proven, predictable genetics to the table. He is out of a longtime donor from the Dry Creek Farms program that now resides at P & J Farms in North Carolina. This herd sire combines phenotype with a consistent, dependable number set. Buy with confidence.
 • Ranks in the top 10% for 11 traits.
 • Dry Creek Farms will retain their name on the registration papers along with the new owners to preserve the right to register all progeny born in 2026 at Dry Creek Farms.
 • Owned with Dye Branch Farms
