WELCOME ...

The Ron & Shaunna Melancon Family

Dear Cattlemen and Women,

To begin, we would like to thank you for your continued interest in and support of our program. We would like to invite you to our 2026 Top Cut Bull & Female Sale. We continually strive to bring the best cattle we have bred and raised to you. We feel this set of cattle will exceed all expectations. They are bred to perform at top levels to meet the industry's needs.

The offering of Hereford, Angus and Ultrablack bulls are second to none. We also have an elite mix of fall Hereford pairs and heavy breds, spring bred Hereford cows, fall open Hereford heifers, and as always, those highly sought after F1 and quarter blood females. We have some as pairs and some that are bred. This is a great opportunity to purchase cattle from the heart of our herd that you can use to progress your program. The cattle consist of a heavy embryo transfer and AI program, as well as natural bred animals.

All registered lots have been genomically tested, all data reported and parentage is confirmed. We pride ourself on having as much information available to you as possible. I would ask that you study and use all information we have gathered in making your decisions. Look at your individual programs to determine what improvements you need.

2026 has been an exciting year in the cattle business. The calf market has been high and the demand for quality is still present.

We are humbled when we get a call from a customer saying how well their bull or heifers have done for them. We feel developing our cattle in pastures, with minimal supplemental feed, leads to a more optimal long-term animal. A slower rate of gain and growth lets their bodies develop naturally, ensuring they stay productive longer. Simply put, no lazy bodies. They know how to get out and be cattle. Our cattle will not be over conditioned. We believe proper body condition is essential to their overall health, reproductive performance and longevity.

The MG/4M crew will be available anytime for advice or if you have any questions. Our gates are always open and you are welcome to come by for a visit. God has given us a gift in the way we bred and manage these cattle and it's our duty to share it with you.

All the best
The Melancons

Reservations MUST be made by phone to Larry, 601-303-6496.

TERMS & CONDITIONS

1. **TERMS:** Cash or check. Each animal to be sold to the highest bidder. All cattle are to be paid for immediately after the sale and will not be released until settlement has been made. Each animal will be at the purchaser's risk immediately after the animal is sold. Load out will take place following the sale.
2. **REGISTRATION CERTIFICATES** of the animals will be transferred to the buyer at the seller's expense. Each buyer must be sure to give the clerk his proper name and address for making transfers.
3. **EPDS:** The EPDs included were current as of October 6, 2026. The most current information can be viewed on www.hereford.org.
4. **ORDER BIDS:** Order bids may be handled by the owners or any of the sale staff. Please feel free to call.
5. **GUARANTEE:**
   - **Bulls** – All Bulls have passed a breeding soundness exam (BSE) and all are virgin bulls. Bulls over 18 months will be trich tested negative as required for health papers. Non-virgin bulls will be noted.
   - **Limited warranty:** if a bull needs to be replaced, a bull will be substituted or a credit purchase price less salvage value of the bull will be applied toward a future purchase in our sales.
   - **Bulls must be managed** in a sound management program, vaccinated, wormed as needed and also run in a good pasture for a breeding season of a 60 to 120 days with appropriate number of females for age of bull. Rest and Recovery between seasons and must maintain a body condition score of 5 to meet our guarantee.
6. **LIABILITY:** All persons who attend the sale do so at their own risk and the owners and sale manager assume no liability, legal or otherwise, for any accidents that may occur.
7. **ANNOUNCEMENTS:** Announcements made sale day by owners or staff and supplement sheets sale day will take precedence over sale catalog.

- Selling Full Possession. Retaining ½ semen interest.
- 5151 will have a lot of friends come sale day and it's easy to see why. Not only is he phenotypically close to perfect, but he is backed by an even better pedigree!!! This a great opportunity to get in on this herd sire, with his growth, scrotal, sustained cow, udder and teat indexes, he will improve any herd.
- 5151 is sired by Generator 0333 who has over 500 registered progeny. He was the high seller in Express Ranches sale for $55,000. His dam, 8238, is leaving her mark in our herd through her son 471, who we retain half interest in. We are eager to see his offspring.
- No matter the direction you decide to go in your herd, 5151 will be a great addition.
- 5151 ratioed a 106 for YW. His dam 8238 has 4 at 105.3 for WW, 4 at 100.5 for YW, and also has 5 daughters with a milking ratio of 103.6.

