- Homozygous Polled!
- Short marked and fully pigmented
- Eagle was the \$35,000 high selling bull of the December 2021 KCF Bull Sale.
- Eagle posted a 98 BWR, 128 WWR, 116 YWR, 110 IMF and 120 RE in an extremely competitive contemporary group.

- His Dam of Distinction mother is a stellar producer with 6 calves @ 114 WWR, 5@107 YWR, 2@104 IMF and 2@121 RE.
- Eagle is an incredibly unique, proven sire with 231 progeny @99 BWR, 188 @103 WWR, 94 @103 YWR and 40 @111 IMF. He consistently delivers calving ease, explosive growth, big testicles, short markings and excellent structure. His first daughters in production are outstanding with beautiful udders.

- Homozygous Polled!
- Headstrong is a moderate statured, perfect footed, easy fleshing sire who delivers added pounds and muscle in an ultra-quiet, heavily pigmented package.

- His daughters in production are outstanding.
- His balance of CE, BW, WW, YW, SC, MARB and REA is currently unmatched among Hereford sires.
- Headstrong's dam is one of the breed's most prolific herd sire producing females.
- Owned with Sandhill Farms

- Homozygous Polled, heavily pigmented, short marked and dark red
- Dominion is quickly becoming one of the most dominant sires in the breed. Early progeny reports from top breeders are exceptional and his first sons will be sale features this spring.

- No animal in the breed comes close to matching his combination of CE, BW, WW, YW, SC, SCF, UDDER EPDs, CW, REA and Marbling.
- His prototype dam is arguably the most ideal cow at Knoll Crest with a nearly perfect udder.

- Homozygous Polled, 100% eye pigmentation, short marked, dark red.
- He is truly becoming the "gold standard" for slam-dunk calving ease without sacrificing growth, phenotype, structural soundness or carcass merit. His maternal trait projections are also at the very top of the breed.
- Monument was the standout performer in his contemporary group, posting a 96 BWR, 119 WWR and 115 YWR. He is massively constructed, easy fleshing, athletic and nearly perfect footed.

- No animal in the Hereford population comes close to matching his unique combination of calving ease, growth, SCF, MCW, REA and Marbling.
- In addition, he ranks top 1% for all index values and has the distinction of ranking in the top 1% CW yet smallest 3% MCW.

- Homozygous Polled
- Oshoto is a Power Bull that's flawless in his build, soft, flexible, free moving and balanced. He catches you with his body mass, bone and foot shape, and further appeases with his pigment, red cape and hooded eye. He profiles like a champ; long spined with a big square hip, and shape from every angle with a powerful stifle, huge barrel, and a flank that ties deep into his hock. An easy doing, free moving, masculine, big scrotaled bull that's extra docile. He's a natural calf out of a phenomenal dam, who's a proven Herd Bull producer and mother of Herd Bull producers. Oshoto's pedigree is as solid as they come, and an outcross for most. We believe this brute has a wealth of good to offer on a grand scale!
- 2025 Canadian National Champion Bull and Top 10 Supreme Finalist at Agribition, Eastern Canadian National Champion Bull and Supreme Hereford at Toronto Royal and Top 5 Beef Supreme Finalist.
- Progeny reports from breeders across North America claim Oshoto sires the best calves they've had in years!
- Sexed Female Semen Sells March 11th on SmartAuctions

- Horned
- Our excitement for a calving ease combo of this caliber is hard to contain!
- Hooligan is deep, sound and smooth made, a calving ease bull with all the benefits of LI performance, plus an intriguing pedigree packed with maternal power.
- A maternal brother to Oshoto, who's balanced on paper and in the flesh.
- Lots of great calf reports, his calves come easy, then pop up and grow and look good doing it!
- Owned with: Morrell Ranches, Willows, CA 530-218-5507

- Scurred
- He's long, he's attractive and he's got BIG SPREAD!
- Hootenanny calves come easy with tons of vigor and big-time performance, consistently producing top end progeny. He adds body length and weight while pumping his strong maternal line into his daughters and producing masculine bulls as well. A profitable combo for your program and bottom line.
- Dam is maternal sister to Oshoto and Bolder
- Owned with: Pelton Polled Herefords, ND 701-260-0058

- Top 10%, or better, in 8 traits including WW, YW, UDDR, TEAT, CW, REA, MARB, 6 CHB\$
- Gunsmoke is unmatched in his ability to combine phenomenal phenotype and incredible genotype. His dam, 90H, is the maternal powerhouse from the NJW program that demanded \$60,000 as a yearling heifer.
- His sire, Benton, is the carcass sire adding extra look, length, and pounds.
- It isn't often you can find a bull of this quality that brings BOTH carcass merit and maternal strength to the table.
- If you're looking to put BALANCE in your herd, look no further!
- The calf reports have been impressive!

