SALE TERMS & CONDITIONS

Terms of the sale are cash unless prior arrangements have been made. When making settlement, please leave specific instructions in writing regarding transfer and delivery. Each animal will be sold to the highest bidder. The auctioneer will settle any disputes regarding bids, and decisions on such matters will be final. Each animal becomes the purchaser's risk as soon as it is sold and will be turned over to the purchaser as soon as practicable after settlement. All announcements made from the auction block on sale day will take precedence over statements printed in this catalog.

GUARANTEE

All cattle are guaranteed to be breeders. Should an adjustment become necessary, it will be made with either a replacement animal of equal value or credit toward the purchase of another animal.

RETAINED FLUSH RIGHT

We retain the right to one flush on every female selling in the auction.

GENETIC ABNORMALITIES

DNA testing has been utilized throughout our breeding program to identify known genetic abnormalities. Any animal identified as a carrier or affected by a recognized genetic condition will be designated in the catalog or announced from the auction block. Animals not identified as carriers are believed to be free of known testable genetic abnormalities based on available DNA results and pedigree information. No warranty is made regarding genetic conditions not currently recognized or testable by the breed associations. Buyers are encouraged to review available DNA information before bidding.

BREEDING INFORMATION

Current breeding and expected calving dates are provided throughout the catalog. Any updates will be announced sale day.

DELIVERY & ANIMAL CARE

We will precondition and wean heifers prior to shipment. Buyers are responsible for shipping expenses. We will gladly assist in coordinating shipping whenever possible to combine loads. Cattle will be cared for following the sale for a reasonable period while delivery or pickup arrangements are made. Buyers must insure their purchases while they remain in our care.

SHOW PROGRAM

Buyers have the option of leaving females with us to be exhibited at the national shows. The cost of exhibiting a heifer at Reno is \$1,500. The cost of exhibiting a heifer at Oklahoma City, Denver, or Fort Worth is \$1,800 per show. These fees include entries, show preparation, and related show expenses. An additional \$8 per day feed charge will apply while the heifer remains at the ranch beginning November 1, 2026. The buyer will take possession following the respective show and will be responsible for arranging transportation. Any banners, ribbons, or hardware earned will belong to the buyer.

HALF INTEREST TERMS

The buyer will own a one-half interest in the female. If the female is shown, show expenses will be shared equally (50/50). Colyer Herefords & Angus will retain possession of the female during her show career, maintain and breed her, and cover all maintenance costs following her show career. When embryos are produced, one-half will be transferred to the buyer. The buyer will pay their portion of flush expenses when embryos are shipped. Alternatively, we and the buyer may alternate flushes, with the goal of providing an equal number of embryos to each party. If the buyer prefers to flush the female at their own facility, and we agree, they may take possession of the female. In that event, we will receive one-half of the embryos produced or may alternate flushes with the buyer.

LIABILITY

Everyone attending this sale does so at their own risk. Neither the owners nor their employees assume any legal liability for accidents that may occur.

ABSENTEE BIDDING

If you are unable to attend the sale but wish to participate, absentee and phone bids are welcome. Phone bids are handled with satisfaction guaranteed. We understand the demands of busy schedules and the expense of travel. Please contact Guy, Kyle, or any of the sale representatives listed to place a bid.

Real time online bidding will be available with LIVEAUCTIONS.TV

25th ANNUAL FALL FEMALE SALE

WELCOME C THE DIFFERENCE

After 25 years, it's fascinating to look back on how our fall female sales have developed. We started with the very first internet sale, featuring just a few open Hereford heifer calves. Each subsequent year, we expanded by adding more lots, including bred heifers. A recent visitor remarked, "This female sale truly has something for everyone." We wholeheartedly agree!

We feel we have the largest set of show heifer prospects ever offered. There are also heifer calves that will make awesome cows. The bred heifers are always a highlight of the sale, as every heifer that conceives on first service with a heifer pregnancy sells. We had a 78% first-service conception rate on the Hereford heifers, which means a larger group was offered this year. The cow-calf splits always seem to be where the bargains are. Be sure to study the possibilities here.

The Angus section of the sale continues to expand in both quality and quantity, featuring several top show prospects. Donor prospects and elite cow lines are well represented throughout the offering.

We have had an exciting summer here at the ranch. It started with an expansion of the sale barn. We were honored to be selected as the Seedstock Producer of the Year by the Beef Improvement Federation and hosted a tour stop during those meetings. The real highlight was hosting the NJHA Faces of Leadership. Having 100-plus young Hereford enthusiasts at the ranch was very rewarding.

