WMC Cattle Co.

As I sit down to write this and reflect on the past, it is difficult to put into words what this sale means to my family and I. This will be the final sale for WMC Cattle Company, and with it comes the bittersweet closing of a chapter that has shaped most of my life.

Our Hereford program traces back to cattle my family began raising in the 1920's. What started as a commercial Hereford herd transformed into a small Trojan-influenced registered herd that grew into a lifelong commitment to producing practical, honest cattle. We've always focused on cattle that work for real-world producers — easy fleshing, maternally strong, sound structured, and backed by dependable genetics. If it didn't make sense or work in our environment and pastures, it didn't stay here.

Every cow in this offering represents years of careful selection and hard decisions. These cattle weren't built overnight. They were developed through droughts, tough markets, long nights calving, and a deep belief that good cattle still matter. I'm proud of the consistency and predictability they've brought to our customers over the years.

To everyone who has bought a bull, a female, or simply stopped by to talk cattle — thank you. Your trust and friendships have meant more than you know. I encourage all young breeders to get out and see cattle from all environments, talk to breeders from coast to coast, and never be afraid to learn something new. This is an ever-changing business and we as progressive cattlemen and women need to be open to embrace change and use it for the good of our programs and the breed.

As you study this catalog, know that we are offering our very best — the heart of the WMC Cattle Co. program. We have poured ourselves into making the best Hereford cattle we can for our environment. I encourage you to find an individual that will allow you to take the next step in taking your program to the next level. It's bittersweet, but I'm grateful these cattle will go on to build strong herds for the next generation.

*Sincerely,
Travis McConnaughy*

- Leading off the WMC Cattle Company Complete Dispersal Event is the beautiful young donor, Thyra 210J, who was raised here in the program. She is the only animal in the entire breed with her EPD combination of REA, Marbling, BMI, BII and CHB. 210J also has the #1 REA EPD of any Validated daughter with a whopping +1.23! Her carcass figures are in elite company and when you combine that with her strong growth, fertility, and maternal traits, you've really got a special female.
 - 201J is a stunning female whose donor dam WMC 173D 20A Reva 138G sells as lot 2 and is a direct daughter of the WMC matron donor C&L Loewen Reva X51 20A. Her maternal side is stacked 4 generations deep with impactful and prolific donor females, which only solidifies the maternal strength and future production in this young female.
 - Individually, 210J is a dark red, short-marked and goggle-eyed beauty that is built correct from the ground up with added volume, depth and width in a stylish design with a nice udder that is full of milk.
 - When you combine her superior numerical package, stunning phenotype, proven pedigree and consider what some of the better Validated females have done in production, this female's intrigue goes to another level. Take advantage of this opportunity to acquire this young donor whose future income generating potential is untapped.
 - Dam sells as lot 2. Maternal sisters sell as lots 2B and 129. Maternal brother sells as lot 30.
 - Breeding information available on sale day.
 - 210J has been flushed conventional 4 times to average 6 embryos per flush.
- Flushed IVF 1 time and made 15 embryos.

- Homozygous Polled
- 104M is the darkest colored, shortest- marked and ring-eyed of the ET sisters out of Merit and 7532E. She is a stout made and broody female that excels in many facets that are important in beef production: growth, carcass, maternal, fertility and calving-ease.
- She is backed by the Dam of Distinction, /S Lady Trust 7532E ET, that is a beautifully designed donor with average progeny ratios of 9@ 92.4 for BW, 7@ 107.7 for WW, and 3@ 100.7 for YW.
- Dam sells as lot 160. Full sisters sell as lots 33, 34, 36 and 37. Maternal sister sells as lot 174.

- 103M is a big bodied, eye-appealing daughter of Merit from the highly productive 7532E donor flush that sells as lots 33 through 37. She definitely offers the most calving-ease and maternal prowess of the sisters with a striking look, yet still possesses the growth, carcass and fertility that make this group of sisters so appealing.
- Pay attention here the progressive breeders will be lining up to add these proven genetics to their programs.
- She is backed by the Dam of Distinction, /S Lady Trust 7532E ET, that is a beautifully designed donor with average progeny ratios of 9@ 92.4 for BW, 7@ 107.7 for WW, and 3@ 100.7 for YW.