• Here are 2 show stoppers! Their sire Arsenal 00161 needs no introduction, having over 200 registered progeny. He was raised and sold by /Shaw Cattle and is now owned in partnership with Blackwater Cattle Co. and Predestined Cattle. These 2 half brothers are carbon copies of each other … Soggy bellied, big footed, packed with power and flat good! Take your pick!

• Heifer Safe.
• Double red eyed, short marked and dark cherry red … just what the customers want!
• 5165 is out of a first calf heifer and she sure did her job! This Endorsement son is one of the firsts for us, but we will be calling back on him in the future.
• Durable in his build, stout with a good look from the side are just a few things we love about this bull.
• 5165 ratioed 103 for WW.

• 2079 is one of those herd sires that needs no introduction. He has lived up to and surpassed industry standards when it comes to his offspring, just study his EPD profile. In the past few sales, his sons have soared to the top for being big boned, long bodied, packed with tons of true genuine shape. He is also incredibly sound built with an awesome herd bull image. Not only are his sons incredible but his daughters are as well!! His first set of daughters calved out easy, with lots of milk and bred back quickly. We are ecstatic to see how they continue performing. 2079 has sired 120 registered calves for us ratioing them at 103 for WW & YW. Production and functionality are our focus.

- Homo Polled.
- Heifer Safe.
- Selling ½ possession & ½ semen interest.
- 5195 is a complete package!
- An exceptional individual that combines tremendous phenotype, added bone, body and power in an eye-appealing package. He is conservatively marked with extra pigment. His structure is second to none with excellent feet and legs. This is the kind of bull that brings together the quality, functionality and performance cattlemen demand. We believe 5195 will sire calves with added value!
- The maternal strength behind this bull is equally impressive. When we purchased his dam from Morning Glory Farms we had lofty expectations, and she has exceeded them. Her first bull calf commanded $11,000 in our 2025 fall sale. 5195 is her second calf and we just weaned another outstanding son, further demonstrating her consistency as a producer.
- 7H is a beautiful, striking female with an impressive production record. She boasts a WW ratio of 2 @ 112.5 and YW of 2 @ 112. Her ability to consistently produce quality offspring speaks for itself, and we have every confidence in her future as she enters our donor program.
- The influence of 022 only adds to the strength of his pedigree. He has proven his value through his offspring, following in the footsteps of his highly productive dam. In our 2025 fall sale, the 022 sired bulls were the high selling sire group, further demonstrating the value of these genetics.

• These seven half-brothers are unvarying in their type, kind and build; Big boned, durable, and overwhelming when it comes to true genuine herd bull power. When we purchased 022 from Morning Glory Farms, again we were ecstatic about the females he would produce. He took our cow herd to another level. These bulls will be easy to find in the pens and are standouts on paper! Whether you are looking to advance your registered herd, or put these brothers on some commercial cows, they are sure to perform and succeed with indexes like BMI & BII being in the Top 15%.

• When we purchased 221, all we had in mind was how incredible the daughters would be and how well he would cross on our horned cow base. Little did we know his bulls were growing vigorously and were demanding our attention when we saw them alongside the cow. These 221 sons are dark red, consistent in their markings and packed with power.

• Here is a 6037 son that is awfully impressive for being off a first calf heifer, that goes back to no other than 021 on the dams side.
• 5176 ratioed 107 for WW and 105 for YW!!! He's horned, long sided, big boned and powerful.
• No matter the objectives of your operation, 5176 comes with the longevity to keep heifers out of, or pound the scales with quality carcass.

