100	1.70	1.70	85	0.045	0.74	0.57	603	717	169

- A truly elite donor to kick off the Foundations for the Future '26 offering. 3504 is the kind that every progressive breeder hopes to build a program around, the prototype Hereford female. Highly productive, low-input, perfect uddered, and built with the balance, look, and structural integrity that stand the test of time.
 - A full sister to Walker Full Circle 3511ET, this young donor combines a proven pedigree with breed-leading figures. She ranks in the top 1% of the breed for SCF, Teat, Udder, \$BMI, and \$BII, while posting a top 3% Marbling EPD. Females like this don't just raise calves—they build cow herds.
 - Retaining spring 2026 Heifer calf.
 - Co-owned with Dirt Road Farms
 - Serviced AI to WLKR TRM Dodge City 525N ET on 5/26/26.
- Exposed to BR E133 Belle Air 1324 from 6/5/26 to 8/15/26.
Safe in Calf. Believed to be AI.

[Lot 2] WLKR CMF RITA 21134 5604 ET

Reg.: 44745898 | Calved: 09/06/2025 | Tattoo: 5604 | Polled

CE	BW	WW	YW	DMI	SC	SCF	MM	M&G	MCE
6.7	3.1	97	149	1.0	1.4	21.6	23	71	5.7

147	1.40	1.20	120	0.005	1.22	0.41	514	645	211

- Elite from every angle, this is the kind of female that simply checks all the boxes. She is a full sister to the \$52,500 BF 157F Eminence 111M ET, now working in the Burns Farms and GKB Cattle Co. programs, while another full sister highlighted the 2025 Burns Farms Female Sale at \$30,000 to Double Seven Ranch, Oklahoma. 5604 is also a maternal sister to one of the breed's most talked-about young AI sires, HHF Right Choice 5N ET.
- The influence of NJW 1A 173D Rita 157F continues to reshape the breed. In 2025 and 2026 alone, nine progeny sold through public auction for an impressive \$39,444 average, proving the consistency and earning power of this remarkable donor.
- We've admired this female since an early age. Massive in her build with tremendous bone, body mass, and spring of rib, she combines an elite phenotype with a truly unique genetic profile. Study her EPDs closely, she is the only animal in the Hereford database with her combination of minimums for CED, BW, and YW in the AHA database. Opportunities like this don't come around often. Invest in a female capable of transmitting both elite phenotype and breed-leading genetics for generations to come.
- Homozygous Polled
- Owned with Candy Meadow Farms
- Sells Open
- Seller reserves the right to 10 transferrable embryos at the sellers expense and the buyers convenience.

Lot 3 Selling Choice of Lots 3, 4

- We wanted to offer this exceptional flush of bred heifers because opportunities like this don't come along often. It took some big-time convincing to let this group leave the farm, and after going back and forth on which female to offer, we decided to put the decision in the buyer's hands. Sired by the calving ease standout Churchill Equity and backed by the proven Cowboss donor, whose influence has continued to grow since making the trip from Laurel, Montana, this mating offers unlimited potential.
- 527N leads this impressive trio of donor prospects. She is a fault-free female with outstanding balance, structural integrity, and eye appeal. Study her on the hoof, then study her...

- 529N is the kind of female that stops you in your tracks and never gives you a bad look. Extra-long made, sound structured, and built with tremendous balance, she has all the makings of a big-time brood cow.
- We're extremely excited about the future of this mating. With the strength of this pedigree and the physical progression these females have shown, we believe they are destined to become exceptional uddered, highly productive cows that will leave a lasting impact on any breeding program.
- Serviced AI to KCF Bennett Provider M400 on 3/31/26, Exposed to WLKR LF Laredo 2050 534N ET from 4/10/26 to 6/20/26. Safe in Calf. Calving date to determine sire.