We invite you to the ranch to inspect the offering. Please note that the pictures and videos were taken in the heat of July. They really come on as the weather cools in early fall. We offer free delivery to central points throughout the US.

Guy + Sherry Kyle, Piper + Cruz Katie + Tige

Lot 1A HALF EMBRYO INTEREST

A maternal sister to herd sire Cuda Belle, this proven donor has already produced two herd sire prospects. She combines exceptional phenotype and power with a balanced genetic profile that offers tremendous mating flexibility.

Lot 02 HALF EMBRYO INTEREST Open

Originally, 6212 was selected to lead off the pair division alongside her outstanding dam, EXR BAILEES MCKEE 3244 ET. Tragically, shortly after pictures were taken, we unexpectedly lost 3244, cutting short the promising donor career of one of the most exciting young females in our program. She had quickly become a favorite among visitors who toured during the BIF Convention this summer.

While losing 3244 was a tremendous disappointment, 6212 now stands as one of the featured individuals in this offering. We believe she is our top horned show prospect, combining an elegant front end, a long, extended neck, high head carriage, and tremendous presence. Boldribbed, deep-bodied, square-hipped, and flawless in her structure, she offers the kind of phenotype that is increasingly difficult to find.

We have tremendous confidence that 6212 has an exciting future in both the show ring and the donor pen.

• • • selling 1/2 embryo interest with no possession • • •

Cruz will campaign her as a bred & owned show heifer before embryo production is shared equally with the new owner.

There are certain matings you look forward to from the day they're made, and this was one of them. As the first daughters by Lifetime to sell, these three full sisters have only increased our excitement about his future. They are powerful, stout-made females with an unmistakable look, plenty of shape and dimension, and the kind of quality that can compete in the show ring today and make influential cows tomorrow. We believe Lifetime has an incredibly bright future, and we couldn't ask for a better group of daughters to introduce him.

FEW FEMALES IN THIS OFFERING OFFER MORE DONOR POTENTIAL THAN LOT 6. She is a daughter of the dam of Charlie Kirk, our \$310,000 Denver sale feature, giving her the kind of proven maternal backing that's difficult to find. With her unique combination of pedigree, phenotype, and proven cow family, we believe she has all the tools to become an elite donor and leave a lasting impact on any breeding program.

The Stimulus mating really clicked on this female. Deep-ribbed, smooth-made, and striking in her design, she combines an attractive front end with extra body and a rich dark red color that makes her easy to find in the pen.

While she certainly has the look to compete, this On Demand daughter may be the most maternally designed sister of the group. With her added body, brood cow look, and proven pedigree, we believe she has every opportunity to follow in 0226's footsteps as a future donor.

The first daughters to sell by Hennessy, the anchor bull of our 2025 Denver Champion Pen of Three. His untimely loss left only a limited number of daughters, making opportunities like this incredibly rare. We believe these females are a testament to the quality and potential he was destined to leave behind.

The only horned sister of the group. Don't let her current condition fool you. Raised by a poor recipient, she's simply behind where we'd like her to be today. What she does have is an exceptionally attractive front end, a long, clean neck, and the kind of quality that can't be manufactured. With time and good management, we believe she has the potential to become one of the sleepers of the sale and an outstanding value for a buyer willing to look ahead.

The first ET daughter to sell from Cruz's successful bred-and-owned show heifer. Her dam was admired for her structural correctness, balance, and flawless hip and hind leg, and we believe this daughter carries those same strengths while adding extra muscle shape and a beautiful front end. Level-designed, exceptionally sound, and elegant through her front third, she has all the pieces to be one of the feature show heifer prospects in this year's offering.

This flush offers three unique opportunities from the same proven mating. One combines the look and presence to compete in the show ring, another offers tremendous style and eye appeal, while the third is the kind of maternally designed female we believe will make an exceptional cow. Together, they showcase the consistency and versatility we hoped for when this mating was planned.

106	1.30	1.40	81	0.025	0.83	-0.03	263	334	119

This female offers the best of both worlds. Attractive enough to be competitive in the show ring while possessing the maternal design and functionality to become an exceptional breeding female. We believe her greatest value won't be measured solely by the banners she wins, but by the daughters she leaves behind.

[Lot 18] C SDL 15M CANDY 6141 ET

If your goal is the backdrop, this female deserves your attention. Built with the balance, presence, and style to compete at the highest level, she also represents a rare genetic opportunity. With very few embryos produced from her donor dam, owned in partnership with Allen's in Texas, opportunities like this don't come around often.

Some cows simply fit your breeding program so well that you wish you could build a herd around them. That's exactly how we feel about her dam, Lot 1B. Freckle-faced, perfectly marked, and loaded with maternal quality, she's one of our leading young donors and the kind of cow we've often said we'd like to replicate by the hundreds. This Lifetime daughter has all the ingredients to carry that vision forward.