• Dealer unfortunately no longer walks the green pastures here at the farm, but plenty of his offspring still does and there is a reason. His daughters are some of the top producing females in our herd. They are stout and broody made females, with nice udders and lots of milk. 666 has 22 daughters with 54 calves that have a recorded milking ratio of 100.3. These females cross exceptionally with our horned genetics. These four half-brothers all stem from horned cows and 666 as their sire. Take a close look because they are all extremely uniform and alike in type and kind. Get ready to go all in on these dealer sons.

- Homo Polled.
- Here is a double red eyed, dark red bull that goes back to one of our top producing cows 7155 and is sired by 8474. He was bred by Upstream Ranch and is now owned by Walker Herefords and Jernigan Farms.
- 5150's dam is also the dam of our herd sire, 190.
- 5150 is in the Top 15% for many important traits like SCF, UDDR, TEAT, CW, BMI, BII and CHB.

• These are 2 of the first 190 sons to sell, and they sure don't disappoint! 190's dam has been in our herd since 2017 and has truly produced some incredible offspring to build upon. He goes back to the famous Encore Z311 that has certainly left his mark in this breed, and one of our original donors R34 that helped kick off our cow base.

• There are certain matings you look forward to from the day they are produced, and this is one of them!! When we
purchased 799 from our friends at Walker Herefords, we were instantly ecstatic to flush her and see her progeny for
ourselves on the farm.
• 799 is sired by the famous 215Z and has produced herd bulls for Morris Hereford Farm and Skrivanek Ranch. Walker
has retained 5 daughters and 3 of them are donors. Dry Creek Farms has a daughter of 799 that has sold over $200k in
progeny.

- Lots 103 & 104 are Homo Polled
- We are going to offer pick of these females because opportunities like this don't come around often. 616 and 617 are elite from every angle and check all the boxes. When we purchased 7320E from TRM we knew she was going to help improve our program. 7320E is a maternal sister to the famous Mandate 66589, by dam 0158X who is still doing great things in Shaw's herd with 110 registered progeny. 7320E had a full brother also top Shaw's bull sale in 2017 that sold to Delaney/Atkins and left his mark in the Dakotas.
- Now 616 and 617 are sired by the new and popular Character 178J who is leaving a lasting impression in the breed. When we flushed 7320E this way, we were hoping for awesome females and rugged stout herd bulls and she certainly delivered.
- These 2 homo-polled sisters are extremely feminine fronted, while blowing open a huge rib shape that goes back into a balanced underline with perfect teats structure. Catch these females from a ¾ view and they are built stout and durable just like their dam. Don't miss out on a great opportunity to own a 7320E daughter.

• 6113 is a true herd starter. She is sired by 884483 who has a milking ratio of 104.8 with 15 daughters in production. Her dam was purchased from 7 Oaks and goes back to big names like Perfecto 11B and Gerber Anodyne 001A.
• 6113 is near perfect when you study her phenotype, combine that with her pedigree and EPDs … she is a true showstopper. It is special when you raise females like this, become part of her legacy. 6113 ratioed 106 for WW and her dam has 2 at 108 for WW and 1 at 108 for YW.

• Homo Polled.
• We have offered some 192 daughters in the past and they have been well received. You'll love this one!!! 644 goes back to a corner stone female in our herd, 948.
• 948 has 2 daughters in production with a milking ratio of 104.2. Not to mention, she has 1090 on the sire side that has 5 daughters with 13 calves ratioing 102.5!!!

• We have offered a few 221 daughters in the past and they have been well liked by our customers. Here is another one that just demands your attention! 6122's dam is one of the many 294 daughters that flat out gets the job done year after year.
• 941ET had 6 @ 104.5 for WW and has 2 daughters in production for us that have milking ratios of 107.7 … WOW!! We are committed to offering you our best and 6122 is one of those.

• This high-quality heifer is sired by 2237 and backed by 88483 on the dam's side. 693 is big boned, stout pinned and built with all the maternal cow power you could ask for in a fall yearling.
• She is a perfect image of the kind of females we love to raise and offer to our customers. 693 ratioed 104 at WW and her dam has 2 at 105 for YW.