Lot 5

- 530N has become the favorite of many visitors to the farm, and it's easy to see why. Massive bodied, elegant through her front one-third, and built with tremendous bone, shape, and overall completeness, she is the kind that never goes out of style.
- We can't wait to watch these females enter production and see the impact they make. Opportunities to purchase bred heifers like this are few and far between, as we rarely open the gates to this portion of the herd. Take advantage of a true donor-quality female with an exciting future ahead.
- Serviced AI to KCF Bennett Provider M400 on 3/31/26, Exposed to WLKR LF Laredo 2050 534N ET from 4/10/26 to 6/20/26. Safe in Calf. Believed...

- 937J is a true power donor that continues to leave her mark on our program. She consistently injects muscle, look, and genuine power into her progeny, with multiple sons now working as herd sires in progressive breeding programs across the country.
- When we think of a female that stamps her calves with a unique and recognizable phenotype, 937J is always at the top of the list. She recently raised a herd bull prospect that tipped the scales at over 900 pounds at weaning—a true testament to her production ability.
- Serviced AI to UPS Lakota ET on 12/18/25, Exposed to Walker Full Circle 3511 ET from 12/23/25 to 3/10/26. Safe in Calif. Believed to be AI.

- 5134 has been one of my favorites from the day she hit the ground. She is the definition of a no-holes female—exceptionally complete in her design with tremendous body shape, added muscle, and the balance and eye appeal that make elite breeding cattle.
- The only Loewen Sandhill female in the offering, she represents a unique opportunity to invest in one of the breed's most popular sire lines. This is a female that demands a long look on sale day.
- Sells Open

- We could write a book about the impact 2702 has had in our donor program. She continues to produce cattle with the kind of phenotype that demand attention, including a daughter that sold for \$13,000 to Barnes Herefords, Georgia, in last year's Foundations for the Future Sale, along with a herd bull that brought \$12,500 to the Bush family in Kentucky.
- 2702 consistently combines eye appeal with performance, offering the growth and EPD profile to back up her impressive phenotype. If you're looking to inject a little extra outcross pedigree without sacrificing quality, this donor deserves a serious look.
- Serviced AI to Churchill Smokey 3128L ET on 12/18/25.
- Exposed to Walker Full Circle 3511 ET from 12/23/25 to 3/10/26.
- Safe in Calif. Believed to be AI.

• If you're searching for true cow power, this female checks all the boxes. Big-bodied, bold-ribbed, and carrying plenty of shape, she is a tank with the extra look to set her apart. She is sired by a Mandate son we purchased from TRM that has exceeded our expectations and made a lasting impact on our program, with this female standing as a prime example of his quality. Ranking in the top 1% of the breed for both Weaning Weight and Yearling Weight, she is an outstanding choice for anyone looking to add serious growth and performance to their herd.

- This soft-made female is one you'll appreciate for her balance, power, and overall quality. Long spined and built with plenty of dimension, she has the kind of phenotype and brood cow potential to make a lasting impact in any program. She is sired by a Belle Air son we purchased from Barber Ranch that has done an outstanding job for us and will continue to see heavy use based on the consistency of his progeny. Backed by an impressive genetic profile, she ranks in the top 2% of the breed for both Weaning Weight and Yearling Weight, making her an excellent choice for those looking to add performance without sacrificing eye appeal.

- This female is an attractive, dark red, big-bodied female with the kind of presence and design that catches your attention. Her elite pedigree is highlighted by Endure 173D, a proven sire known for producing highquality progeny across the country, and backed by T15, a powerful donor for the 7 Oaks program that continues to produce outstanding offspring. She combines maternal strength, phenotype, and performance in a package that offers tremendous potential as a future producer. She ranks in the top 4% of the breed for both Carcass Weight and CHB, adding even more value to an already impressive female.
- Serviced AI to C Barracuda 0114 ET on 11/3/25, with Sexed Female Semen. Should calve before sale day.