- 2025 Western States National Hereford Show Reserve Champion Bull
- Tremendous eye appeal, sound structured with lots of bone and foot, great muscle shape, width of top and a powerful square hip.
- Heavily pigmented
- Out of a first calf heifer.
- Strong maternal heritage, stems from multiple generations of donors.
- Sire, Double Down, was the \$79,000 high selling bull at RSK Farms. His sons and daughters are among the best here at Wooden Shoe.
- Will sire ultra-attractive progeny that excel in look and power.

- An impressive individual for his true mass and raw muscle shape and with this much added stoutness, this bull can still get out and cover ground.
- He has a cool look from the side that draws a person in. He falls in his sire's, KLD RW Marksman D87, footsteps with this aspect and brings a more outcross pedigree on the bottom side.
- His dam, BACC 540 Chandon 180 ET, who's a CRR 8Y Leverage daughter. Providing a modern pedigree with a twist.

— We couldn't be more excited about utilizing Rio. He does so many things right. Great pigmentation, a large scrotum, and tremendous natural muscle and shape. The easy-natured and easy-fleshing bull is hard not to enjoy being around and analyzing. His dam, 'Diosa', is an elite donor in the Las Anitas herd, with her genetics being sought after internationally. A great outcross sire with exceptional feed efficiency, we highly anticipate the arrival of his first calf crop.

Mick and Debbie Trefiak
Kurt Trefiak 780-619-2224
Matthew Trefiak 306-830-6428

Other semen opportunities are available.

Guided by our motto, "Trusted for Generations – Built on Maternal Strength," our focus has never wavered from the fundamentals.

We strive to produce cattle that are economical, consistent, and prepotent—cattle that remain structurally sound in foot and udder, maintain fertility and longevity in the herd, and efficiently add pounds in a functional, moderate package. Structure, maternal ability, fertility, and productivity form the foundation of every mating decision we make. Our cow herd is built on proven females, with a strong emphasis on natural production, while select elite females are utilized in our ET program to responsibly expand the influence of those genetics.

The goal is simple: to provide dependable, consistent, and structurally sound cattle, with the strategic introduction of new genetics that add value to our customers' programs.

New genetics must originate from a generationally maternal-focused herd, with cattle that have to work for a living. In addition to being attractive, they must be built right, move well, and offer an outcross to what we can access at home.

This balanced approach allows us to offer bulls that are consistent, dependable, and structurally sound, while still providing access to progressive genetics that add value without sacrificing function. The Las Anitas herd in Uruguay checked all our boxes, and we are excited to present these two unique outcross sires.

— A Uruguayan embryo outcross opportunity, El Torro was purchased at Agribition in 2025 by El Regladero & Puerto de Nieto, Mexico. His overall muscle shape, length, and excellent foot quality make him hard to miss. His dam 'Violeta' and her progeny continue to be at the top of the Las Anitas herd. She was Kurt & Shannon's favorite female in Uruguay in 2018, and her daughters were favorites this past spring when we returned to visit the ranch. The sire, 'Cascarilla' is a long body meat machine tipping the scales and boasting an outstanding EPD profile. To say we are excited for his future is an understatement. Don't miss this outcross opportunity backed by maternal excellence.

- L35 is a Benton 8G son out of an Endure daughter that was purchased from Upstream Ranch.
- L35 is as flawless in his design and as complete as any bull that you will find, big footed, thick and lots of middle.
- This bull is impressive from every angle and will add the look that Hereford breeders desire.

Sexed Female semen available, contact owners.

- Homozygous Polled
- Recommended for use on heifers
- Superior elite genetics. We strive to produce cattle with elite phenotype, genotype and EPD profiles like we have here. We were mindful of making this mating to raise bulls like Full Circle to be able to offer outcross genetics to the purebred breeder. Heavily used in the /W program as he gives such a diverse pedigree to us in a unique phenotypic aspect.
- Full Circle 3511 is enrolled in the NRSP program at Olsen Ranches in Nebraska.
- Ranks in the top 10% for 8 traits and top 5% for all three indexes
- Thank you to everyone who purchased semen last year. The calf reports are outstanding!