• If you are looking for true cow power with a phenomenal profile, look no further!!! Big ribbed, bold bodied, and carrying plenty of shape, she is a tank with a look to set her apart! She is sired by our 9364 herd sire that exceeded our expectations and left a lasting impact on our cow herd.
• On the bottom side, 383 goes back to our 112E cow, which is a full sister to the popular 111E bull you can find in many of our pedigrees. 383 excels in many of her indexes, making her an outstanding choice for anyone.
• PE to WHR 762J 937J BEEFMAN 420L from 12/31/25 to 3/9/26
• Sells safe 8+ months.

• Another big-time donor prospect here! Joan was one of Rylie's show heifers her last year in 2023 and was a barn favorite for a while and it's easy to see why! This 6010 x 2014 combo produced a big broody female that's dark red, docile as they come, with a near perfect udder. She is quickly following in her mother's footsteps raising consistent, quality calves. Her dam has 3 recorded at 103.6 for YW.
• PE to 4M MR DOMINO 3116 from 12/31/25 to 3/9/26.
• Sells safe 8+ months.

High performing 207ET goes back to one of our original donors, 9141, that was purchased from Debter Herefords. Her sire 111E left his mark in our cow herd, producing functional, stout and good-looking females. If you like horned genetics, here is your chance to get one!
• PE to CLC 87G MAN POWER 876E 43J from 12/23/25 to 2/23/26.
• PE to MR Fontenot 922 (BRAHMAN) from 2/23/26 to 4/13/26.
• Calving date to determine sire. Sells safe 8 months.

• Good cattle start with good cow families and 231 has some of the best backing her. Double red eyed, big ribbed and stout are just a few lovable attributes 231 brings to the table. Her dam 830ET has been an awesome producer in our herd raising us 6 daughters, 3 which are still in our possession. In November 2025, we sold a half-sister to 231 for $5,500 to Dry Creek Farms. 294, as many of you know, was the defining turning point in our operation and grossed us over $150,000 in progeny, with 60 registered offspring.
• Calved on 9/19/26 with a CLC 87G MAN POWER 876E 43J heifer calf.

• Some cows simply fit the mold of a breeding program so well you should build your herd around them. That's how we feel about 1034J's dam 7320E.
• 7320E is a maternal sister to the famous Mandate 66589, by dam 0158X who is still doing great things in Shaw's herd with 110 registered progenies. 1034J's sire is none other than the popular advance 628ET, that has over 1,000 registered progeny and has thoroughly left his mark in the breed. Since we continue to use 7320E in our embryo program, we decided to offer her great daughter.
• 1034J, a lot like her mother, has all the true cow power, dimension and attractiveness to make her the kind that's hard to fault and easy to admire. We are excited to offer this female knowing we have a remarkable daughter to carry on her legacy. Start your foundation with her or improve your existing herd.
• Calved on 9/19/26 with a CL 1 DOMINO 0186H heifer calf.

• When it was first brought up about putting 900H in the sale, Rylie was fairly unsure about it. She is the big boned broody kind of cow that we all love to see in our pastures. With heavy consideration, and seeing we have a daughter in our herd, we made the move to offer her. 900H is the kind of female that's low input and out produces herself year after year.
• 900H has recorded 2 at 104.5 for WW and 1 at 108 for YW.
• Calved on 9/16/26 with a WALKER KRM DEALER X51 140 666D bull calf.

• Here is a female with an impressive pedigree that needs no introduction! 208 is sired by the popular Mandate 66589 crossed on one of Shaw's famous donors, 5139. 5139 is a 3rd generation donor. Her dam 8006 and grand dam 424 leave a legacy in Shaw's cow herd. We sold a full sister to 208 in the 7 Oaks sale last year to Double R in GA. 208 also has a full brother, /S TRM Mandatory 88573, that was a high seller and is now in TRM's bull battery. 208ET has a great maternal look, milks heavy, and is ready to go to work in your herd.
• PE to 4M MR Trusty Man 719T 192 from 3/16/26 to 4/29/26
• Sells safe 8 months.