113	1.40	1.40	83	0.035	1.03	0.21	487	574	154

- We lead off the fall open heifers with a true sale feature. Out of the ever-popular H BL First Lady 1101 donor, whose influence has been felt throughout the Churchill program, we purchased this flush with one goal in mind. We believed Laredo was the perfect mating for First Lady, and we couldn't be happier with the result.
- These flush sisters are peas in a pod. Big-bodied, long-made, square-built, and packed with genuine brood cow quality, they combine the kind of phenotype, structural integrity, and maternal strength that are difficult to assemble in one package. The quality runs deep from both sides of the pedigree, making these two females an exciting opportunity for anyone looking to build around proven genetics.
- Sells Open

- This impressive fall female is backed by a pedigree stacked with power and proven genetics. Sired by a son of Perfecto 84F and out of a dam sired by Sensation 2504, she carries the kind of foundation that can make a lasting impact in any program. She has the potential to be a heavy-milking female with a great udder, while also adding the carcass merit that today's producers value. With her combination of maternal strength, functionality, and performance, she is a female that should excel for years to come.

- 533 is a well-balanced female with a feminine look and plenty of overall eye appeal. Her sire, Perfecto 00642, consistently stamps his progeny with added style and quality, and this female is a great example of that influence. She combines an attractive phenotype with the kind of design that gives her a bright future as a productive cow. With her quality look and strong genetic potential, she is a female to keep a close eye on.

- 671P is a knockout young female stacked with some of today's freshest genetics. Sired by the popular Huth Deluxe, she is long made, square hipped, and exceptionally attractive in her overall design.
- Her dam was purchased with our good friends at Whispering Winds Farm as the high-selling bred heifer in the 2025 Boyd Beef Cattle Sale. Study the pedigree here, as 671P combines the influence of two of the hottest sires in the breed today in Monument and Deluxe. She brings standout phenotype with all the bells and whistles on the hoof, and the numbers to back it up, ranking in the top 10% of the breed for 11 different traits. A high-end female with the genetic power, numerical quality, and phenotype to take any program to new heights.

- What a hot commodity this female will be. Sired by the popular Merit son, Verified Merit, this female is an absolute beast and puts a lot of impressive pieces together. She is long bodied with tremendous rib shape and mass, all while standing on a big foot with excellent structure.
- Not only is Jill impressive in person, but when you analyze her on paper, she doesn't disappoint. She ranks among the upper echelon of the breed for REA, Marbling, and numerous maternal traits. A unique combination of power, phenotype, maternal strength, and carcass merit that is hard to come by.

- 6202 is the first calf out of a Merit daughter we acquired from 111 Farms in Georgia, and when the genomics came back, I almost fell out in the floor. This female combines standout phenotype with a negative BW EPD, high-end growth, and an impressive \$225 CHBS.
- Females that put this much phenotype, performance, and carcass merit together are hard to create. Take advantage of this opportunity.
- Sells Open

50	1.60	1.70	56	0.065	0.38	0.59	444	548	138

- 633P is one special female from the standpoint of maternal strength, added color, and proven genetics. We love the overall structure, balance, and design she brings to the table. Sired by the popular Red Cloud, when we mated 21J this way, we knew the result would be a dark one—and 633P certainly didn't disappoint. A high-quality female with the maternal foundation and look to make a big-time cow.
- Owned with McGuffee Herefords
- Homozygous Polled

- A proven donor in the program, this 8474 daughter is already making a lasting impact. Her most recent progeny was one of the highlights of the spring open heifer division in last year's sale, further proving the kind of quality she is capable of producing.
- Owned with our good friends at Whispering Winds Farm, she combines big-time calving ease with the maternal strength, phenotype, and production you want in a donor. She has already made her mark, but we believe the best is still ahead, this female is just getting started.
- Owned with: Whispering Winds Farm
- Exposed to BR E133 Belle Air 1324 from 4/15/26 to 8/15/26. Safe in Calf.