- Homozygous Polled
- 101M is deep bodied female with excellent style, balance and power sired by Merit and out of the 128G female that sells as lot 141 and is a full sister to the lot 2 donor 138G who stems from the WMC matron donor Reva X51 20A.
- She offers an impressive numerical package that includes calving-ease, rapid growth, fertility, maternal strength, and value-added carcass traits.
- 101M is the only female in the AHA database with her combination of CED, WW, Teat, Udder, Marb, BMI and BII.
- Females of 101M's caliber are hard to replicate and I predict that whoever buys this female will be even more proud of her once she gets into production.

- Homozygous Polled
- 131M stands out as an exceptionally well-designed female, sired by Devotion 5K and out of a first calf heifer. She is possibly the best built and most visually appealing female in the offering. She is built with a square hip design and impressive thickness throughout, providing a robust shape through the center portion of her body. Her front one-third is clean and elongated, complemented by a beautiful head with goggle-eyes. 131M's phenotype is completed with an impeccable structural design that is built to stand the test of time.
- 131M is a calving-ease female with rapid growth combined with strong maternal and highly sought after marbling.
- She is sure to be one of the sale features with her exciting combination of exquisite phenotype and sensational genotype.
- Dam sells as lot 168.
- P.E. from 12/12/25 to 2/27/26 to WMC 713 138G Nevada 31M ET. Ultrasound checked safe 4 months.

- WMC 66589 Trojan Boss 194H is a heavily constructed and moderately designed Mandate son that is backed by a Cowboss daughter whose mother, WMC Y509 Trojan Vision 74A, is a Dam of Distinction.
- Trojan Boss is a calving ease bull with strong performance that offers superior maternal traits that sires incredible females with beautiful udders.
- His name pays homage to the foundation of the WMC herd that came from Travis' grandparents', Calvin and Jean Watson. The base of the cow herd goes back to JB Polled Trojan 37E who was born in 1966 that Calvin and Jean owned and became a transformative bull in the Hereford breed in the 60s and 70s. JB Polled Trojan 37E sired cattle that excelled at maternal, performance and had great udders. JB Polled Trojan can be found in the fifth generation of Trojan Boss 194H's pedigree. "Never forget where you came from, and who helped you get there."
- Full sister sells as lot 101. Maternal sister sells as lot 222.

- GKB Guardian 4192 was the featured lot 1 bull in the 2025 GKB Cattle Fall Bull Sale that Travis selected to use as a herd bull to turn out on the younger fall calving cows.
- 4192 is a powerful built, deep bodied son of the record-setting C GKB Guardian 1015 ET! He is a standout for phenotype with an impeccable structural design and excellent testicular development. 4192 is short marked, red to the ground, heavily pigmented and offers top notch growth combined with highly sought-after marbling.
- He is backed by a young Belle Air 8123 daughter who stems from the prolific WMC donor C&L Loewen Reva X51 20A.
- If you value growth, carcass and style, look no further than 4192, as he excels in every aspect.

- Remarkable look and powerfully designed bull sired by Verified Merit 323L in a dark red and conservatively marked exterior with pigment. 131N is a square hipped, thick ended and wide topped bull with expressive muscle shape that blends seamlessly into his bold center portion with extra depth from his flank to his foreb and balances nicely with an extended front one third. 131 is a big footed, stout boned bull that is very correct with an exceptional structure.
- His numerical profile features increased calving ease, moderate birth with curve bending growth, fertility, maternal proficiency and top-notch carcass with \$ values that rank in the upper echelon of the Hereford breed.
- He is backed by a fantastic Endure daughter that stems from the prolific herd bull producer HVH Oksana 4L 33N.
- BW 85 lb.