- We are excited to announce that one of the most talked about calves of 2025, Fireball is producing semen and is ready to go! An unfortunate injury at the bull stud prevented him from being shown this fall. But have no doubt, he's still the stud he was back then!
- I still have yet to raise or see a calf that is built as dense or deep sided as Fireball while carrying all the right cosmetics and a very progressive EPD profile.
- During his show career, he led off the Reserve National Champion Pen of 3 in Oklahoma City, was Reserve Spring Calf Champion at Congress and Fort Worth, and Champion Spring Calf in Denver. But make no mistake, Fireball is not just a show bull. He was created with the beef industry in mind. If you're serious about the cattle business, this is the bull that can do it in all facets.

127M — as a yearling

HOMOZYGOUS POLLED!

- Act. BW 88 lb., Adj. WW 718 lb./113; Adj. YW 1,379 lb./109; Adj. Scrotal 38 cm.
- 127M combines extra Power, Total Soundness and a Value-Packed set of numbers and Data!
- He is strong, square and wide with exceptional length of body! Not often do you find a bull that reads as well as he looks!
- Ran with cows here at NJW all summer then was Reserve Champion Bull at the NILE this last fall.
- His dam, 217J, is from the Vaca cow family and raises a calf with the best of them - sporting a WW ratio of 109 on her first three calves. Her 3rd calf is a powerful goggle eyed full brother to Suede who is at the top of this year's sale bulls.

Dam of New Standard and one of the most highly regarded cows in the breed.

HOMOZYGOUS POLLED and Hereford 13 trait leader

- A unique breeding tool that combines and is backed by the highest values for carcass traits, fertility and udder quality. Very sound in his structure and make-up.
- Has had incredible calf crops here at NJW with heifers and bulls being of equal quality! Sons are real beef bulls...stout, thick and efficient. Daughters have the look and makings of beautiful, big bodied brood cows. First in production are exciting! Check our Facebook for photos!
- Sired both high selling bull and heifer in the NJW spring sale
- Sire of 2025 NILE Reserve Champion Bull and 2026 Denver Reserve Champion Junior Yearling Bull
- Entered in NRSP Program at Olson Ranch — Steers look excellent as they are near end of test!
- Act BW on 2912: 77 lb., Avg BW on NJW calf crops 79 lb. (includes ET and naturals out of cows and 2-year-olds)

Semen: \$150/Straw, 5 straw minimum or 20 straws for \$2,500; \$100/Certificate. CSS Semen Available. Contact NJW

HOMOZYGOUS POLLED

- Act. BW 86 lb.; Adj. WW 735 lb.; Adj. YW 1,322 lb.; Adj. Scrotal 41 cm
- Ranchware has the Power, The Presence, The Pedigree and the Credentials to add value to many programs. He is such a "wide body" with extra muscle, depth, rib shape and top. He reminds us of Homegrown 8Y who did such a great job adding all of the above to cows that needed more of it. Dam, 202C, is at the top here, right with her dam, 160Z, and granddam, 73S. When you add 7098 you have unmatched cow power and herd bull producing quality!
- He was the high selling bull in the 2025 NJW Spring Bull Sale. A full sister was the high selling female in the same sale and their sister was "Pick of the 2024 NJW Heifer Calves"!! Two more full sisters are top-end bred heifers here at NJW.

Full Sister - **143M**

Great Grandam - **73S**

Grandam - **160Z**

Dam - **202C**

- We are excited about our purchase of this up-and-coming herd sire! He is great looking with top of the breed carcass and the fabulous 7098 cow as his mother!
- Full Count potentially represents Dale's pinnacle of the great progeny he's produced with 7098. His phenotypic makeup is excellent, he's dark red and short marked and possesses outstanding maternal qualities. On top of that, he is the #1 bull in the entire breed with his combination of CE, WW and MARB. As an added bonus, his combination of BMI\$ and CHB\$ indexes rank him as the #5 non-parent bull.
- The game has changed, and Full Count is poised to be one of the most relevant, revenue generating herd sires to come along in the breed. The marketability of his progeny are limitless, as they will represent what the beef industry demands of Hereford cattle in 2025 and beyond.