- This is a herd sire prospect we have extremely high expectations for. Sired by Precision and backed by a donor we have a tremendous amount of confidence in, she has the genetic foundation to be something special.
- The Precision mating really clicked here, and we believe this prospect has the pieces to develop into a high-quality breeding piece with a big-time future.
- Owned with: Whispering Winds Farm
- Homozygous Polled

- What a powerful pair of cattle coming here. This three-year-old Ridge daughter is something to see in person, and more importantly, she can flat raise one. Dark red with added pigment, she combines power and brood cow look with big-time calving ease and maternal traits that fit the bill.
 - A young female with a lot of productive years ahead of her, and the calf at side is proof of what she can do.
 - Serviced AI to Churchill Smokey 3128L ET on 3/31/26.
- Exposed to DVOR 619G 933 Explorer 110J from 4/10/26 to 7/20/26.
Safe in Calf. Believed to be AI.

- Here is a young female with a lot of future ahead of her. The Houston × Mandate combination has proven to flat work, and this one is another example of why. She traces back to 675D, one of the cornerstone donors that has made a lasting impact on our program.
- What really separates this female is how complete her genetic profile is, ranking in the top 10% of the breed for 10 different traits. The kind of young cow with the pedigree, numbers, and maternal foundation to build around.
- Exposed to BR E133 Belle Air 1324 from 4/15/26 to 8/15/26. Safe in Calf.

• Here is a dark red Historic daughter backed by generations of proven, productive genetics. Her pedigree traces to breed-leading sires like Validated and 028X, giving her a strong maternal foundation with plenty of predictability built in.

• More importantly, she has proven she can get the job done. This female is a great producer and the kind of dependable cow that continues to add value year after year.

• Serviced AI to KCF Bennett Provider M400 on 4/6/26,
Exposed to BR E133 Belle Air 1324 from 4/15/26 to 8/15/26.

- 105K is the kind of female that simply never gives you a bad angle. We love the quality and femininity she possesses, along with the balance, body shape, and exceptional udder quality that make her so easy to appreciate. She has that true brood cow look while still maintaining an attractive, feminine presence.
- 105K traces back to the old Sunny cow family, a maternal line that has been extremely influential at CES for our lifelong friend, Mr. Charles Smith. There is a lot of history and predictability built into this pedigree, and 105K is a great representation of the quality that cow family has produced for generations.
- Homozygous Polled
- Serviced AI to WLKR LR Smokin Gun G3 4303 ET on 5/11/26, Exposed to DVOR 619G 933 Explorer 110J from 6/1/26 to 8/1/26. Safe in Calf. Believed to be AI.

- Just like her mother, we feel this Merit daughter has tremendous upside. When you combine the maternal history and predictability of the Sunny cow family with the influence of Merit, the result is a female that is truly something to see in person. She is attractive made, long bodied, and loaded with rib shape while maintaining the balance and femininity you want in a breeding female.
- Then study her on paper and she takes it to another level, ranking in the top 10% of the breed for 10 different traits. Phenotype, maternal strength, and an elite numerical profile all come together in a female with a very bright future.
- Homozygous Polled

• 6228 is a female we believe has the potential to be a truly impressive individual. Sired by UPS Lakota, a bull making a significant impact in the breed and gaining attention from programs across the country, she carries the kind of genetics that continue to build confidence. She combines a quality phenotype with an outstanding set of numbers, ranking in the top 5% of the breed for Milk, Maternal Calving Ease, and Teat Score. She is also elite for Scrotal Circumference, ranking in the top 1%, making her a well-rounded female with plenty of value to offer.

• This is a fun female to study, combining an elegant design with the kind of balance and quality that stand out from every angle. She represents the type of female we strive to produce—functional, attractive, and built to make a lasting impact. Sired by a New Standard son that we raised and have a great deal of confidence in, she offers the pedigree and potential to become an outstanding producer. Her performance profile is equally impressive, ranking in the top 1% of the breed for seven different traits, making her one of the most uniquely balanced females in the offering.

- This attractive bull calf has the look and potential to develop into an outstanding herd sire. His striking appearance, balance, and overall quality make him one that stands out from the crowd. Sired by our Belle Air son, we believe he has the genetics to follow in his footsteps, combining big-time growth with the eye appeal and functionality needed to make a lasting impact. With a balanced set of numbers and impressive performance potential, he is a versatile bull that can work in both registered and commercial programs.