We couldn't think of a better female to lead off our pair offering. Stout, attractive, with a near-perfect udder, she combines the kind of phenotype every breeder appreciates with the maternal function that keeps a cow in the herd for years. Add in a balanced genetic profile, and she's the kind of female that gives you tremendous mating flexibility and the opportunity to raise outstanding replacement females and competitive show cattle.

OPEN AND READY TO FLUSH

This donor checks all the boxes. Exceptionally attractive, clean-fronted, with a beautiful udder, she has the look and maternal quality to consistently produce elite show heifer prospects. Just as importantly, she has proven to be an outstanding embryo producer, generating exceptional numbers through her first three flushes. We believe her best days are still ahead.

Cow families like this are the foundation of a successful breeding program. A direct daughter of influential donor 4264, one of our best-producing Miles daughters, she offers the consistency and predictability of a proven maternal line. Her outstanding CHB and excellent balance of calving ease and performance make her an exciting opportunity for long-term genetic progress.

Some cattle mean more because of the people behind them. Purchased from our good friend Dimitri's Iron Lake Ranch dispersion, this donor allows us to carry forward a small part of the breeding program he built. Still productive and impressive for her age, she remains a dependable donor reflecting the longevity and quality Dimitri valued so highly.

HC DUE 1/10/27 BY C OVERTIME 5020 ET
Powerful, attractive, and exceptionally well marked, she has all the pieces of a true sale feature. Her pedigree is anchored by our two most influential 88X daughters, 2052 and Notice Me 1311, whose influence has helped define the Colyer Herefords breeding program. As the foundation of the Blair cow family, 2052 established one of the most productive maternal lines we've ever developed, while Notice Me 1311 has continued that tradition as one of our premier donors. Add in an outstanding EPD profile, and you have a female with unlimited potential.
IT'S HARD TO BUILD ONE MUCH BETTER THAN THIS!

THE KIND WHO MOVES A PROGRAM FORWARD...

Moderate-framed, deep-bodied, and carrying the unmistakable look of a great cow, 5021 is a mirror image of her dam, 8300, a proven producer. A member of the renowned Blair cow family and a ¼ sister to Blair 3005, dam of Charlie Kirk, she offers a proven maternal pedigree that is difficult to duplicate.

One of the few Sherman daughters offered, 4346 is an exciting opportunity. His early progeny are quickly earning a reputation for exceptional udder quality, and 4346 combines that maternal strength with a deep-bodied, cowy build and sound, functional structure. Backed by the proven Bailee cow family, she has all the ingredients to become a productive, long-lasting cow.

HC DUE 1/9/27 BY HOFFMAN RICHMOND ET

When a bull consistently leaves outstanding daughters, you find reasons to use him again. That's exactly what happened with Black Hawk Down. His ability to sire productive, functional females led us to breed heifers back to him, and this well-marked female is another example of the kind of cattle he leaves behind.

HC DUE 1/11/27 BY C REIGN MAKER 3210 ET

Moderate-framed, cowy, with exceptional disposition, 5124 has the practical phenotype that's always in demand. Her balanced genetic profile is highlighted by strong maternal value and carcass merit. Carrying a Reign Maker heifer, here's an opportunity to add two generations of proven genetics to your herd.

HC DUE 1/9/27 BY C REIGN MAKER 3210 ET
This easy-fleshing, moderate-framed female is among the first Legion daughters offered. We're especially excited to calve his daughters this spring, as we believe they have all the ingredients to become a very productive group of young cows. This female is an excellent representation of his exciting first calf crop.

An exceptional combination of genotype and phenotype, Marvel is the newest outcross sire to enter our program. Homozygous Polled, he has six traits in the top 5% of the breed and is just shy of 1.0 on his Marbling EPD. Combine this with his exceptional phenotype, and you're looking at a game-changing herd sire!

A Red Thunder son and grandson of the great cow 7098, Lifetime combines exceptional phenotype with curve-bending carcass genetics. Bred by Cache in Utah, he was named Grand Polled Bull in Reno and traces to Rod's Priscilla cow family. Homozygous Polled and out of a first-calf heifer, this exciting outcross sire has a big future.

Patton might just be the next great one for the Colyer program! He was the lead bull in the 2025 NWSS Grand Champion Pen of Bulls, and he is a maternal brother to the great Key West! Considered by many to be one of the top Sherman sons to date, 4196 is Homozygous Polled and possesses an EPD profile with 11 traits in the top 20% and six traits in the top 10% of the breed.