- Homozygous Polled!
- Elite Phenotype & Performance: Likely the best Impact son brought to market to date, featuring an incredibly deep-bodied, long, and deep-muscled pattern with a strong, masculine look.
- The Power of 328F: His dam, 328F, is regarded as one of the best-uddered calf raisers ever bred in the Jensen program; a maternal powerhouse that continues to prove her value in the Pierce program in Wisconsin.
- Proven Mating: This specific mating produced the top-selling bred heifer in the Chosen Sale, along with multiple sale highlights throughout 2023 and 2024.
- Calf Quality: High-impact calves that are consistently stout and vigorous at birth.
- Data Driven: A Denver Pen highlight with impressive carcass merit, boasting an adjusted REA of 14.01 and a REA ratio of 101.
- Exceptional Growth: Performance-backed figures including an adjusted weaning weight of 774 lbs and an adjusted yearling weight of 1,166 lbs.

- He only has one flaw — his short ears due to extremely cold weather at birth, hence his name Jack Frost. Powerful, well balanced, attractive, easy fleshing, and great structured. His dam is the super cow, 7098. Jack Frost reminds us so much of his maternal brother, New Standard, but with even more eye appeal. His numbers indicate calving ease with incredible maternal values including udder quality. His carcass is as good as it gets with top 1% RE & Marb. Bulls this good are very rare!
- HEIFER SAFE. Calves are moderate and vigorous, with a lot of look and structural correctness.

Contact Jason Hoffman 530-604-5096

- Galveston is coming right off being crowned the Senior Champion Bull at Cattleman's Congress
- Dam and grandam are both Dams of Distinction on bottom side of pedigree
- This dark cherry red bull packs an unbelievable amount of power and body into a very athletic, durable structure
- Great breeder acceptance. Gentle and unique by design
- Top 5%: WW, YW, M&G, SC, CW and FAT
- Top 10%: UDDR, REA and CHB
- Here's your chance to use a true breeding bull!

- Cherry red, from head to toe with plenty of pigment. Marlboro Man is a Genesis out of the nationally known Genoa Hometown 15047.
- He was the highest selling bull in the 2024 Southern Partners and Performance sale.
- His calves are some of the very best at 5 J's, standing out with their dark cherry-red color and outstanding eye pigment.

- 2024 Cattlman's Congress Reserve Champion Polled Hereford Bull
- His dam, BK Distinctive Points 641D ET, needs no introduction as she has stamped out numerous national champions for Buck Cattle Co. Not to mention she is a direct daughter of the great HAPP Kool Aid Points cow.
- He is elite in his look and presence and will demand the attention of many when hitting the ring as well as when selecting sires for AI.
- This sire's skeleton and build is phenomenal when wanting to make elite functional females and powerful herd bulls.

- Fresh Prince has become the go-to sire for heifers!
- Calving ease and maternal traits are proven
- Easy calving progeny with added show ring value
- Bar Star sold three heifer calf daughters to average \$16K as well as high sellers for McDonald Farms in the 2022 Breeders Cup sale and others across the country.
- Trait leader in BW, DMI, SC, SCF, MM M&G, MCW, UDDR, TEAT, MARB, BMI\$ and BIIS
- There's no reason to second guess your decision to breed with Fresh Prince this coming breeding season when you're adding value to your calf crop.

- Homozygous polled
- A powerful herd sire with tremendous eye appeal.
- The first natural calf from our power donor, 96G, and sired by the calving ease specialist, Sire Fire that sold in an earlier sale to Joey Skrivanek in Texas.
- This is a cow herd building bull.
- 96G is a power donor that does it all - produces herd sires, donor daughters and quality in every way.
- One of the soundest and most athletic bulls in the breed

- Washington is a Homozygous Polled bull combining breed-leading growth, carcass merit, and maternal strength in a deep-bodied, athletic, and eye-appealing design. Ranks in the **top 10%** of 13 traits in the Hereford database, including **top 1% WW, YW, MG, MCE, and CW.**
- Proven in real-world conditions with outstanding performance ratios:**
 - Washington's Ratios: BW 93%, WW 115%, YW 111%, REA 114%, Marb 144%, 41cm SC
 - Dam's Record: 5 calves at 98.6% BW, 4 calves at 113.8% WW, 2 calves at 107.5% YW, 2 calves at 107% REA, 2 calves at 119.5% Marb
- Backed by generations of consistently high-performing, productive females.
- Combines elite EPDs, breed-leading ratios, and structural quality in one balanced package.
- Washington **will** add pounds, carcass premiums, and maternal value to registered or commercial herds without sacrificing any trait.
- One of the most balanced EPD profiles in the breed** — search CE, WW, and MM, or any combination of his numbers, and he rises to the top.