• This herd sire prospect offers tremendous potential with the growth and performance producers are searching for. He is a true standout on paper, ranking in the top 1% of the breed for both Weaning Weight and Yearling Weight, while also placing in the top 3% for Scrotal Circumference and Milk & Growth. Bulls with this combination of power and genetic merit will be hard to find.

- 5208 is the kind of Hereford female we are all searching for. She is huge bodied, long as a well rope, and still gives you an exceptionally attractive, feminine look from the side. Study her from the ground up, she stands on an impeccable set of feet and legs with the kind of structure, foot size, and overall build that should keep her productive for years to come.
- What makes this female even more exciting is that she will be among the first Equity daughters to enter production. Her dam, 3212, is a young Houston daughter that got the job done right out of the gate, producing 5208 as a two-year-old.
- Study this female's EPD profile, as she brings elite calving ease with the genetic tools to do so much more. With her impeccable phenotype, maternal foundation, and fresh genetic package, we believe 5208 is destined to raise the kind of big-time herd bulls and front pasture females that can move any program forward
- We are committed to offering our very best, and 5208 is exactly that. This is a female we believe has donor potential written all over her and one that could make a lasting impact for her new owner.
- Exposed to WLKR LF Laredo 2050 534N from 4/10/26 to 6/20/26.
- Safe in Calf
- Seller reserves the right to 10 transferrable embryos at the seller's expense and the buyer's convenience.

- 5221 is a dark red Essential daughter that brings together maternal quality with big-time growth and performance. We really like what we are seeing in these Essential daughters—they have the body, substance, and maternal look to develop into highly productive cows.
- This is a young female with the genetic tools to add pounds while maintaining the maternal value needed to build around. We believe these Essential daughters are going to make great cows, and 5221 fits that mold extremely well.
- Owned with Stan Boyle & Son
- Exposed to WLKR LF Laredo 2050 534N from 4/10/26 to 6/20/26.

- When this female walked into the picture pen, I knew she just carried herself a little different. She is extremely attractive in her design, yet still packed with muscle shape, body, and substance—the kind that commands your attention from every angle.
 - She is out of the popular Sweet Tart donor that made such a lasting impact for the Hidden Oaks operation in Texas, adding another level of proven maternal quality to the pedigree. This is a very high-quality female with the look, power, and genetic foundation to do big things. She won't be hard to find sale day.
 - Exposed to WLKR LF Laredo 2050 534N from 4/10/26 to 6/20/26.
- Safe in Calf

• Dodge City is one of the most exciting young herd sires to enter our program. A true power bull, he was selected by Tennessee River Music as the pick of our 2025 spring ET calf crop. Sired by the popular Gunsmoke and backed by the infamous Snowshoe cow family that has made a tremendous impact in our program, Dodge City combines proven genetics with an impressive phenotype. He ranks in the top 10% of the breed for 10 traits, adding another level of genetic value to an already impressive young sire.

- Selling 25 units in 5 straw packages.
- Non-Certificate
- Owned with Tennessee River Music

• Full Circle is quickly making a name for himself, with his first calf crop already turning heads and several sale features in this offering carrying his influence. Full Circle was the feature and high-selling bull in our 2025 Bull Sale, selected by Whispering Winds Farm in Missouri. We have been extremely impressed with the quality and consistency he is transmitting, adding look, power, and overall quality to his progeny.

• Selling 25 Sexed Female units in 5 straw packages

• Homozygous Polled

• Certificates \$75

• Owned with Whispering Winds Farm

- Smoking Gun was the high-selling bull in the 2026 /W Bull Sale, commanding \$17,500 to Lambert Ranch in California. A powerfully constructed Homozygous Polled son of Gunsmoke, he is backed by a beautiful-uttered Anodyne daughter that brings tremendous maternal strength to the equation. Smoking Gun offers a rare combination of power, phenotype, and maternal quality.
- Selling 25 units in 5 straw packages
- Homozygous Polled
- Certificates \$75
- Owned with: Lambert Ranch