His first calves are proving it early - moderate, correctly built, high-growth calves with added pigment.

- One of only three horned bulls in the entire breed with his combination of CED, BW, YW, MARB and CHB\$. 2116K sold for \$100,000 in Holden's 2023 Sale.
- 2116K is a trait leader for CED, BW, SC, Milk, MCW, CW, MARB and CHB\$ and ranks in the top 3% on BW, Mature Cow Weight, and MARB EPDs.
- He sires moderate framed, easy fleshing progeny with extra pigment, rib shape, muscle, and eye appeal. Calves are extremely vigorous at birth and very well made.
- His dam is a very moderate framed cow with exceptional capacity and fleshing ability. She is a top donor and 3 sons have sold for an average of \$59,000.
- Here is a bull that will sire progeny that will excel in the pasture, feedlot, and on the rail, and daughters that are functional, fertile, easy fleshing, and highly productive.

DEFINING THE LOGOS

USED IN THE AHA AI BOOK

AHA GE-EPD

This logo highlights animals that have been genotyped through the AHA official DNA lab. That genotype will be used along with pedigree, phenotypic and progeny information for a more reliable EPD.

NON-CERTIFICATE A.I. PROGRAM

If an A.I. sire has this designation, the progeny from this sire does not need an A.I. certificate for registration.

NATIONAL REFERENCE SIRE PROGRAM

The American Hereford Association (AHA) National Reference Sire Program (NRSP) is a program that allows Hereford breeders to test young sires in real-world commercial settings.

HEREFORD ADVANTAGE

This logo identifies bulls that rank in the top 50% of the breed for the Certified Hereford Beef Index (CHB\$). Feeder cattle sired by these bulls are eligible to be enrolled in the Hereford Advantage program through IMI Global.

MATERNAL ADVANTAGE

This logo identifies bulls that rank in the top 50% of the breed for the Baldy Maternal Index (BMI\$), or top 50% of the breed for Brahman Influence Index (BIIS). Commercial Hereford x British cross or Hereford x Brahman cross replacement females sired by these bulls are eligible to be enrolled in the Maternal Advantage program.

PREMIUM RED BALDY

This logo identifies bulls that rank in the top 50% of the breed for the Baldy Maternal Index (BMI\$). Commercial Hereford x Red Angus replacement females sired by these bulls are eligible to be enrolled in the Premium Red Baldy program.

Shane Bedwell is the chief operating officer and director of breed improvement of the American Hereford Association. He can be reached at sbedwell@hereford.org

All bulls in the 2026 AI Book have been AI permitted and are ready for your assessment. The offering of this line-up is tremendous, and you will find many young and proven bulls with genetics to move your operation forward. Bulls that have a highlighted expected progeny difference box are recognized by American Hereford Association (AHA) as trait leaders as they are proven sires that have achieved not only a minimum level of weaning weight accuracy but the trait that is highlighted is one standard deviation above the mean of the breed.

Hereford Sires Built for the Future

IHP00861 BAR JZ **ON DEMAND**

Reg #: 44355795 | RV VALOR 9444G ET x NJW 73S W18 HOMEGROWN 8Y ET

All the makings of a breed changer!

On Demand's first calf crop is already generating excitement across the industry. Combining outstanding phenotype with unmatched power and curve bending EPDs, he represents the future of the breed without sacrificing real world practicality.

CE	BW	WW	YW	DMI	SC	SCF	MM	MG	MCE	MCW	UDDR	TEAT	CW	FAT	REA	MARB	\$BMI	\$BI	\$CHB

IHP00867 STELLPFLUG **NEXT STEP**

Reg #: 44594597 | KCF BENNETT MONUMENT J338 x GO KING E33

Elite quality and proven pedigree!

Next Step commands attention with a powerful blend of phenotype and data. Homozygous polled and fully pigmented, he is backed by a tremendous first-calf heifer and an elite dam featured in the inaugural Stellpflug Female Sale.

IHP00863 H **RICHMOND ET**

Reg #: 44491260 | CHURCHILL RED THUNDER133J ET x MOHICAN THM EXCEDE Z426

The ultimate baldy maker and maternal powerhouse.

Richmond offers a dynamite genetic package with next level index power, ranking in the top 1% for Teat, Udder and \$BMI. He's also backed by two of the breed's most prolific and influential females.
